

Turn The Paige Recovery House

Our Mission

We endeavour to fundamentally decrease the rate of relapse for women by:

- 1 providing a warm and welcoming home where they can feel cared for,
- 2 safeguarding them in a space where they can be vulnerable in their healing,
- 3 requiring accountability to keep them honest in their recovery plan,
- 4 delivering in-house support and structure with regular check-ins and group therapy,
- 5 giving them a safe environment where they can grow and heal in their recovery.

Core Values

Patient ~ Accountable ~ Involved ~ Guided ~ Empowered
