Once you are signed on you will receive a welcome email and package with instructions on setting up access to your accounts and instructions on gathering and submitting all the information needed for us to get started. You will also get started with your Learning Style Assessment which we will discuss in our first meeting together.

We will discuss course selection for your academic year (if prior to senior year). Bowdre Consulting will help guide you through decisions about course rigor, selecting curriculums (IB, AP), and determining class selection based on GPA weighing (if applicable).

We will help brainstorm potential activities (both in school and outside of school) and how they might align with the student's strengths and interests to help continue to build your student's resume. Summer is a great time to build their resume. We brainstorm opportunities from work, to volunteer, to summer programs around the US and around the world.

We will review SAT/ACT testing review for the student.

Our team will cultivate a specific college list tailored to the student. From there, our team will introduce the student to their admission counselor at each college and/or university.

The student will take specialized assessments: personality, learning style, skills, and intelligences. This will help with their major/minor selection.

Bowdre Consulting will give you detailed next steps throughout your application process to include advice on recommendations, external recommendations, etc.

This package will help your student stay on top of all things regarding the college application process! We will send you webinars, articles, and newsletters to keep you informed of college insights.
