Re: Open Records Request Update

Date 7/6/2020 10:53 AM
From [REDACTED] on behalf of Phillip David Haskett
Actionable/To amiller@slmud.org
FYI/CC [REDACTED]

Mr. Miller,

While your sudden interest in complying with the open records act is commendable, I can't help but notice that there are numerous open records requests still outstanding. Please advise which requests have been fulfilled, and which are still outstanding.
Regards,
Phillip David Haskett

Subject:RE: Open Records Request Update

Good morning gentlemen!

Just wanted to follow up on this as I've not yet received details regarding when you would like to inspect the records that have been available since June 19th. Pursuant to Texas Government Code 552.225, if we do not receive communication from you by this Wednesday, your request will be considered withdrawn.

I have no doubt the AG notified you that I had filed a complaint. Whether that occurred in ten days or not is of little import, particularly since YOU had already taken several weeks to advise me that you would be requesting a payment. Frankly, I am disappointed that you continue to obstruct my efforts to obtain sufficient information to understand what has been going on there at the WCID for several years, and when I take a seat on the board your obstructionism will not be forgotten. Mr. Jetelina will review the records at his convenience, and not according to an arbitrary schedule set by you.

Regards,
Phillip David Haskett

Mr. Haskett:

If you review my cost estimate letter provided on May 11th for your 2/26/20 request, the ending of the letter states:

Your request will be considered automatically withdrawn if you do not notify us in writing within ten business days from the date of this letter that you either:

1. (a) accept the charges;
2. (b) wish to modify your request; OR
3. (c) have sent to the Open Records Division of the Office of the Attorney General a complaint alleging that you are being overcharged for the information you have requested.

We were not notified in writing within ten business days that you were lodging a complaint with the Attorney General alleging that you were being overcharged for the information requested, so your request was considered automatically withdrawn.

Your current information request dated 3/11/20 encompasses the same material (with some additional documents), so you still have opportunity to review the information originally encompassed in your 2/26/20 request. The records have been available for your review in my office since June 19th; Mr. Jetelina has rescheduled the inspection several times and I'm awaiting his most recent scheduling update to hopefully resolve this information request.

--

During these trying times, please remember to check in on your friends and family as best you can while engaging in safe social distancing in accordance with CDC guidelines.

Mr. Miller,

Since you seem to be under the impression that I withdrew my earlier open record complaint that you refused to allow me to scan, when in fact I timely filed a complaint with the Texas AG, I have made a screenshot of the complaint I just filed regarding THIS request, which you have also indicated you will not allow to be scan.

Although Mr. Jetelina will proceed to review these items on a date yet to be confirmed, you should consider this request to be open and pending until the AG or District Attorney has ordered you to allow scanning or you have provided a digital copy of them.

Good morning!

The documents are now ready for your in-person review. I have availability Monday, Wednesday, or Thursday of next week between 8 AM and 4 PM. While gathering and reviewing your requested documents, there were some necessary redactions. Pursuant to Texas Government Code Section 552.271 (b), there was a resulting cost of \$11.90; please bring cash or check made out to San Leon MUD to cover those charges.

Mr. Miller,

Since you decline to state who exactly you are communicating with at the Attorney General's office, and continue to refuse to explain why using a desktop scanner would be MORE disruptive of operations than my simply being in your office all day, please be prepared to explain these matters to the community at the board meeting on Wednesday.

And yes, I do intend to review these documents, and the other group of documents I previously requested to scan, in your office.

Please proceed with accumulating them and advise when they will be ready to inspect.

Regards,

Phillip David Haskett

Good morning Mr. Haskett!

As previously explained, a governing body has the authority to disallow the public from bringing in their own copying equipment in the event it would be disruptive to business operations. We are of the opinion that bringing in your equipment would be disruptive and are therefore not allowing it.

Given the scope of your request, it will still take time to gather the documents and review them for sensitive information. Please advise if you are still interested in pursuing in-person review of the documents so we can begin working on your request.

Mr. Miller,

I accept your offer to view these documents at your office, and can be available any day next week that is convenient.

In light of Mr. Jetelina's confirmation (during his recent inspection of documents related to Impact Waste) that there is plenty of space available on the table in your office where he viewed those documents, please be advised that I intend to scan any document I view using a Brother MFC 8890DW desktop scanner.

You signally failed to respond to my recent request that you explain how using a scanner would be any more intrusive than simply sitting at that desk looking at the documents.

Please confirm that you will permit me to scan these documents, or explain why you will not.
