COMPANY OVERVIEW

Goldie Solutions provides facility management, commercial janitorial, and post-construction cleaning services for commercial, industrial, municipal, educational, and active construction environments. We support construction offices, operational facilities, public-use environments, and data center developments requiring responsive service execution, operational accountability, and scalable workforce support.

Goldie Solutions is also certified through the Georgia Business Certification Program as a Small Woman-Owned Business, expanding opportunities to support state agencies, municipalities, and prime contractors seeking certified diverse suppliers.
