Mr. Miller,

It has come to my attention that the MUD has engaged in illegal electioneering using public funds by creating, printing and mailing the attached document.

I have reports from several of my supporters that they received this document yesterday or today.

I demand that you forthwith provide me with a list of who this document was mailed to, and an itemization of all costs associated with its preparation and distribution for use as an exhibit in an action to invalidate the election I am preparing to file on Wednesday.

I also request that you confirm that you and/or your staff prepared and mailed this document with the knowledge of the board of directors, to include the incumbents currently standing for re-election, an affirmation which would negate the necessity to plead a master-servant relationship as an element.

I expect to receive this information no later than the close of business on Monday, November 2, 2020.

Regards,

**Phillip David Haskett, RPL**

**Subject:** Well our Water District did a mass mail out on Sept 19th

David,  
Well the "San Leon MUD Community Update" that one of the cronies posted on social media must have been something they got a hold of via the SL MUD office back door.

On September 29<sup>th</sup> the same document was mailed to me, arriving today.  
Probably mailed to EVERY water user in the District, addressing many of the issues that you have been raising.

My copy attached to this email as a PDF.
