Subject: 1438 24th Street

To Mr. Miller,

I'm writing this letter of intent as per your request to be put onto the board meeting agenda. Here are the details of what we hope to work alongside your office on:

We are looking to have 7 additional taps allocated and made available for a redevelopment on our property located on 1438 24th street. We have previously had 8 taps on this property so the infrastructure and appropriate pipelines are already in place for those. We are formally requesting to add only 7 more for a total of 15 (8 existing and 7 new). When we spoke on the phone you mentioned San Leon MUDs desire to continue growing and we hope to be a part of this long term plan. Please let me know if you have any questions and we look forward to hearing from you soon.

I.e: I have attached a site plan below as per request below.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
San Leon Municipal Utility District
Galveston County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of San Leon Municipal Utility District (the "District"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**SAN LEON MUNICIPAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019**

Management's discussion and analysis of San Leon Municipal Utility District's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2019. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes the District's assets, liabilities, and, if applicable, deferred inflows and outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

**SAN LEON MUNICIPAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019**

FUND FINANCIAL STATEMENTS (Continued)

The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explains the differences between the two presentations and assists in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). A budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets exceeded liabilities by \$5,400,749 as of June 30, 2019. A portion of the District's net position reflects its net investment in capital assets (water and wastewater facilities as well as vehicles and equipment less any debt used to acquire those assets that is still outstanding).

**SAN LEON MUNICIPAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019**

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of June 30, 2019, were \$4,614,490, a decrease of \$758,598 from the prior year.

The General Fund fund balance increased by \$822,585, primarily due to transfers from the Capital Projects Fund to reimburse for inflow and infiltration expenditures.

The Debt Service Fund fund balance decreased by \$114,416, primarily due to the structure of the District's debt service requirements.

The Capital Projects Fund fund balance decreased by \$1,466,767, primarily due to transfers to the General Fund and expenditures paid from bond proceeds received in a prior year.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors did not amend the budget during the current fiscal year. Actual revenues were \$141,506 lower than budgeted revenues, primarily due to lower than anticipated wastewater revenues, offset by higher than anticipated tap connection and inspection fees. Actual expenditures exceeded budgeted expenditures by \$123,792, primarily due to higher than anticipated repairs and maintenance and bad debt expense.

CAPITAL ASSETS

Capital assets as of June 30, 2019, total \$11,612,344 (net of accumulated depreciation) and include land, buildings, vehicles and equipment as well as the water and wastewater systems. Significant capital asset activity during the year included

Capital Assets At Year-End, Net of Accumulated Depreciation			
	2019	2018	Change Positive (Negative)
Capital Assets Not Being Depreciated:			
Land and Land Improvements	\$ 151,807	\$ 151,807	\$
Construction in Progress	491,660		491,660
Capital Assets, Net of Accumulated Depreciation:			
Buildings, Vehicles, and Equipment	274,433	341,355	(66,922)
Water System	5,391,779	5,561,816	(170,037)
Wastewater System	5,302,665	5,533,282	(230,617)
Total Net Capital Assets	\$ 11,612,344	\$ 11,588,260	\$ 24,084

**SAN LEON MUNICIPAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019**

LONG-TERM DEBT ACTIVITY

As of June 30, 2019, the District had total bond debt payable of \$11,065,000. The changes in the debt position of the District during the fiscal year ended June 30, 2019, are summarized as follows:

Bond Debt Payable, July 1, 2018	\$ 11,530,000
Less: Bond Principal Paid	<u>465,000</u>
Bond Debt Payable, June 30, 2019	<u>\$ 11,065,000</u>

The District's Series 2013 and 2017 bonds carry an insured rating of "AA" by virtue of bond insurance issued by Assured Guaranty Municipal Corporation and Municipal Assurance Corp., respectively. The District's underlying rating is "BBB+" (S&P) and "A3" (Moody's).

CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to San Leon Municipal Utility District, 443 24th Street, San Leon, Texas 77539.

**SAN LEON MUNICIPAL UTILITY DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2019**

Total Fund Balances - Governmental Funds \$ 4,614,490

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds. 11,612,344

Deferred inflows of resources related to property tax revenues and penalty and interest receivable on delinquent taxes for the 2018 and prior tax levies became part of recognized revenue in the governmental activities of the District. 297,382

Certain liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. These liabilities at year end consist of:

Accrued Interest Payable	\$ (119,208)	
Bonds Payable	(11,004,259)	<u>(11,123,467)</u>

Total Net Position - Governmental Activities \$ 5,400,749

**SAN LEON MUNICIPAL UTILITY DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO
THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2019**

Net Change in Fund Balances - Governmental Funds	\$ (758,598)
 Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	23,314
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(467,576)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	491,660
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.	465,000
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	7,942
Governmental funds report note principal payments as expenditures. However, in the Statement of Net Position, note principal payments are reported as decreases in long-term liabilities.	29,478
Change in Net Position - Governmental Activities	\$ (208,780)

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1. CREATION OF DISTRICT

San Leon Municipal Utility District, located in Galveston County, Texas, (the "District"), was created May 26, 1965, by House Bill 1082 Chapter 520, Acts of the 59th Legislature of the State of Texas. Pursuant to the provisions of Chapter 49 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, solid waste collections and disposal including recycling, and to construct parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on March 28, 1973, and the first bonds were sold on July 10, 1975.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Texas Commission on Environmental Quality (the "Commission").

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

The GASB Codification set forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers each to be a major fund.

General Fund - To account for resources not required to be accounted for in another fund, customer service revenues, operating costs and general expenditures.

Debt Service Fund - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Capital Projects Fund - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenues reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis.

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets which include property, plant, equipment, and infrastructure assets are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	<u>Years</u>
Buildings	40
Water System	10-45
Wastewater System	10-45
All Other Equipment	3-20

Budgeting

In compliance with governmental accounting principles, the Board of Directors annually adopts an unappropriated budget for the General Fund. The budget was not amended during the current fiscal year.

Pensions

Payments are made into the Social Security system for employees of the District. In addition, other retirement plan arrangements have been made as further described in Note 10. The Internal Revenue Service has determined that the directors are considered employees for federal payroll tax purposes only. Directors do not participate in the retirement plan.

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District does not have any nonspendable fund balances.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT

	<u>Refunding Series 2012</u>	<u>Series 2013</u>	<u>Series 2017</u>
Amounts Outstanding – June 30, 2019	\$ 1,775,000	\$ 6,380,000	\$ 2,910,000
Interest Rates	3.40%	3.00% - 4.25%	2.25% - 3.25%
Maturity Dates – Serially Beginning/Ending	September 1, 2019/2025	September 1, 2019/2033	September 1, 2019/2037
Interest Payment Dates	September 1/ March 1	September 1/ March 1	September 1/ March 1
Callable Dates	N/A	September 1, 2020*	September 1, 2024*

* On any date thereafter, at a price equal to the par value plus accrued interest from the most recent interest payment date to the date fixed for redemption. The Series 2017 term bonds maturing September 1, 2029, September 1, 2031, September 1, 2033, September 1, 2035 and September 1, 2037 are subject to mandatory redemption beginning September 1, 2028, September 1, 2030, September 1, 2032, September 1, 2034 and September 1, 2036, respectively.

The following is a summary of transactions regarding bonds payable for the year ended June 30, 2019:

	<u>July 1, 2018</u>	<u>Additions</u>	<u>Retirements</u>	<u>June 30, 2019</u>
Bonds Payable	\$ 11,530,000	\$	\$ 465,000	\$ 11,065,000
Unamortized Discounts	(152,983)		(10,329)	(142,654)
Unamortized Premiums	94,595		12,682	81,913
Bonds Payable, Net	<u>\$ 11,471,612</u>	<u>\$ -0-</u>	<u>\$ 467,353</u>	<u>\$ 11,004,259</u>
		Amount Due Within One Year		\$ 490,000
		Amount Due After One Year		<u>10,514,259</u>
		Bonds Payable, Net		<u>\$ 11,004,259</u>

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 3. LONG-TERM DEBT (Continued)

As of June 30, 2019, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal	Interest	Total
2020	\$ 490,000	\$ 348,762	\$ 838,762
2021	510,000	330,707	840,707
2022	530,000	313,075	843,075
2023	555,000	295,800	850,800
2024	575,000	277,810	852,810
2025-2029	3,300,000	1,101,544	4,401,544
2030-2034	4,245,000	508,606	4,753,606
2035-2038	860,000	57,009	917,009
	<u>\$ 11,065,000</u>	<u>\$ 3,233,313</u>	<u>\$ 14,298,313</u>

On May 4, 2019, the District voters authorized the issuance of \$39,840,000 in bonds for the purpose of construction and acquisition of water, sewer and drainage facilities and improvements. As of June 30, 2019, the District had authorized but unissued bonds in the amount of \$5,000,000. The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

Subsequent to year-end, the District anticipates closing on the sale of its Series 2019 Unlimited Tax Bonds in the amount of \$22,750,000. The District anticipates using the proceeds for the Wastewater Treatment Plant Expansion, 48" outfall line and to finance certain engineering and bond issuance costs. As of the date of this report, the bonds have not been sold.

During the year ended June 30, 2019, the District levied an ad valorem debt service tax rate of \$0.18 per \$100 of assessed valuation, which resulted in a tax levy of \$646,119 on the adjusted taxable valuation of \$358,607,212 for the 2018 tax year. The bond orders require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 8 for the maintenance tax levy.

The District's tax calendar is as follows:

- Levy Date - October 1 or as soon thereafter as practicable.
- Lien Date - January 1.
- Due Date - Upon receipt but not later than January 31.
- Delinquent Date - February 1, at which time the taxpayer is liable for penalty and interest.

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 4. SIGNIFICANT BOND ORDER AND LEGAL REQUIREMENTS
(Continued)

The bond orders state that the District is required to provide continuing disclosure of certain general financial information included in an annual audit to certain information repositories. The audit, which includes audited annual financial statements, is to be provided at the end of each fiscal year and shall continue to be provided through the life of the bonds.

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of Section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of each issue.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$1,465,777 and the bank balance was \$1,615,774. The District was not exposed to custodial credit risk at year-end.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at June 30, 2019, as listed below:

	Cash	Certificate of Deposit	Total
GENERAL FUND	\$ 776,950	\$ 212,827	\$ 989,777
DEBT SERVICE FUND	121,952		121,952
CAPITAL PROJECTS FUND	354,048		354,048
TOTAL DEPOSITS	<u>\$ 1,252,950</u>	<u>\$ 212,827</u>	<u>\$ 1,465,777</u>

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The State Comptroller of Public Accounts of the State of Texas has oversight of the pool. Federated Investors, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool measures its portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

The District invests in the Texas Short Term Asset Reserve Program ("TexSTAR"), an external public funds investment pool that is not SEC-registered. J. P. Morgan Investment Management Inc. provides investment management and FirstSouthwest, a Division of Hilltop Securities Inc., provides participant services and marketing under an agreement with the TexSTAR Board of Directors. Custodial, fund accounting and depository services are provided by JPMorgan Chase Bank, N.A. and/or its subsidiary J.P. Morgan Investors Services Co. Investments held by TexSTAR are marked to market daily. The investments are considered Level I investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from TexSTAR.

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Certificates of deposit are recorded at amortized cost. As of June 30, 2019, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities in Years			
		Less Than 1	1-5	6-10	More Than 10
<u>GENERAL FUND</u>					
TexPool	\$ 1,344,085	\$ 1,344,085	\$	\$	\$
Certificate of Deposit	212,827	212,827			
<u>DEBT SERVICE FUND</u>					
TexPool	1,075,891	1,075,891			
TexSTAR	255,222	255,222			
<u>CAPITAL PROJECTS FUND</u>					
TexSTAR	805,419	805,419			
TOTAL INVESTMENTS	\$3,693,444	\$ 3,693,444	\$ - 0 -	\$ - 0 -	\$ - 0 -

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At June 30, 2019, the District's investments in TexPool and TexSTAR were rated AAAM by Standard and Poor's. The District also manages credit risk by typically investing in certificates of deposit with balances below FDIC and NCUA coverages.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investments in TexPool and TexSTAR to have maturities of less than one year due to the fact the share positions can be redeemed each day at the discretion of the District. The District also manages interest rate risk by investing in certificates of deposit with maturities less than eighteen months.

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

NOTE 6. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters from which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 7. CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2019 is as follows:

	July 1, 2018	Increases	Decreases	June 30, 2019
Capital Assets Not Being Depreciated				
Land and Land Improvements	\$ 151,807	\$	\$	\$ 151,807
Construction in Progress		778,030	286,370	491,660
Total Capital Assets Not Being Depreciated	<u>\$ 151,807</u>	<u>\$ 778,030</u>	<u>\$ 286,370</u>	<u>\$ 643,467</u>
Capital Assets Subject to Depreciation				
Buildings, Vehicles, and Equipment	\$ 964,807	\$	\$	\$ 964,807
Water System	7,682,146			7,682,146
Wastewater System	10,327,949			10,327,949
Total Capital Assets Subject to Depreciation	<u>\$ 18,974,902</u>	<u>\$ - 0 -</u>	<u>\$ - 0 -</u>	<u>\$ 18,974,902</u>
Less Accumulated Depreciation				
Buildings, Vehicles, and Equipment	\$ 623,452	\$ 66,922	\$	\$ 690,374
Water System	2,120,330	170,037		2,290,367
Wastewater System	4,794,667	230,617		5,025,284
Total Accumulated Depreciation	<u>\$ 7,538,449</u>	<u>\$ 467,576</u>	<u>\$ - 0 -</u>	<u>\$ 8,006,025</u>
Total Depreciable Capital Assets, Net of Accumulated Depreciation	<u>\$ 11,436,453</u>	<u>\$ (467,576)</u>	<u>\$ - 0 -</u>	<u>\$ 10,968,877</u>
Total Capital Assets, Net of Accumulated Depreciation	<u>\$ 11,588,260</u>	<u>\$ 310,454</u>	<u>\$ 286,370</u>	<u>\$ 11,612,344</u>

NOTE 8. MAINTENANCE TAX

On August 14, 1999, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$0.30 per \$100 of assessed valuation of taxable property within the District. During the year ended June 30, 2019, the District levied an ad valorem maintenance tax rate of \$0.27 per \$100 of assessed valuation, which resulted in a tax levy of \$969,178 on the adjusted taxable valuation of \$358,607,212 for the 2018 tax year. The maintenance tax is to be used by the General Fund to pay expenditures of operating the District's water and sewer system.

NOTE 9. SURFACE WATER SUPPLY CONTRACT

On May 13, 1985, the District executed an agreement with the Galveston County Water Authority, presently known as the Gulf Coast Water Authority (the "Authority"). This agreement has been subsequently amended. The contract allows the Authority to acquire, construct and operate a water treatment plant and related water supply system in order to provide potable water to its customers. Charges to the District include its allocation of raw water charges, capital charges and operating and maintenance charges. During the current fiscal year, the District recorded \$514,338 in water costs attributable to this contract. The term of this agreement was extended through December 31, 2027.

SAN LEON MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 10. RETIREMENT PLAN

On March 1, 1997, the District implemented a Simple Individual Retirement Account (IRA) to benefit the employees of the District. This retirement plan calls for the District to match up to 3% of each employee's contribution based on employee gross wages. The accounts are set up in each participating employee's name and are the property of the named employee. During the current year, the District's share of cost associated with this plan was \$17,100.

NOTE 11. STREET LIGHTING

On April 23, 1997, the Texas Legislature passed a bill which allows the District, with voter approval, to install, operate and maintain street lighting. The District can assess the cost of installation, operating and maintaining the street lighting as an additional charge on the monthly billings of the District's customers. In November 1999, the voters of the District approved street lighting for the District. The current street lighting charge is \$3.95 per month per customer. During the current year, the District recorded \$124,587 in revenues and \$73,372 in costs related to street lighting.

NOTE 12. FIRE PREVENTION SERVICES

On August 10, 1982 the District entered into a Fire Prevention Service Agreement with San Leon Volunteer Fire Department. This agreement was amended in 1998, 2006, 2009 and 2011. Effective March 22, 2011, the District began billing a mandatory fee of \$8.00 per month per customer for fire prevention services. During the current fiscal year, the District received \$264,318 in fire prevention service revenues.

NOTE 13. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

As of June 30, 2019, the General Fund recorded a payable in the amount of \$192,330 to the Debt Service Fund for debt service tax collections and a payable in the amount of \$497 to the Capital Projects Fund for expenditures related to a previous bond issue. During the current fiscal year, the Capital Project Fund also transferred \$731,483 to reimburse the General Fund for inflow and infiltration expenditures paid in a prior year.

NOTE 15. NOTES PAYABLE

In a prior year, the District entered into a 36-month Equipment Financing Agreement with CNH Industrial Capital America LLC to finance a Case CX31B Compact Excavator. The monthly payments were \$1,723 with interest accruing at 5.85% annually on the unpaid balance. This note was paid in full in the current fiscal year.

On October 4, 2016, the District entered into a 36-month Equipment Financing Agreement with CNH Industrial Capital America LLC to finance a Case CX36B Compact Excavator. The monthly payments were \$968 with interest accruing at 1.90% annually on the unpaid balance. This note was paid in full in the current fiscal year.

Water District Rollback Tax Rate Worksheet

Date: 07/29/2019 02:38 PM

San Leon MUD

Water District Name

Phone (area code and number)

Water District's Address, City, State, ZIP Code

Water District's Website Address

GENERAL INFORMATION: Water Code Section 49.001 defines a water district as any district or authority created by Texas Constitution, Article XVI, Section 59 or Article III, Sections 52(b)(1) and (2), but does not include:

- any navigation district or port authority created under general or special law or any conservation and reclamation district created by Chapter 62, Acts of the 52nd Legislature, 1951 (Article 8280-141, Vernon's Texas Civil Statutes), or
- any conservation and reclamation district governed by Water Code Chapter 36 unless a special law creating the district or amending the law creating the district states that Water Code Chapter 49 applies to that district.

Water Code Sections 49.107(g) and 49.108(f) provide that Tax Code Sections 26.04, 26.05 and 26.07 do not apply to taxing units created under Water Code Section 49.001 that levy and collect taxes under Water Code Sections 49.107 and 49.108. Water districts must follow Water Code Section 49.236, requiring a public hearing on a proposed tax rate and publishing a special hearing notice.

This worksheet is provided to assist water districts in determining their rollback tax rate. The information provided in this worksheet is offered as technical assistance and not legal advice. Water districts should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: Rollback Tax Rate

The rollback tax rate is the highest rate the water district may adopt without authorizing qualified voters to petition for a rollback election. The rollback rate is the current year's debt service and contract tax rates, plus the maintenance and operation (M&O) rate that would impose no more than 1.08 times the amount of M&O tax imposed by the water district in the preceding year on the average appraised value of a residence homestead in the water district. The average appraised value disregards any homestead exemption available only to people with disabilities or those age 65 or older.

Activity	Amount/Rate
1. 2018 average appraised value of residence homestead.	2018 \$140,697
2. 2018 general exemptions available for the average homestead (excluding age 65 or older or disabled persons exemptions).	\$14,070
3. 2018 average taxable value of residence homestead (Line 1 minus Line 2).	After Hs 2018 \$126,627
4. 2018 adopted M&O tax rate (per \$100 of value).	\$0.270000/\$100
5. 2018 M&O tax on average residence homestead (Multiply Line 3 by Line 4, divide by \$100).	\$341.89
6. Highest M&O tax on average residence homestead with increase (Multiply Line 5 by 1.08).	\$369.24
7. 2019 average appraised value of residence homestead.	2019 \$150,884
8. 2019 general exemptions available for the average homestead (Excluding age 65 or older or disabled persons exemptions).	\$15,088
9. 2019 average taxable value of residence homestead (Line 7 minus Line 8).	After Hs 2019 \$135,796
10. Highest 2019 M&O Tax Rate (Line 6 divided by Line 9, multiply by \$100).	\$0.271907/\$100
11. 2019 Debt Tax Rate.	\$0.546121/\$100
12. 2019 Contract Tax Rate.	\$0.000000/\$100
13. 2019 Rollback Tax Rate (Add Lines 10, 11, and 12). This is the highest rate that the water district may adopt without authorizing voters to petition for a rollback election.	\$0.818028/\$100

SECTION 2: Taxing Unit Representative Name & Signature

Enter the name of the person preparing the rollback tax rate as authorized by the governing body of the water district.

Water District

Notice of Public Hearing on Tax Rate

The San Leon Municipal Utility District will hold a public hearing on a proposed tax rate for the tax year 2019 on September 18, 2019 at 6:30 PM at San Leon Volunteer Fire Department, 337 12th Street, San Leon, Texas. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property and the tax rate that is adopted.

For the proposal:	Joe Manchaca Keith Gossett	Kelly Neason Ken Bishop
Against the proposal:	None	
Present and not voting:	None	
Absent:	Tyson Kennedy	

The following table compares taxes on an average residence homestead in this taxing unit last year to taxes proposed on the average residence homestead this year.

	Last Year	This Year
Total tax rate (per \$100 of value)	\$0.450000/\$100 Adopted	\$0.630000/\$100 Proposed
Difference in rates per \$100 of value		\$0.180000
Percentage increase/decrease in rates (+/-)		40.00%
Average residence homestead appraised value	\$140,697	\$150,884
General homestead exemptions available (excluding 65 years of age or older or disabled person's exemptions)	\$14,070	\$15,088
Average residence homestead taxable value	\$126,627	\$135,796
Tax on average residence homestead	\$569.82	\$855.51
Annual increase/decrease in taxes if proposed tax rate is adopted(+/-)and percentage of increase (+/-)		\$285.69 50.14%

NOTICE OF TAXPAYERS' RIGHT TO ROLLBACK ELECTION

If taxes on the average residence homestead increase by more than eight percent, the qualified voters of the water district by petition may require that an election be held to determine whether to reduce the operation and maintenance tax rate to the rollback tax rate under Section 49.236(d), Water Code.

The San Leon Municipal Utility District proposes to use the tax increase for the purpose of paying debt service on bonds approved by the voters in 2019 for a new wastewater plant and other system improvements.

NEW ISSUE BOOK-ENTRY-ONLY

In the opinion of Orrick, Herrington & Sutcliffe, LLP, Special Tax Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. In the further opinion of Special Tax Counsel, interest on the Bonds is not a specific preference item for purposes of the federal alternative minimum tax. Special Tax Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds. See "TAX MATTERS" herein.

\$22,750,000

SAN LEON MUNICIPAL UTILITY DISTRICT
(A Political Subdivision of the State of Texas Located in Galveston County, Texas)
UNLIMITED TAX BONDS, SERIES 2019

Dated: November 1, 2019

Due: September 1, as shown below

Interest on the herein described bonds (the "Bonds") will accrue from November 1, 2019 and is payable March 1, 2020 and each September 1 and March 1 (each an "Interest Payment Date"), thereafter until the earlier of maturity or redemption, and will be calculated on the basis of a 360-day year composed of twelve 30-day months. The Bonds will be issued in fully registered form only, without coupons, in denominations of \$5,000 or any integral multiple thereof, and when issued, will be registered in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company ("DTC"), New York, New York, acting as securities depository for the Bonds until DTC resigns or is discharged. The Bonds initially will be available to purchasers in book-entry form only. So long as Cede & Co., as the nominee of DTC, is the registered owner of the Bonds, principal of and interest on the Bonds will be payable by the paying agent to DTC, which will be solely responsible for making such payment to the beneficial owners of the Bonds. The initial Paying Agent/Registrar for the Bonds is ZB, National Association, dba Amegy Bank, Houston, Texas (the "Paying Agent"). The Bonds are obligations solely of the San Leon Municipal Utility District (the "District") and are not obligations of Texas City, Texas; Galveston County, Texas; the State of Texas; or any entity other than the District.

- * Optional Redemption Provisions: The District reserves the right to redeem, prior to maturity, in integral multiples of \$5,000, those Bonds maturing September 1, 2027 through 2049, both inclusive, in whole or from time to time in part, on September 1, 2026, and on any date thereafter at a price of par plus accrued interest from the most recent interest payment date to the date fixed for redemption. The Bonds maturing September 1, 2027 through September 1, 2049 may be subject to mandatory sinking fund redemption. See "THE BONDS - Redemption Provisions".
- (a) After requesting competitive bids for purchase of the Bonds, the District has accepted the lowest bid to purchase the Bonds, bearing interest as shown, at a price of _____% of par plus accrued interest to the date of delivery, resulting in a net effective interest rate to the District of _____%.
- (b) The initial reoffering yields indicated represent the lower of the yields resulting when priced to maturity or the first call date. The initial yields at which the Bonds will be priced will be established by and will be the sole responsibility of the Initial Purchaser (as herein defined). The yields may be changed at any time at the discretion of the Initial Purchaser. Accrued interest from November 1, 2019 to the date of delivery of the Bonds to the Initial Purchaser is to be added to the price.

The Bonds, when issued, will constitute valid and legally binding obligations of the District and will be payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied against taxable property within the District (as defined in the Bond Order). See "THE BONDS - Source of Payment." THE BONDS ARE SUBJECT TO SPECIAL INVESTMENT CONSIDERATIONS DESCRIBED HEREIN. Bond purchasers are encouraged to read this entire Official Statement prior to making an investment decision, including particularly the section titled "INVESTMENT CONSIDERATIONS."

The Bonds are offered by the Initial Purchaser subject to prior sale, when, as and if issued by the District and accepted by the Initial Purchaser, subject, among other things to the approval of the Initial Bond by the Attorney General of Texas and the approval of certain legal matters by Baker Williams Matthiesen LLP and Reid, Strickland & Gillette, LLP, Co-Bond Counsel (collectively, "Bond Counsel") and Orrick, Herrington & Sutcliffe LLP, Houston, Texas, ("Special Tax Counsel"). In addition, certain legal matters will be passed upon for the District by Johnson Petrov LLP, Houston, Texas, Disclosure Counsel. Delivery of the Bonds is expected on or about November 20, 2019, in Houston, Texas.

**Selling: Wednesday, October 16, 2019 at Noon, local time
at 443 24th Street, San Leon, Texas 77539**

USE OF INFORMATION IN OFFICIAL STATEMENT

No dealer, broker, salesman or other person has been authorized to give any information or to make any representations other than those contained in this Official Statement, and if given or made, such other information or representations must not be relied upon as having been authorized by the District or the Initial Purchaser.

This Official Statement does not alone constitute, and is not authorized by the District for use in connection with, an offer to sell or the solicitation of any offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

All of the summaries of the statutes, orders, contracts, records, and engineering and other related reports set forth in the Official Statement are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions, and reference is made to such documents, copies of which are available from SAMCO Capital Markets, Inc. for further information.

This Official Statement contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions, or matters of opinion, or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice, and neither the delivery of this "Official Statement" nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or the other matters described herein since the date hereof. However, the District has agreed to keep this "Official Statement" current by amendment or sticker to reflect material changes in the affairs of the District, and to the extent that information actually comes to its attention, other matters described in the "Official Statement" until delivery of the Bonds to the Initial Purchaser and thereafter only as specified in "OFFICIAL STATEMENT - Updating the Official Statement During Underwriting Period" and "CONTINUING DISCLOSURE OF INFORMATION."

SALE AND DISTRIBUTION OF THE BONDS

Award of the Bonds

After requesting competitive bids for the Bonds, the District has accepted the bid of _____ (the "Initial Purchaser") to purchase the Bonds at the interest rates shown on page 1 of this Official Statement at a price of _____ % of par plus accrued interest to date of delivery. No assurance can be given that any trading market will be developed for the Bonds after their sale by the District to the Initial Purchaser. The District has no control over the price at which the Bonds are subsequently sold, and the initial yields at which the Bonds are priced and reoffered are established by and are the sole responsibility of the Initial Purchaser.

Prices and Marketability

The delivery of the Bonds is conditioned upon the receipt by the District of a certificate executed and delivered by the Initial Purchaser on or before the date of delivery of the Bonds stating the prices at which a substantial amount of the Bonds of each maturity has been sold to the public. For this purpose, the term "public" shall not include any person who is a bond house, broker or similar person acting in the capacity of underwriter or wholesaler. Otherwise, the District has no understanding with the Initial Purchaser regarding the reoffering yields or prices of the Bonds. Information concerning reoffering yields or prices is the sole responsibility of the Initial Purchaser.

The prices and other terms with respect to the offering and sale of the Bonds may be changed from time to time by the Initial Purchaser after the Bonds are released for sale, and the Bonds may be offered and sold at prices other than the initial offering prices, including sales to dealers who may sell the Bonds into investment accounts. In connection with the offering of the Bonds, the Initial Purchaser may over - allot or effect transactions which stabilize or maintain the market prices of the Bonds at levels above those which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

The District has no control over trading of the Bonds in the secondary market. Moreover, there is no guarantee that a secondary market will be made in the Bonds. In such a secondary market, the difference between the bid and asked price of utility district bonds may be greater than the difference between the bid and asked price of bonds of comparable maturity and quality issued by more traditional municipal entities, as bonds of such entities are more generally bought, sold or traded in the secondary market.

Securities Laws

No registration statement relating to the offer and sale of the Bonds has been filed with the Securities and Exchange Commission under the Securities Act of 1933, as amended, in reliance upon the exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Bonds been registered or qualified under the securities laws of any other "jurisdiction". The District assumes no responsibility for registration of the Bonds under the securities laws of any other jurisdiction in which the Bonds may be offered, sold or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions in such other jurisdiction.

MUNICIPAL BOND RATINGS AND INSURANCE

Municipal Bond Rating and Insurance... The District has made application to Moody's Investors Service ("Moody's") for a municipal bond rating in connection with the Bonds. **On August 31, 2017 Moody's released a rating of A3 on the District's Series 2017 bonds.** The District's 2013 bond issue had an underlying rating of BBB+ from Standard & Poor's ("S&P) and was insured by Assured Guaranty which has a current S&P rating of AA.

The District has also made application to two bond insurance companies for a guaranty insurance policy insuring the timely payment of the principal of and interest on the Bonds. The premium for such insurance and any associated rating fees will be paid by the Initial Purchaser. The purchase of insurance by the initial purchaser is at bidder's option and bidder's risk.

An explanation of the significance of a rating may be obtained from the company furnishing the rating. The rating reflects only the respective view of such organization, and the District makes no representation as to the appropriateness of the rating. There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by such rating company, if, in the judgment of such company circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect on the market price of the Bonds.

OFFICIAL STATEMENT SUMMARY

The following material is qualified in its entirety by the more detailed information and financial statements appearing elsewhere in this Official Statement. The offering of the Bonds to potential investors is made only by means of this entire Official Statement. No person is authorized to detach this summary from this Official Statement or to otherwise use it without the entire Official Statement.

THE DISTRICT

- The Issuer San Leon Municipal Utility District (the "District"), a political subdivision of the State of Texas, was created by an act of the 59th Legislature of the State of Texas on May 26, 1965, pursuant to House Bill 1082 Chapter 520 (Vernon's Texas Civil Statutes) and by Order of the Texas Water Rights Commission, now the Texas Commission on Environmental Quality ("TCEQ) as a conservation and reclamation district under the provisions of Section 59, Article XVI of the Constitution of the State of Texas. The District operates under the provisions of Chapters 49 and 51 of the Texas Water Code. The District lies within the extraterritorial jurisdiction of Texas City. The District has approximately 3,200 acres currently within the boundaries of the District. See "THE DISTRICT – General."
- Location..... The District is located in Galveston County approximately two miles east of State Highway 146 on West Galveston Bay, north of Texas City and east of Bacliff. The District is bounded on the north and east by West Galveston Bay, on the west by Houston Lighting and Power Company's P.H. Robinson Power Plant inlet channels and on the south by Dickinson Bay. The District is also approximately 10 miles from the City of Dickinson. The District is on the east side of Interstate Highway 45 approximately 35 miles south of the central business district of the City of Houston and 15 miles north of the central business district of the City of Galveston. See "THE DISTRICT – General."
- Development within
The District..... Development of the District began in the 1970s. As of June 30, 2019, there were 2,606 active single-family home connections in the District. In addition to the single-family connections, there are approximately 50 meters in use at mobile home and RV parks, 79 commercial meters and 36 multi-family meters. These meters represent approximately 558 Equivalent Single-Family connections.
- The District has approximately six miles of property fronting Galveston Bay. Development along the Bay has been and currently is high-end, well-kept home sites many of which are weekend/vacation homes. The remainder of the District consists of smaller homes including various mobile home parks and permanent recreation vehicles. There is no zoning in the District, and therefore, there is no pattern to development of home sites in type, value or maintenance. Of the homes which currently have been designated as homesteads, the average market value as shown on the 2019 tax roll of the District prepared by the Galveston Central Appraisal District is approximately \$150,884.
- Commercial development in the District includes fish and shrimp processing companies, oil production, neighborhood grocery stores, restaurants & bars, marinas, boat repair facilities RV Parks and various other retail and service establishments. See "TAX DATA – Top Taxpayers." Fire protection is provided by the San Leon Volunteer Fire Department, which also provided "Emergency Medical" and "First Responder" services for the San Leon community. A hospital is located in Texas City which is approximately ten minutes away. Schools for the District are provided by the Dickinson Independent School District. See "THE DISTRICT".

THE BONDS

Description	The Bonds in the aggregate principal amount of \$22,750,000 mature annually in varying amounts on September 1 of each year from 2020 through 2049. Interest accrues from November 1, 2019 at the rates per annum set forth on the cover page hereof and is payable March 1, 2020 and each September 1 and March 1 thereafter until maturity or earlier redemption. The Bonds are offered in fully registered form in integral multiples of \$5,000 for any one maturity. See "THE BONDS – General Description."
Redemption	Bonds maturing in the years 2027 through 2049, inclusive, are subject to optional redemption, in whole or from time to time in part, at the option of the District on September 1, 2026, and on any date thereafter at par plus accrued interest from the most recent interest payment date to the date of redemption. See "THE BONDS – Redemption Provisions".
Source of Payment.....	Principal and interest on the Bonds are payable from the proceeds of a continuing direct annual ad valorem tax levied upon all taxable property within the District, which under Texas law is not limited as to rate or amount. The Bonds are obligations solely of the San Leon Municipal Utility District and are not obligations of the State of Texas; Galveston County, Texas; Texas City, Texas or any other political subdivision or entity other than the District. See "THE BONDS - Source of Payment."
Payment Record.....	The District has never defaulted on the payment of any bond obligation. See "FINANCIAL STATEMENT – Outstanding Bonds".
Authority for Issuance	The Bonds are issued pursuant to Article XVI, Section 59 of the Texas Constitution and the general laws of the State of Texas, including particularly Chapters 49 and 51 of the Texas Water Code, as amended, an order of the Texas Commission on Environmental Quality ("TCEQ") approving the issuance of the Bonds, and pursuant to an order (the "Bond Order") adopted by the Board of Directors of the District. See "THE BONDS - Authority for Issuance."
Use of Proceeds.....	The proceeds of the Bonds will be used for: (1) wastewater treatment plant expansion to 1.90 MGD; (2) 48" effluent outfall line; and (3) to finance certain engineering and legal costs. In addition, proceeds of the Bonds will be used to pay certain costs associated with the issuance of the Bonds. See "USE AND DISTRIBUTION OF BOND PROCEEDS."
Bonds Authorized But Unissued.....	The Bonds are the first installment from the \$39,840,000 in bonds authorized at an election held within the District on May 4, 2019 for the purpose or purposes of construction and acquisition of water, sewer and drainage facilities and improvements. After the sale of the Bonds, \$17,090,00 in bonds will remain from the May 4, 2019 issuance and \$5,000,000 in bonds from the \$15,000,000 will remain authorized but unissued from the May 14, 2011 election.

Municipal Bond Ratings
and Insurance.....

In connection with the sale of the Bonds, the District has made application to Moody's Investors Service Inc. for a municipal bond rating. On August 31, 2017, Moody's Investors Service Inc. released an A3 rating on District's 2017 bonds. The District's 2013 bond issue had an underlying rating of BBB+ from Standard & Poor's ("S&P) and was insured by Assured Guaranty which has a current S&P rating of AA. The District has also made application to a guaranty insurance company insuring the timely payment of the principal of and interest on the Bonds. **The premium for such insurance and any associated rating fees will be paid by the Initial Purchaser. The purchase of insurance by the Initial Purchaser is at the bidder's option and at the bidder's risk.**

Tax Exemption

In the opinion of Orrick, Herrington & Sutcliffe, LLP, Special Tax Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. In the further opinion of Special Tax Counsel, interest on the Bonds is not a specific preference item for purposes of the federal alternative minimum tax. Special Tax Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds. See "TAX MATTERS" herein.

- (b) Includes the Bonds. See "FINANCIAL STATEMENT – Outstanding Bonds."
- (c) After the sale of the bonds. Included in the sale of the Bonds is 12 months of capitalized interest cost estimated at 5% of the principal amount of the Bonds (est. \$1,137,500) and will be deposited to the Debt Service Fund upon closing. Neither Texas Law nor the Bond Order requires that the District maintain any particular sum in the Debt Service Fund.
- (d) Based on 3.5 residents per completed single-family, multi-residential and commercial-multi (RV/Mobile Home) equivalent single-family connections (ESFCs). The 36 multi-residential connections equate to 48 ESFCs, the 50 commercial-multi equate to 297 ESFC's and the 2,606 single-family connections equate to 2,606 ESFCs.

OFFICIAL STATEMENT

relating to

\$22,750,000

SAN LEON MUNICIPAL UTILITY DISTRICT (A Political Subdivision of the State of Texas Located in Galveston County, Texas) Unlimited Tax Bonds, Series 2019

INTRODUCTION

This Official Statement provides certain information in connection with the issuance by San Leon Municipal Utility District (the "District") of its \$22,750,000 Unlimited Tax Bonds, Series 2019 (the "Bonds").

The Bonds are issued pursuant to Article XVI, Section 59 of the Texas Constitution and the general laws of the State of Texas, including Chapters 49 and 51 of the Texas Water Code, as amended, pursuant to an order (the "Bond Order") adopted by the Board of Directors of the District on the date of the sale of the Bonds, and pursuant to an approving order of the Texas Commission on Environmental Quality (the "TCEQ").

Unless otherwise indicated, capitalized terms used in this Official Statement have the same meaning assigned to such terms in the Bond Order.

Included in this Official Statement are descriptions of the Bonds and certain information about the District and its finances. ALL DESCRIPTIONS OF DOCUMENTS CONTAINED HEREIN ARE SUMMARIES ONLY AND ARE QUALIFIED IN THEIR ENTIRETY BY REFERENCE TO EACH SUCH DOCUMENT. Copies of such documents may be obtained from the Bond Counsel, Baker Williams Matthiesen LLP, 5005 Woodway Dr., Suite 201, Houston, Texas 77056 or during the offering period from the District's Financial Advisor, SAMCO Capital Markets, Inc., Attn: Christina M. Lane, 6805 Capital of Texas Highway, Suite 350, Austin, Texas 78731, upon payment of reasonable copying, mailing and handling charges.

THE BONDS

General Description

The Bonds will bear interest from November 1, 2019 and will mature on September 1 of the years and in the principal amounts, and will bear interest at the rates per annum, set forth on the cover page hereof. Interest on the Bonds will be paid on March 1, 2020 and September 1 and March 1 (each an "Interest Payment Date") thereafter until maturity or earlier redemption and will be calculated on the basis of a 360-day year composed of twelve 30-day months. The Bonds will be issued in fully registered form only, without coupons, in the denomination of \$5,000 or any integral multiple thereof, and when issued, will be registered in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company ("DTC"), New York, New York, acting as securities depository for the Bonds until DTC resigns or is discharged. The Bonds initially will be available to purchasers in book-entry form only. So long as Cede & Co., as the nominee of DTC, is the registered owner of the Bonds, principal of and interest on the Bonds will be payable by the paying agent to DTC, which will be solely responsible for making such payment to the beneficial owners of the Bonds. The initial paying agent/registrar for the Bonds is ZB, National Association, dba Amegy Bank, Houston, Texas ("Paying Agent").

Redemption Provisions

Optional Redemption...The Bonds maturing on and after September 1, 2027, are subject to redemption prior to maturity at the option of the District, in whole or from time to time in part, on September 1, 2026, or on any date thereafter, at a redemption price equal to the principal amount thereof plus accrued interest from the most recent payment date to the date fixed for redemption.

Mandatory Sinking Fund Redemption... In addition to being subject to optional redemption, as provided above, the Bonds maturing September 1, _____ and September 1, _____ are subject to mandatory sinking fund redemption prior to maturity in the following amounts, on the following dates and at a price of par plus accrued interest to the redemption date from amounts required to be deposited in the Debt Service Fund:

Bonds Maturing September 1,
Mandatory Principal
Redemption Date Amount

Bonds Maturing September 1,
Mandatory Principal
Redemption Date Amount

The principal amount of the Bonds required to be redeemed pursuant to the operation of the mandatory sinking fund redemption provisions shall be reduced, at the option of the District, by the principal amount of any Bonds of the stated maturity which, at least 50 days prior to a mandatory redemption date, (1) shall have been acquired by the District, at a price not exceeding the principal amount of such Bonds plus accrued interest to the date of purchase thereof, and delivered to the Paying Agent for cancellation, (2) shall have been purchased and cancelled by the Paying Agent at the request of the District, with monies in the Debt Service Fund at a price not exceeding the principal amount of the Bonds plus accrued interest to the date of purchase thereof, or (3) shall have been redeemed pursuant to the optional redemption provisions and not theretofore credited against a mandatory sinking fund redemption requirement.

Notice of Redemption... The Paying Agent/Registrar shall give written notice of redemption, by first class mail, overnight delivery, email, or other comparably secure means, not less than thirty (30) days prior to the redemption date, to each registered securities depository (and to each national information service that disseminates redemption notices) known to the Paying Agent/Registrar, but neither the failure to give such notice nor any defect therein shall affect the sufficiency of notice given to the Registered Owner as hereinabove stated. The Paying Agent/Registrar may provide written notice of redemption to DTC by facsimile.

The Bonds of a denomination larger than \$5,000 may be redeemed in part (\$5,000 or any multiple thereof). Any Bond to be partially redeemed must be surrendered in exchange for one or more new Bonds of the same maturity for the unredeemed portion of the principal of the Bonds so surrendered. In the event of redemption of less than all of the Bonds, the particular Bonds to be redeemed shall be selected by the District, if less than all of the Bonds of a particular maturity are to be redeemed, the Paying Agent is required to select the Bonds of such maturity to be redeemed by lot.

Termination of Book-Entry-Only System

The Bonds are subject to the book-entry-only system administered by DTC. See "BOOK-ENTRY-ONLY SYSTEM." In the event that the book-entry-only system is discontinued by DTC or the District, the following provisions will be applicable to the Bonds.

Payment ...Principal of the Bonds will be payable at maturity to the registered owners as shown by the registration books maintained by the Paying Agent upon presentation and surrender of the Bonds to the Paying Agent at the designated office for payment of the Paying Agent in Houston, Texas (the "Designated Payment/Transfer Office"). Interest on the Bonds will be payable by check or draft, dated as of the applicable interest payment date, sent by the Paying Agent by United States mail, first class, postage prepaid, to the registered owners at their respective addresses shown on such records, or by such other method acceptable to the Paying Agent requested by a registered owner at the risk and expense of such registered owner. If the date for the payment of the principal of or interest on the Bonds shall be a Saturday, Sunday, legal holiday, or day on which banking institutions in the city where the Designated Payment/Transfer Office of the Paying Agent is located are required or authorized by law or executive order to close, then the date for such payment shall be the next succeeding day which is not a Saturday, Sunday, legal holiday, or day on which banking institutions are required or authorized to close, and payment on such date shall for all purposes be deemed to have been made on the original date payment was due.

Registration... If the book-entry-only system is discontinued, the Bonds may be transferred and re-registered on the registration books of the Paying Agent only upon presentation and surrender thereof to the Paying Agent at the Designated Payment/Transfer Office. A Bond also may be exchanged for a Bond or Bonds of like maturity and interest and having a like aggregate principal amount or maturity amount, as the case may be, upon presentation and surrender at the Designated Payment/Transfer Office. All Bonds surrendered for transfer or exchange must be endorsed for assignment by the execution by the registered owner or his duly authorized agent of an assignment form on the Bonds or other instruction of transfer acceptable to the Paying Agent. Transfer and exchange for Bonds will be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such transfer or exchange. A new Bond or Bonds, in lieu of the Bond being transferred or exchanged, will be delivered by the Paying Agent to the registered owner, at the Designated Payment/Transfer Office of the Paying Agent or by United States mail, first-class, postage prepaid. To the extent reasonably possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the registered owner not more than three (3) business days after the receipt of the Bonds to be canceled in the exchange or transfer in the denominations of \$5,000 or any integral multiple thereof.

Limitation on Transfer of Bonds... Neither the District nor the Paying Agent shall be required to make any transfer, conversion or exchange to an assignee of the registered owner of the Bonds (i) during the period commencing on the close of business on the 15th calendar day of the month preceding each Interest Payment Date (the "Record Date") and ending with the opening of business on the next following principal or Interest Payment Date, or (ii) with respect to any Bond called for redemption, in whole or in part, within forty-five (45) days of the date fixed for redemption; provided, however, such limitation of transfer shall not be applicable to an exchange by the registered owner of the uncalled balance of a Bond.

Replacement Bonds... If a Bond is mutilated, the Paying Agent will provide a replacement Bond in exchange for the mutilated Bond. If a Bond is destroyed, lost or stolen, the Paying Agent will provide a replacement Bond upon (i) the filing by the registered owner with the Paying Agent of evidence satisfactory to the Paying Agent of the destruction, loss or theft of the Bond and the authenticity of the registered owner's ownership, and (ii) the furnishing to the Paying Agent of indemnification in an amount satisfactory to hold the District and the Paying Agent harmless. All expenses and charges associated with such indemnity and with the preparation, execution and delivery of a replacement Bond must be borne by the registered owner. The provisions of the Bond Order relating to the replacement Bonds are exclusive and to the extent lawful, preclude all other rights and remedies with respect to the replacement and payment of mutilated, destroyed, lost or stolen Bonds.

Source of Payment

While the Bonds or any part of the principal thereof or interest thereon remain outstanding and unpaid, the District covenants to levy and annually assess and collect in due time, form and manner, and at the same time as other District taxes are assessed, levied and collected, in each year, beginning with the current year, a continuing direct annual ad valorem tax, without legal limit as to rate or amount, upon all taxable property in the District sufficient to pay the interest on the Bonds as the same becomes due and to pay each installment of the principal of the Bonds as the same matures, with full allowance being made for delinquencies and cost of collection. In the Bond Order, the District covenants that said taxes are irrevocably pledged to the payment of the interest and principal of the Bonds. The Bonds are obligations of the District and are not the obligations of the State of Texas; Galveston County, Texas; or Texas City, Texas; or any other political subdivision or any entity other than the District.

Payment Record

This will be the first installment of bonds voted on the May 4, 2019 from a total authorization of \$39,840,000. In addition, the District has remaining authorization of \$5,000,000 of bonds voted on in May 14, 2011. Also, in 2012 the District issued its \$3,054,999.50 Unlimited Tax Refunding Bonds.

Funds

In the Bond Order, the Debt Service Fund is created and established, and the proceeds from all taxes levied, assessed and collected for and on account of the Bonds authorized by the Bond Order shall be deposited, as collected, in such fund.

Upon the receipt by the District of the purchase price for the Bonds, the accrued interest on the Bonds shall be deposited into the Debt Service Fund upon receipt. The remaining proceeds of sale of the Bonds, including interest earnings thereon, after payment of certain issuance costs shall be deposited into the Capital Projects Fund, to be used for the purposes described in the Bond Order. See "USE AND DISTRIBUTION OF BOND PROCEEDS" for a more complete description of the use of Bond proceeds and the projects related thereto.

Authority for Issuance

At a bond election held within the District on May 4, 2019, the voters of the District authorized the issuance of \$39,840,000 principal amount of unlimited tax bonds for the purpose or purposes of constructing or otherwise acquiring a waterworks system, sanitary sewer system, and drainage system for the District. There are also \$5,000,000 in authorization remaining from the District's May 14, 2011 election. See "Issuance of Additional Debt" below.

By adoption of an order dated [REDACTED], 2019, the TCEQ authorized the District to sell the Bonds subject to certain restrictions, including restrictions on the use of Bond proceeds as summarized in "USE AND DISTRIBUTION OF BOND PROCEEDS".

The Bonds are issued by the District pursuant to an order of the TCEQ, the terms and conditions of the Bond Order; Article XVI, Section 59 of the Constitution of the State of Texas, Chapters 49 and 51 of the Texas Water Code, as amended, and general laws of the State of Texas relating to the issuance of bonds by political subdivisions of the State of Texas.

Before the Bonds can be issued, the Attorney General of Texas must initially pass upon the legality of certain related matters. The Attorney General of Texas does not guarantee or pass upon the safety of the Bonds as an investment or upon the adequacy of the information contained in this Official Statement.

Registration and Transfer

So long as the Bonds remain outstanding, the Paying Agent shall keep the register at its designated corporate trust office and, subject to such reasonable regulations as it may prescribe, the Paying Agent shall provide for the registration and transfer of Bonds in accordance with the terms of the Bond Order.

Each Bond shall be transferable only upon the presentation and surrender of such Bond at the principal corporate trust office of the Paying Agent, duly endorsed for transfer, or accompanied by an assignment duly executed by the registered owner or his authorized representative in form satisfactory to the Paying Agent. To the extent possible and under reasonable circumstances, upon due presentation of any Bond in proper form for transfer, the Paying Agent has been directed by the District to authenticate and deliver in exchange therefor, within three (3) business days after such presentation, a new Bond or Bonds, registered in the name of the transferee or transferees, in authorized denominations and of the same maturity and aggregate principal amount and paying interest at the same rate as the Bond or Bonds so presented.

All Bonds shall be exchangeable upon presentation and surrender thereof at the designated corporate trust office of the Paying Agent for a Bond of the same maturity and interest rate and in any authorized denomination in an aggregate amount equal to the unpaid principal amount of the Bond or Bonds presented for exchange. The Paying Agent is authorized to authenticate and deliver exchange Bonds. Each exchange Bond delivered shall be entitled to the benefits and security of the Bond Order to the same extent as the Bond or Bonds in lieu of which such exchange Bond is delivered.

Neither the District nor the Paying Agent shall be required to transfer or to exchange any Bond during the period beginning on a Record Date and ending the next succeeding Interest Payment Date or to transfer or exchange any Bond for a period of forty-five (45) days next preceding the selection of Bonds for redemption or to transfer or exchange any Bond called for redemption.

The District or the Paying Agent may require the registered owner of any Bond to pay a sum sufficient to cover any tax or other governmental charge that may be imposed in connections with the transfer or exchange of such Bond(s). Any fee or charge of the Paying Agent for such transfer or exchange shall be paid by the District.

Replacement of Paying Agent

Provision is made in the Bond Order for replacement of the Paying Agent by the District. If the Paying Agent is replaced by the District the new Paying Agent shall act in the same capacity as the previous Paying Agent. Any Paying Agent selected by the District shall be a national or state banking institution, a corporation organized and doing business under the laws of the United States of America or of any State, authorized under such laws to exercise trust powers, and subject to supervision or examination by federal or state authority, to act as Paying Agent for the Bonds.

Lost, Stolen or Destroyed Bonds

Upon presentation and surrender to the Paying Agent of a mutilated Bond, the Paying Agent shall authenticate and deliver in exchange therefor a replacement Bond of like maturity, interest rate and principal amount, bearing a number not contemporaneously outstanding. If any Bond is lost, apparently destroyed, or wrongfully taken, the District, pursuant to the applicable laws of the State of Texas and in the absence of notice or knowledge that such Bond has been acquired by a bona fide purchaser, shall, upon receipt of certain documentation from the registered owner requested by the District or the Paying Agent and an indemnity bond, and such other security or indemnity as is satisfactory to the District and the Paying Agent to hold them harmless, and satisfaction by the registered owner of any other reasonable requirements of the District and the Paying Agent, execute and the Paying Agent shall authenticate and deliver a replacement Bond of like maturity, interest rate and principal amount bearing a number not contemporaneously outstanding.

Registered owners of lost, stolen or destroyed Bonds will be required to pay the District's cost to replace such Bonds (including, but not limited to the fees and expenses of the Paying Agent). In addition, the District or the Paying Agent may require the registered owner to pay a sum sufficient to cover any tax or other governmental charge that may be imposed.

Issuance of Additional Debt

The District may issue additional bonds, with the approval of the TCEQ, necessary to provide and maintain improvements and facilities consistent with the purposes for which the District was created. See "THE DISTRICT - General." The District's voters authorized at an election on May 4, 2019 the issuance of \$39,840,000 of unlimited tax bonds. The District also has \$5,000,000 is bonds from the \$15,000,000 authorized but unissued from the May 14, 2011 election. Any additional bonds sold would be on parity with or subordinate to the Bonds. Following the issuance of the Bonds, the District will have \$22,090,000 of unlimited tax bonds authorized but unissued.

The Bond Order imposes no limitation on the amount of additional parity bonds which may be authorized for issuance by the District's voters or the amount ultimately issued by the District. See "INVESTMENT CONSIDERATIONS - Future Debt."

The District is also authorized by statute to engage in fire-fighting activities, including the issuance of bonds payable from taxes for such purpose. Before the District could issue fire-fighting bonds payable from taxes, the following actions would be required: (a) authorization of a detailed master plan and bonds for such purpose by the qualified voters in the District; (b) approval of the master plan and issuance of bonds by the TCEQ; and (c) approval of such bonds by the Attorney General of Texas. The District passed a fire protection plan with mandatory fees by vote of its citizens in 2012, but no additional bonding authority was included, and no bonds were issued. Issuance of bonds for fire-fighting activities could dilute the investment security for the Bonds.

Remedies in Event of Default

Other than a writ of mandamus and other relief authorized by law, the Bond Order does not expressly provide a specific remedy for a default. Although a registered owner could presumably obtain a judgment against the District for a default in the payment of principal or interest, such judgement could not be satisfied by execution against any property of the District. If the District defaults, a registered owner could petition for a writ of mandamus issued by a court of competent jurisdiction requiring the District and the District's officials to observe and perform the

covenants, obligations or conditions prescribed in the Bond Order. There is no acceleration of maturity of the Bonds in the event of default and consequently the remedy of mandamus might need to be enforced on a periodic basis. The enforceability of the rights and remedies of the Registered Owners may further be limited by a State of Texas statute reasonably required to attain an important public purpose or by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions, such as the District. See "INVESTMENT CONSIDERATIONS - Registered Owners' Remedies, and - Bankruptcy Limitation to Registered Owners' Rights."

Legal Investment and Eligibility to Secure Public Funds in Texas

The following is quoted from Section 49.186 of the Texas Water Code, and is applicable to the District:

- (a) "All bonds, notes, and other obligations issued by a district shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest and sinking funds and other public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic."
- (b) "A district's bonds, notes, and other obligations are eligible and lawful security for all deposits of public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of the bonds, notes, and other obligations when accompanied by any unmatured interest coupons attached to them."

The Public Funds Collateral Act (Chapter 2257, Texas Government Code) also provides that bonds of the District (including the Bonds) are eligible as collateral for public funds.

The District makes no representation that the Bonds will be acceptable to banks, savings and loan associations or public entities for investment purposes or to secure deposits of public funds. The District has made no investigation of other laws, regulations or investment criteria which might apply to or otherwise limit the availability of the Bonds for investment or collateral purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds and as to the acceptability of the Bonds for investment or collateral purposes.

Defeasance

The Bond Order provides that the District may discharge its obligations to the Registered Owners of any or all of the Bonds to pay principal, interest and redemption price thereon in any manner permitted by law. Under current Texas law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Bonds to maturity or redemption or (ii) by depositing with any place of payment (paying agent) of the Bonds or other obligations of the District payable from revenues, or from ad valorem taxes or both, or with a commercial bank or trust company designated in the proceedings authorizing such discharge, amounts sufficient to provide for the payment and/or redemption of the Bonds; such deposits may be invested and reinvested only in (a) direct non-callable obligations of the United States of America, (b) non-callable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (c) non-callable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment firm not less than AAA or its equivalent. The foregoing obligations may be in book-entry form and shall mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Bonds. If any such Bonds are to be redeemed prior to their respective dates of maturity, provision must have been made for giving notice of redemption as provided in the Bond Order.

Upon such deposit as described above, such Bonds shall no longer be regarded as outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment or redemption of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other

action amending the terms of the Bonds are extinguished; however, the right to call the Bonds for redemption is not extinguished if the District: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

There is no assurance that the current law will not be changed in the future in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds. Because the Bond Order does not contractually limit such investments, registered owners may be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality of those currently permitted under Texas law.

Specific Tax Covenants

In the Bond Order the District has covenanted with respect to among other matters, the use of the proceeds of the Bonds and the use of facilities financed therewith by persons other than state or local governmental units, and the manner in which the proceeds of the Bonds are to be invested. The District may cease to comply with any such covenant if it has received a written opinion of a nationally recognized bond counsel to the effect that regulations or rulings hereafter promulgated modify or expand provisions of the Internal Revenue Code of 1986, as amended (the "Code"), so that such covenant is ineffective or inapplicable or compliance with such covenant adversely affects the exclusion from gross income of interest on the Bonds under Section 103 of the Code.

Additional Covenants

The District has additionally covenanted in the Bond Order that, to the extent it has the authority to do so, it will (i) maintain the System in good condition and working order, ordinary wear and tear and obsolescence excepted, and operate the System in an efficient manner and at a reasonable cost, (ii) maintain insurance on the System of a kind and in an amount which usually would be carried by municipal corporations and political subdivisions in Texas engaged in a similar type of business, but considering any governmental immunities to which the District may be entitled, and (iii) keep accurate records and accounts and employ an independent certified public accountant to audit and report on its financial affairs at the close of each fiscal year, such audits to be in accordance with applicable law, rules and regulations and open to inspection in the office of the District.

Amendment to Bond Order

The Bond Order contains provisions to the effect that the District may, without the consent of or notice to any registered owners of the Bonds, amend, change or modify the Bond Order as may be required (a) by the provisions of the Bond Order, (b) for the purpose of curing any ambiguity, inconsistency, or formal defect or omission in the Bond Order, or (c) in connection with any other change that does not in any respect materially and adversely affect the interest of the registered owners of the Bonds. Except for such amendments, changes or modifications, the District shall not amend, change or modify the Bond Order in any manner without the consent of 51% the registered owners in aggregate principal amount of the outstanding Bonds.

Alteration of Boundaries

In certain circumstances under Texas law, the District may alter its boundaries to: (1) upon satisfying certain conditions, annex additional territory; and (2) exclude land subject to taxation within the District that is not served by District facilities if the District simultaneously annexes land of equal acreage and value that may be practicably served by District facilities. No representation is made concerning the likelihood that the District would effect any additional changes in its boundaries.

Approval of the Bonds

The Attorney General of Texas must approve the legality of the Bonds prior to their delivery. The Attorney General of Texas does not pass upon or guarantee the quality of the Bonds as an investment, nor does he pass upon the adequacy or accuracy of the information contained in this Official Statement.

BOOK-ENTRY-ONLY SYSTEM

The Bonds will be available only in book-entry form. Consequently, purchasers of ownership interests in the Bonds will not receive certificates representing their respective interests in the Bonds. This section describes how ownership of the Bonds is to be transferred and how the payments of principal of and interest on the Bonds are to be paid to and accredited by Depository Trust Company, New York, New York ("DTC"), while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The Underwriters and the District believe the source of such information to be reliable, but take no responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission ("SEC"), and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered security certificate will be issued for each issue of the Bonds, each in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited,

which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest payments, premium, if any, and redemption proceeds on the Bonds, will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of District or Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Bonds purchased, through its Participant, to the Paying Agent/Registrar, and shall effect delivery of such Bonds by causing the Direct Participant to transfer the Participant's interest in the Bonds, on DTC's records, to the Paying Agent/Registrar. The requirement for physical delivery of Bonds in connection with a mandatory purchase will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Bonds to the Paying Agent/Registrar's DTC account.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent/Registrar as set forth in the Order. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

ANNEXATION AND CONSOLIDATION

Annexation

Chapter 42, Local Government Code, provides that, within the limits described therein, the unincorporated area contiguous to the corporate limits of any city comprises that city's extraterritorial jurisdiction. The size of extraterritorial jurisdiction depends in part on the city's population. With certain exceptions, a city may annex territory only within the confines of its extraterritorial jurisdiction. When a city annexes additional territory, the city's extraterritorial jurisdiction expands in conformity with such annexation. Under existing Texas law, since the District lies within the extraterritorial jurisdiction of the City of Texas City the District may be annexed by such city. No representation is made that the city will ever annex the District. Moreover, no representation is made concerning the ability of the annexing city to make debt service payments should annexation of the District occur.

Annexation of territory by a city is a policy-making matter within the discretion of the governing body of the city and therefore, the District makes no representation that the city will annex the District and assume its debt or that the city and the District would dissolve the District, nor does the District make any representation concerning the ability of the city to pay debt service on the District's bonds if annexation and dissolution were to occur.

Texas law has changed as of September 1, 2019, and the City of Texas City can no longer annex any part of the San Leon Municipal Utility District without a positive vote of the District's residents. No such vote is anticipated.

Consolidation

A district (such as the District) has the legal authority to consolidate with other districts and, in connection therewith, to provide for the consolidation of its assets, such as cash and the utility system, with the water, wastewater, and drainage systems of the district(s) with which it is consolidating as well as its liabilities (which would include the Bonds). No representation is made concerning the likelihood of consolidation.

[The rest of this page intentionally left blank.]

USE AND DISTRIBUTION OF BOND PROCEEDS

The proceeds of the Bonds will be used for (i) wastewater treatment plant expansion to 1.90 MGD; and (ii) certain engineering and technical fees. In addition, proceeds of the Bonds will be used to pay certain costs associated with the issuance of the Bonds.

The presently estimated use and distribution of Bond proceeds is set forth below. Of the proceeds to be received from the sale of the Bonds, \$19,736,500 is estimated to be required for construction costs, and \$13,013,500 is estimated to be required for non-construction costs.

	<u>Amount</u>
<u>Construction Costs:</u>	
1. Wastewater Treatment Plant Expansion 1.90 MGD	\$16,625,000
2. 48" Effluent Outfall Line	462,500
3. Contingencies (10%)	1,709,000
4. Engineering/Technical Services	<u>940,000</u>
TOTAL CONSTRUCTION COSTS	\$19,736,500
<u>Non-Construction Costs:</u>	<u>Amount</u>
A. Legal Fees (2.50%)	568,750
B. Fiscal Advisor Fees (2%)	455,000
C. Capitalized Interest (12 months @ 5%)	1,137,500
D. Bond Discount (3%)	682,500
E. Bond Issuance Expense	53,375
F. Bond Application Cost	50,000
G. Attorney General Fee (0.10% or \$9,500 max.)	9,500
E. TCEQ Bond Issuance Fee (0.25%)	<u>56,875</u>
TOTAL NON-CONSTRUCTION COSTS	\$3,013,500
TOTAL BOND ISSUE REQUIREMENT	<u>\$22,750,000</u>

[The rest of this page intentionally left blank.]

INVESTMENT CONSIDERATIONS

General

The Bonds, which are obligations of the District and are not obligations of the State of Texas; Galveston County, Texas; Texas City; or any other political subdivision, will be secured by a continuing direct annual ad valorem tax, without legal limitation as to rate or amount, on all taxable property located within the District. (See "THE BONDS - Source of Payment.") The ultimate security for payment of principal of and interest on the Bonds depends on the ability of the District to collect from the property owners within the District all taxes levied against the property, or in the event of foreclosure, on the value of the taxable property with respect to taxes levied by the District and by other taxing authorities. The collection by the District of delinquent taxes owed to it and the enforcement by the registered owners of the District's obligation to collect sufficient taxes may be a costly and lengthy process. Furthermore, the District cannot and does not make any representations that continued development of property within the District will accumulate or maintain taxable values sufficient to justify continued payment by property owners or that there will be a market for the property. See "Registered Owners' Remedies" below.

Hurricanes and Subsidence

Hurricanes can cause increased flooding, particularly in coastal areas such as the area where the District is located. Hurricanes can also cause windstorm and other damage, including erosion of property fronting on Galveston Bay, and hurricane induced flooding can submerge roadways connecting coastal areas such as the District with inland areas, thus preventing evacuations of persons or property. If a hurricane (or any other natural disaster) destroyed all or part of the improvements with the District within the District, the assessed value of property within the District could be substantially reduced, with a corresponding decrease in tax revenues or increase in the tax rate. Further, there can be no assurance that a casualty loss will be covered by insurance (certain casualties, including flood, are usually excepted unless specific insurance is purchased), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District would be adversely affected. The Gulf Coast region in which the District is located is subject to occasional destructive weather. There can be no assurance the District will not endure damage from future meteorological events.

Land subsidence (a sinking of the surface of the land relative to sea level) has occurred in many areas in the Houston-Galveston area, including the District, and any future subsidence could increase flooding risks. These factors could cause property values in the District to fall and could adversely affect the District's ability to collect taxes to pay interest and principal on the Bonds.

Hurricane Harvey

Hurricane Harvey struck the Houston area on August 26, 2017, resulting in historic levels of rainfall. However, according to the District's operator, the District's System did not sustain any material damage and there was no interruption of water and sewer service. Further, according to the District's Operator and Engineer, after investigation, although the District experienced street flooding, there was no apparent material wind or water damage to homes or commercial improvements within the District. Hurricane Harvey could have a material impact on the Houston region's economy. The District cannot predict what impact, if any, Hurricane Harvey will have on the assessed value of homes and commercial improvements within the District.

Downturn in the Housing Market

Nationally, there has been a significant downturn in new housing construction, resulting in a decline in housing market values. The Houston area, which includes Galveston County, has experienced reduced levels of home construction. The District cannot predict what impact, if any, a continued downturn in the local and national housing and financial markets may have on the Houston area market and specifically, the District

Impact on District Tax Rates

Assuming no further development or construction of taxable improvements, the value of the land and improvements currently within the District will be the major determinant of the ability or willingness of property owners within the District to pay their taxes. The 2019 assessed valuation of the District is \$386,342,885 (see "FINANCIAL STATEMENT"). After issuance of the Bonds, the Projected Maximum Annual Debt Service Requirement is estimated

to be \$2,466,888 (2033) and the Projected Average Annual Debt Service Requirement is estimated to be \$2,375,263 (2020 through 2037, inclusive). Based on the 2019 assessed valuation and no use of funds on hand, a tax rate of \$0.68 per \$100 assessed valuation, at a 95% collection rate would be necessary to pay the Projected Maximum Annual Debt Service Requirement of \$2,466,888 and a tax rate of \$0.65 per \$100 assessed valuation at a 95% collection rate would be necessary to pay the Projected Average Annual Debt Service Requirement of \$2,375,263. See "PROJECTED DEBT SERVICE REQUIREMENTS" and "TAX DATA - Tax Adequacy for Debt Service."

Tax Collections and Foreclosure Remedies

The District has a right to seek judicial foreclosure on a tax lien, but such remedy may prove to be costly and time consuming and, since the future market or resale market, if any, of the taxable real property within the District is uncertain, there can be no assurance that such property could be sold and delinquent taxes paid. Registered owners of the Bonds are entitled under Texas law to a writ of mandamus to compel the District to perform its obligations. Such remedy would have to be exercised upon each separate default and may prove costly, time consuming and difficult to enforce. Furthermore, there is no trust indenture or trustee, and all legal actions would have to be taken on the initiative of, and be financed by, registered owners to enforce such remedies. The rights and remedies of the registered owners and the enforceability of the Bonds may also be limited by bankruptcy, reorganization and other similar laws affecting the enforcement of creditors' rights generally.

The District's ability to foreclose its tax lien or collect penalties or interest on delinquent taxes may be limited on property owned by a financial institution which is under receivership by the Federal Deposit Insurance Corporation pursuant to the Federal Deposit Insurance Act 12 U.S.C. 1825, as amended. See "INVESTMENT CONSIDERATIONS."

Registered Owners' Remedies

In the event of default in the payment of principal of or interest on the Bonds, the registered owners have the right to seek a writ of mandamus, requiring the District to levy adequate taxes each year to make such payments. Except for mandamus, the Bond Order does not specifically provide for remedies to protect and enforce the interest of the registered owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Although the registered owners could obtain a judgment against the District, such a judgment could not be enforced by direct levy and execution against the District's property. Further, the registered owners cannot themselves foreclose on property within the District or sell property within the District in order to pay the principal of and interest on the Bonds. The enforceability of the rights and remedies of the registered owners may further be limited by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District.

Bankruptcy Limitation to Registered Owners' Rights

The enforceability of the rights and remedies of registered owners of the Bonds may be limited by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. Subject to the requirements of Texas law discussed below, a political subdivision such as the District may voluntarily file a petition for relief from creditors under Chapter 9 of the U.S. Bankruptcy Code, 11 USC sections 901-946. The filing of such petition would automatically stay the enforcement of Registered Owners' remedies, including mandamus and the foreclosure of tax liens upon property within the District discussed above. The automatic stay would remain in effect until the federal bankruptcy judge hearing the case dismisses the petition, enters an order granting relief from the stay or otherwise allows creditors to proceed against the petitioning political subdivision. A political subdivision, such as the District, may qualify as a debtor eligible to proceed in a Chapter 9 case only if it (1) is generally authorized to file for federal bankruptcy protection by applicable state law, (2) is insolvent or unable to meet its debts as they mature, (3) desires to effect a plan to adjust such debts, and (4) has either obtained the agreement of or negotiated in good faith with its creditors or is unable to negotiate with its creditors because negotiations are impracticable. Under Texas law, a water control and improvement district, such as the District, must obtain the approval of the TCEQ as a condition to seeking relief under the U.S. Bankruptcy Code. The TCEQ is required to investigate the financial condition of a financially troubled district and authorize such district to proceed under federal bankruptcy law only if such district has fully exercised its rights and powers under Texas law and remains unable to meet its debts and other obligations as they mature.

Notwithstanding noncompliance by a district with Texas law requirements, a district could file a voluntary bankruptcy petition under Chapter 9, thereby involving the protection of the automatic stay until the bankruptcy court, after a

hearing, dismisses the petition. A federal bankruptcy court is a court of equity and federal bankruptcy judges have considerable discretion in the conduct of bankruptcy proceedings and in determining the decision of whether to grant the petitioning district relief from its creditors. While such a decision might be applicable, the concomitant delay and loss of remedies to the registered owners could potentially and adversely impair the value of the registered owner's claim. If a petitioning district were allowed to proceed voluntarily under Chapter 9 of the Federal Bankruptcy Code, it could file a plan for an adjustment of its debts. If such a plan were confirmed by the bankruptcy court, it could, among other things, affect a registered owner by reducing or eliminating the amount of indebtedness, deferring or rearranging the debt service schedule, reducing or eliminating the interest rate, modifying or abrogating collateral or security arrangements, substituting (in whole or in part) other securities, and otherwise compromising and modifying the rights and remedies of the registered owner's claim against a district.

Marketability

The District has no understanding with the Initial Purchaser regarding the reoffering yields or prices of the Bonds and has no control over trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked price for the Bonds may be greater than the difference between the bid and asked price of bonds of comparable maturity and quality issued by more traditional issuers as such bonds are more generally bought, sold or traded in the secondary market.

Continuing Compliance with Certain Covenants

Failure of the District to comply with certain covenants contained in the Bond Order on a continuing basis prior to the maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issuance. See "CONTINUING DISCLOSURE OF INFORMATION".

Future Debt

The District reserves in the Bond Order the right to issue the remaining \$22,090,000 authorized but unissued bonds (see "UNLIMITED TAX BONDS AUTHORIZED BUT UNISSUED"), and such additional bonds as may hereafter be approved by both the Board of Directors and voters of the District. The District has also reserved the right to issue certain other additional bonds, special project bonds, refunding bonds, inferior lien bonds, and other obligations described in the Bond Order. All the remaining \$22,090,000 bonds, which have heretofore been authorized by the voters of the District, may be issued by the District, with the approval of the TCEQ, from time to time as improvement needs arise. If the District does issue future bonds or other debt obligations, such issuance could increase gross debt/property valuation ratios and might adversely affect the investment security of the Bonds. See "THE BONDS – Issuance of Additional Debt."

The District contains 3,200 acres total. Approximately 60% of the District acreage is composed of large acreage Farm Home Tracts, of which the majority of the Tracts are not fully developed. The District currently has approximately 2,821 connections. The connections are estimated to increase to 4,000 by the year 2030 based on historical population growth and available undeveloped lands within the District. The District has previously constructed utilities provide service to all of the farm home tracts; however, much of the area is developed to its full capacity and utilities may need to be rehabilitated and additional plant capacity may be needed for full development.

Approval of the Bonds

As required by law, engineering plans, specifications and estimates of construction costs for the facilities and services to be purchased or constructed by the District with the proceeds of the Bonds have been approved, subject to certain conditions, by the TCEQ. See "USE AND DISTRIBUTION OF BOND PROCEEDS". In addition, the Attorney General of Texas must approve the legality of the Bonds prior to their delivery. Neither the TCEQ nor the Attorney General of Texas passes upon or guarantees the security of the Bonds as an investment, nor have the foregoing authorities passed upon the adequacy or accuracy of the information contained in this Official Statement.

DISTRICT MAP

THE DISTRICT

General

San Leon Municipal Utility District (the "District"), is a political subdivision of the State of Texas, created by an act of the 59th Legislature of the State of Texas on May 26, 1965, pursuant to House Bill 1082 Chapter 520 (Vernon's Texas Civil Statutes) and by Order of the Texas Water Rights Commission, now the Texas Commission on Environmental Quality ("TCEQ) as a conservation and reclamation district under the provisions of Section 59, Article XVI of the Constitution of the State of Texas. The District operates under the provisions of Chapters 49 and 51 of the Texas Water Code. The District operates as a water control and improvement district pursuant to the provisions of Chapters 49 and 51 of the Texas Water Code, as amended, and other general statutes of the State of Texas applicable to water control and improvement districts. The District is subject to the continuing supervision of the TCEQ and is located within the extraterritorial jurisdiction of the City of Texas City, Texas and within the boundaries of Dickinson Independent School District.

At the time of creation, the District contained 5,050 acres of land within its boundaries. Subsequently, on November 19, 1973, the District excluded 1,850 acres of land from its boundaries to Houston Lighting. The current acreage in the District is 3,200.

The District has the statutory authority, among other things, to purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water; and the collection, transportation, and treatment of wastewater. The District may issue bonds and other forms of indebtedness to purchase or construct such facilities. The District may also provide solid waste collection and disposal service and is empowered to establish, operate and maintain a fire department, independently or with one or more other conservation and reclamation districts, if approved by the voters of the District and the TCEQ. The District contracts for waste collection and disposal services. Fire protection and emergency services are provided to the District by the San Leon Volunteer Fire Department. The District is also empowered to operate and maintain certain recreational facilities within the District, but to date has not done so.

Location

The District is located in Galveston County approximately two miles east of State Highway 146 on West Galveston Bay, north of Texas City and east of Bacliff. The District is bounded on the north and east by West Galveston Bay, on the west by the former Houston Lighting and Power Company inlet channels and on the south by Dickinson Bay. The District is also approximately 10 miles from the City of Dickinson. The District is on the east side of Interstate Highway 45 approximately 35 miles south of the central business district of the City of Houston and 15 miles north of the central business district of the City of Galveston. The District lies entirely within Galveston County.

Management of the District

Board of Directors

The District is governed by a board, consisting of five directors, which has control over and management supervision of all affairs of the District. Directors' are elected to staggered four-year terms with elections held in May in each even numbered year. All of the directors own property in the District.

<u>Name</u>	<u>Position</u>	<u>Length of Service</u>	<u>Term Expires May</u>
Joe Manchaca	President	13 years	2022
Tyson Kennedy	Vice President	13 years	2022
Keith Gossett	Secretary	1 year	2020
Kenneth Bishop	Treasurer/Invest. Officer	11 years	2020
Kelly Neason	Asst. Secretary	3 years	2022

District Management

The District provides its own utility system management, operating and bookkeeping services. The District employs the following individuals in the following capacities.

District Manager:	Andrew Miller
Office Manager:	Janice Hoffman
Field Supervisor:	Ken Keller

In addition, the District employs six licensed operators and two in training, as well as, two other personnel.

The District does provide a Pension Plan for its employees. Please see Note 9 in the District's June 30, 2018 Audit attached included in this document.

Consultants

Tax Assessor/Collector

Land and improvements in the District are being appraised by the Galveston County Appraisal District. The Tax Assessor/Collector is appointed by the Board of Directors of the District. The Galveston County Tax Assessor/Collector, Ms. Cheryl E. Johnson, currently serves the District in this capacity under contract.

Engineer

The District's consulting engineer is Costello Engineering & Surveying (the "Engineer").

Auditor

The District's audited financial statements for the year ended June 30, 2016 were prepared by McCall Gibson Swedlund Barfoot PLLC. See APPENDIX A for a copy of the District's year end June 30, 2016 audited financial statements.

Financial Advisor

SAMCO Capital Markets, Inc. serves as the District's financial advisor (the "Financial Advisor"). The fee for services rendered in connection with the issuance of the Bonds is based on the percentage of the Bonds issued, sold and delivered and, therefore, such fee is contingent upon the sale and delivery of the Bonds.

General Counsel & Co-Bond Counsel

The District has engaged Reid, Strickland & Gillette, LLP, Baytown, Texas, as General Counsel & Co-Bond Counsel in connection with the issuance of the District's Bonds. The fees of Co-Bond Counsel are contingent upon the sale of and delivery of the Bonds.

Co-Bond Counsel

The District has engaged Baker Williams Matthiesen LLP, Houston, Texas, as Co-Bond Counsel in connection with the issuance of the District's Bonds. The fees of Co-Bond Counsel are contingent upon the sale of and delivery of the Bonds.

Special Tax Counsel

The District has engaged Orrick, Herrington & Sutcliffe, LLP, Houston, Texas, as Special Tax Counsel to the District. The fees paid to Special Tax Counsel are contingent upon the sale of and delivery of the Bonds.

Disclosure Counsel

The District has employed Johnson Petrov LLP, Houston, Texas, as disclosure counsel.

Development

Development of the District began in the 1970s. Water, sewer and drainage facilities are available to serve all the land in the District of land in the District. As of June 30, 2019, there were 2,606 active single-family home connections in the District. In addition to the single-family connections, there are approximately 50 meters in use at mobile home and RV parks, 79 commercial meters and 36 multi-residential meters. These meters serve approximately 558 Equivalent Single-Family connections.

The District has approximately six miles of property fronting Galveston Bay. Development along the Bay has been and currently is high-end, well-kept home sites many of which are weekend/vacation homes. The remainder of the District consists of smaller homes including various mobile home parks and permanent recreation vehicles. There is no zoning in the District, and therefore, there is no pattern to development of home sites in type, value or maintenance. Of the homes which currently have been designated as homesteads, the average market value as shown on the 2019 tax roll of the District prepared by the Galveston Central Appraisal District is approximately \$135,796.

Commercial development in the District includes fish and shrimp processing companies, oil production, neighborhood grocery stores, restaurants, marinas, boat repair facilities RV Parks and various other retail and service establishments. See "TAX DATA – Principal Taxpayers." Fire protection is provided by the San Leon Volunteer Fire Department, which also provided "Emergency Medical" and "First Responder" services for the San Leon community. A hospital is located in Texas City which is approximately ten minutes away. Schools for the District are provided by the Dickinson Independent School District.

Future Development

The District contains 3,200 acres total. Approximately 60% of the District acreage is composed of large acreage farm home tracts, of which the majority of the tracts are not fully developed. The District currently has approximately 2,800 connections. The connections are estimated to increase to 4,000 by the year 2030 based on historical population growth and available undeveloped lands within the District. The District has previously constructed utilities to serve all of the farm home tracts; however, much of the area is not developed to its full capacity and utilities may need to be rehabilitated and plant capacity may need to be added for full development.

Annexation of the District

The District lies within the extraterritorial jurisdiction of the City of Texas City. The District has approximately 3,200 acres currently within the boundaries of the District. See "EXTRATERRITORIAL JURISDICTION AND ANNEXATION" for a discussion of the ability of the City of Texas City to annex the District.

THE SYSTEM

General

The water and wastewater facilities, the purchase, acquisition and construction of which have been financed by the District with the proceeds of previous bonds issuances, have been designed in accordance with accepted engineering practices and the recommendation of certain governmental agencies having regulatory or supervisory jurisdiction over construction and operation of such facilities, including, among others, the TCEQ. According to the Engineer, the design of all such facilities has been approved by all governmental agencies, which have jurisdiction over the District.

Operation of the District's waterworks and wastewater facilities is subject to regulation by, among others, the Environmental Protection Agency and the TCEQ. In many cases, regulations promulgated by these agencies have become effective only recently and are subject to further development and revision.

Water System

The District's primary water supply is surface water provided by the Gulf Coast Water Authority (the "Authority") with groundwater as a backup. Groundwater is obtained from one water well located within the District to supplement the supply from the Gulf Coast Water Authority during times of emergency. The District is within the jurisdictional boundaries of the Gulf Coast Water Authority. The Authority combined all of the wells within its boundaries in an aggregated permit. The District is authorized to withdraw 2.1 million gallons for the calendar year 10/1/2018 to

9/30/2019, as part of the combined total aggregated permit. This permit for the water well is renewed on an annual basis and is maintained by the District.

The District currently owns and operates one water supply plant, Water Plant No. 1. The water supply plant currently serves the District up to 1.5 million gallons per day of surface water from the Authority and one well for back up. The District's existing water supply plant has capacity to serve approximately 3,392 ESFCs and is capable of serving the existing development of 3,274 ESFC connections within the District. No funds from this bond sale will be used to construct any development or facility expansion. The District is projected to have 4,000 connections (4,609 ESFC) by 2030.

Surface Water Supply Contract: On May 13, 1985, the District executed an agreement with the Galveston County Water Authority, presently known as the Gulf Coast Water Authority (the "Authority"). This agreement was amended on June 1, 1998. The Authority represents that a supply of surface water is available to the District through the Mainland System. The District acknowledged that because the water to be supplied under the terms of this Agreement will be supplied by means of the Authority's Industrial Division to the Mainland System, the Authority must comply with certain provisions of the Industrial Division Customer Contracts and certain Water Supply Contracts.

With the 1998 contract amendment and upon the occurrence of the commencement date, participants in the "South Project" became participants in the facilities. The South Project added approximately 25 Million Gallons Per Day (MGD) capacity in the water plant, the South Line, the Galveston Line, the Highway 6 Line, the Alta Loma Pump Station, the 39-Inch Line and the Alta Loma Wells. The actual commencement date was June 1, 2001.

The District's current reserved capacity is 1,785,000 gallons per day of the total capacity in the Mainland Project. The District's "take or pay" quantity is 546,000 gallons per day. On March 1, 2005, the District executed a Mainland Project 2011 Expansion Feasibility Study Financing Agreement with the Authority. The District has expressed an interest in acquiring 694 gallons per minute additional capacity in the expansion of the plant.

The Authority agreed to furnish, install, operate and maintain at or near the point of delivery the necessary equipment and devices of a standard type for measuring the quantity of water delivered to the District. The Authority has the responsibility for reading the measurement devices and maintaining a journal or record book of such readings and the District has access to such journals. The District has the right to request calibration of the meter no more than once every 180 days.

Charges to the District include its share of the Mainland System Raw Charges, Operation Charges, Capital Charges and at times water charges. On September 26, 2006, the contract was ratified for the acceptance of surplus water at a lower rate. During the fiscal year (2017), the District recorded \$471,251 in water costs attributable to the contract. The term of this agreement extends through December 31, 2022. The District intends to extend the contract under the terms of renewal. The Authority is the supplier of water in the entire area.

Wastewater System

The existing Wastewater Treatment Plant (WWTP) has a capacity of 950,000 gallons per day (gpd) and is sufficient to handle 3,393 connections or 3773 ESFCs, based on 280 gpd per connection. The District has a significantly lower usage of approximately 210 gpd/connection and even lower during dry weather periods. While the District has averaged approximately 80% of the WWTP's capacity for the past 24 months, approximately 25% of the capacity used is due to Inflow and Infiltration (I&I). The current permit expires May 13, 2024. While this capacity is adequate to serve the existing District development, the results of the combined growth and I&I issues has made it necessary to expand the facilities to provide proper treatment and management of sanitary flows. The funds from this bond sale will be used to expand the treatment facilities to twice its current capacity to 1,950,000 gpd and includes a new 48-inch treated effluent pipe to convey flow to the outfall point in Salt Bayou. The line is oversized to accommodate for storm surges (higher water surface elevations over land due to hurricanes) that would impede normal discharge flow.

The District has an extensive sanitary sewer collection system that provides service to all property within the District boundaries. As the development within the District continues, rehabilitation of the sanitary collection system will proceed once the treatment plant is complete, as appropriate funding has been authorized by the residents of San Leon.

Drainage System

The drainage of the entire District is distributed through various manmade ditches, underground lines and drainage channels that flow to Dickinson Bay and Galveston Bay and are maintained by Galveston County. When a rainfall event occurs, the rain flows overland to the ditches. From the western edge of the District boundary, the area drains south and east toward Dickinson Bay. The northern side of the District drains north toward Galveston Bay. And the far eastern portion of the District continues to drain eastward to Galveston Bay.

100-year Flood Plain

According to Federal Emergency Management Agency Flood Insurance Rate Maps (Panel No. 485470 0035C, Panel No. 485470 0099C, Panel No. 485470 0100 and Panel No. 485470 0105C, all dated May 2, 1983), approximately 2,100 acres of the District's 3,200 acres, most of which are adjacent to Galveston Bay and Dickinson Bay, are located within the 100 year flood plain. Galveston County Flood Plain Management requires all new construction or substantial improvements of non-residential and residential structures within its unincorporated areas to have the lowest floor to be elevated to or above the level of the 100-year flood elevation or 18 inches above natural ground, whichever is higher. The District has not verified that the homes and improvements on any property have been constructed at or above the minimum slab and elevation requirements. The construction of houses and other improvements at or above the minimum slab and elevation requirements does not assure that such structures will not flood under catastrophic events such as major hurricanes. See "INVESTMENT CONSIDERATIONS – Hurricanes and Subsidence."

Future Debt

The District reserves in the Bond Order the right to issue the remaining \$22,090,000 authorized but unissued bonds (see "UNLIMITED TAX BONDS AUTHORIZED BUT UNISSUED"), and such additional bonds as may hereafter be approved by both the Board of Directors and voters of the District. The District has also reserved the right to issue certain other additional bonds, special project bonds, refunding bonds, inferior lien bonds, and other obligations described in the Bond Order. All the remaining \$22,090,000 bonds, which have heretofore been authorized by the voters of the District, may be issued by the District, with the approval of the TCEQ, from time to time as improvement needs arise. If the District does issue future bonds or other debt obligations, such issuance could increase gross debt/property valuation ratios and might adversely affect the investment security of the Bonds. See "THE BONDS – Issuance of Additional Debt."

Approximately 60% of the District acreage is composed of large acreage Farm Home Tracts, of which the majority of the Tracts are not fully developed. The District currently has approximately 2,800 connections. The connections are estimated to increase to 4,000 by the year 2045 based on historical population growth and available undeveloped lands within the District. The District has previously constructed utilities to serve all of the Farm Home Tracts; however, much of the areas are not developed to their full capacity and utilities may need to be rehabilitated, and additional plant capacity added, once full development is achieved which may require the issuance of additional bonds.

Water and Wastewater Operations
Rate and Fee Schedule

The Board of Directors establishes rates and fees for water and sewer service, subject to change from time to time. The following schedule sets forth the rates and fees for the District's water and sewer service, which have been in effect since September 2018.

Water (Monthly Billing)

Single-Family & Multi-Residential:	
Base Rate 5/8" Meter (includes 2,000 gallons).....	\$20.00
3,000 to 4,999	\$5.50 per 1,000 gallons
5,000 to 7,999	\$5.75 per 1,000 gallons
8,000 to 10,999	\$6.00 per 1,000 gallons
11,000 to 24,999	\$6.25 per 1,000 gallons
25,000 to 44,999	\$6.50 per 1,000 gallons
45,000 to 75,999	\$6.75 per 1,000 gallons
Over 75,000	\$7.00 per 1,000 gallons
Commercial and/or Commercial Multi:	
Base Rate (includes 2,000 gallons)	\$25.00
3,000 to 4,999	\$6.75 per 1,000 gallons
5,000 to 7,999	\$7.00 per 1,000 gallons
8,000 to 10,999	\$7.25 per 1,000 gallons
11,000 to 24,999	\$7.50 per 1,000 gallons
25,000 to 44,999	\$7.75 per 1,000 gallons
45,000 to 75,999	\$8.00 per 1,000 gallons
Over 75,000	\$8.25 per 1,000 gallons

Wastewater (Monthly Billing)

Single-Family & Multi-Residential:	
Base Rate (includes 2,000 gallons)	\$20.00
3,000 to 4,999	\$4.50 per 1,000 gallons
5,000 to 7,999	\$4.75 per 1,000 gallons
8,000 to 10,999	\$5.00 per 1,000 gallons
Over 11,000	\$5.25 per 1,000 gallons
Commercial and/or Commercial Multi:	
Base Rate (includes 2,000 gallons)	\$20.00
3,000 to 4,999	\$4.50 per 1,000 gallons
5,000 to 7,000	\$5.00 per 1,000 gallons
8,000 to 10,999	\$5.50 per 1,000 gallons
Over 11,000	\$6.00 per 1,000 gallons

Water and Wastewater Operating Statement

The following statement sets forth in condensed form the historical operations of the District's water and sewer system. Such summary has been prepared upon information obtained from the District's audited financial statements and records. Reference is made to such statements for further and more complete information. See "APPENDIX A – Audited Financial Statement.

Debt Service Fund	\$ 1,957,414 (a)
Capital Projects Fund	\$1,030,453

(a) After the sale of the bonds. Included in the sale of Bonds is 12 months of capitalized interest cost estimated at 5% of the principal amount of the Bonds (est. \$1,137,500) and will be deposited to the Debt Service Fund upon closing. Neither Texas law nor the Bond Order requires the District to maintain any particular sum in the Debt Service Fund.

Investment Authority and Investment Practices of the District

The District has adopted an Investment Policy (the "Policy") as required by the Public Funds Investment Act, Chapter 2256, Texas Government Code (the "Act"). The District's goal is to preserve principal and maintain liquidity in a diversified portfolio while securing a competitive yield on its portfolio. Funds of the District are to be invested only in accordance with the Policy. The Policy states that the funds of the District may be invested in short term obligations of the U.S. or its agencies or instrumentalities, in certificates of deposits insured by the Federal Deposit Insurance Corporation ("FDIC") and secured by collateral authorized by the Act, and in TexPool and TexStar, which are public funds investment pools rated in the highest rating category by a nationally recognized rating service. The District does not currently own, nor does it anticipate, the inclusion of long-term securities or derivative products in the portfolio.

Current Investments

The District's funds are currently invested in TexPool, TexStar and Certificates of Deposit at various financial institutions. This investment portfolio is generally representative of the District's investment practices although the District has in the past or may in the future also invest in authorized Government Securities. State law requires the District to mark its investments to market price each calendar quarter and upon the conclusion of each fiscal year, for the purpose of compliance with applicable accounting policies concerning the contents of the District's audited financial statements. The District currently marks its investments to market price monthly.

Estimated Overlapping Debt Statement

Other governmental entities whose boundaries overlap the District have outstanding bonds payable from ad valorem taxes. The following statement of direct and estimated overlapping ad valorem tax debt was developed, from several sources, including information contained in the "Texas Municipal Report," published by the Municipal Advisory Council of Texas. Except for the amount relating to the District, the District has not independently verified the accuracy or completeness of such information, and no person is entitled to rely upon such information as being accurate or complete. Furthermore, certain of the entities listed below may have issued additional bonds since the dates stated in this table, and such entities may have programs requiring the issuance of substantial amounts of additional bonds, the amount of which cannot be determined. Political subdivisions overlapping the District are authorized by Texas law to levy and collect ad valorem taxes for operation, maintenance and/or general revenue purposes in addition to taxes of debt service and the tax burden for operation, maintenance and/or general purposes is not included in these figures.

- (a) Reflects classification of assessed valuation as supplied by the Galveston Central Appraisal District ("GCAD") prior to adjustments and exemptions. Such value may differ from the original certified assessed valuation, and any supplements or adjustments thereto, as supplied by GCAD.
- (b) In 2017 the GCAD upgraded and changed their software. The reports for previous years from the older software did not completely match with the categories currently used in the new software program.

Tax Collections

The following statement of tax collections reflects the historical tax collection experience of the District. Such summary has been prepared for inclusion herein based upon information from District audits and records of the District Tax Assessor/Collector. Reference is made to such audits and records for further and more complete information. See "Classification of Assessed Valuation" above.

	Assessed Valuation	Tax Rate	Tax Levy	Current		Total		Fiscal Year
				Amount	%	Amount	%	Ending
2013	217,173,442	0.45	977,280	917,144	93.85	970,565	99.32	06/30/14

(a) The 2018 tax collections through July 31, 2019. The District's fiscal year end is June 30.

District Tax Rates

Tax Rate Per \$100 A.V.	2019	2018	2017	2016	2015	2014
Debt Service	\$0.45	\$0.18	\$0.2582	\$0.2459	\$0.2622	\$0.30
Maintenance	\$0.18	\$0.27	\$0.1918	\$0.2041	\$0.1878	\$0.15
Total	\$0.63	\$0.45	\$0.4500	\$0.4500	\$0.4500	\$0.45

Tax Rate Limitation

The District's tax rate for debt service on the Bonds is legally unlimited as to rate or amount.

Maintenance Tax

The Board of Directors of the District has the statutory authority to levy and collect a continuing direct ad valorem tax for planning, maintaining, repairing and operating of the District's improvements, if such maintenance tax is authorized by a vote of the District's electors. Such tax is in addition to debt service taxes, which the District is authorized to levy for paying principal of and interest on the Outstanding Bonds, the Bonds, and any tax bonds which may be issued in the future. At an election held within the District on August 14, 1999, voters of the District authorized the levy of a maintenance tax not to exceed \$0.30 per \$100 of assessed valuation of taxable property within the District. As shown above under "District Tax Rates," the District levied a maintenance and operations tax of \$0.18 per \$100 assessed valuation for tax year 2019.

Top Taxpayers

The following list of principal taxpayers was provided by Galveston County Appraisal District based on the 2019 and 2018 tax rolls of the District, which reflect ownership as of January 1, of each year shown.

Taxpayer	Type of Property	2019	2018
Centerpoint Energy Inc.	Utility	\$2,566,120	\$2,229,810
Halili, Hajrulla Trustee	Residence & Business	2,111,097	1,716,900

Total		<u>\$15,303,882</u>	<u>\$13,589,495</u>
Percent of Assessed Valuation		3.97%	3.79%

(a)Not a top ten taxpayer in respective year.

Tax Adequacy for Debt Service

The calculations shown below are solely for purposes of illustration only and are based on the certified assessed value for 2019 as of January 1, 2019 and utilize tax rates adequate to service the District's total projected debt service requirements, including the Bonds. No available debt service funds are reflected in these computations. See "INVESTMENT CONSIDERATIONS – Factors Affecting Taxable Values and Tax Payments - Impact on District Tax Rates."

Projected Average Annual Debt Service Requirements on the Bonds (2020 through 2033).....	\$2,375,263
\$0.65 Tax Rate on 2019 Assessed Valuation as of January 1, 2019 of \$386,342,885 @ 95% collections produces	\$2,385,667
Projected Maximum Annual Debt Service Requirements on the Bonds (2034)	\$2,466,888
\$0.68 Tax Rate on 2019 Assessed Valuation as of January 1, 2019 of \$386,342,885 @ 95% collections produces	\$2,495,775

TAXING PROCEDURES

Authority to Levy Taxes

The Board is authorized to levy a continuing direct ad valorem tax on all taxable property within the District in an amount sufficient to pay the principal of and interest on the Bonds, and any additional bonds payable from taxes which the District may hereafter issue (see "INVESTMENT CONSIDERATIONS - Future Debt") and to pay the expenses of assessing and collecting such taxes. The District agrees in the Bond Order to levy such a tax from year-to-year as described more fully herein under "THE BONDS – Source of Payment." Under Texas law, the Board is also authorized to levy and collect a continuing direct annual ad valorem tax for the operation and maintenance of the District and its water and wastewater system and for the payment of certain contractual obligations if authorized by its voters. See "TAX DATA - Tax Rate Limitation".

Property Tax Code and County-Wide Appraisal District

The Texas Property Tax Code (the "Property Tax Code") specifies the taxing procedures of all political subdivisions of the State of Texas, including the District. Provisions of the Property Tax Code are complex and are not fully summarized herein.

The Property Tax Code requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of the State of Texas an appraisal district with the responsibility for recording and appraising property for all taxing units within a county and an appraisal review board with the responsibility for reviewing and equalizing the values established by the appraisal district. The Galveston Central Appraisal District (the "Appraisal District" or "GCAD") has the responsibility for appraising property for all taxing units within Galveston County, including the District. Such appraisal values are subject to review and change by the Galveston Central Appraisal Review Board (the "Appraisal Review Board"). The appraisal roll as approved by the Appraisal Review Board must be used by the District in establishing its tax roll and tax rate.

Property Subject to Taxation by the District

General: Except for certain exemptions provided by Texas law, all real property, tangible personal property held or used for the production of income, mobile homes and certain categories of intangible personal property with a tax situs in the District are subject to taxation by the District; however, no effort is expected to be made by the Appraisal District to include on a tax roll tangible or intangible personal property not devoted to commercial or industrial use. Principal categories of exempt property include, but are not limited to: property owned by the State of Texas or its political subdivisions if the property is used for public purposes; property exempt from ad valorem taxation by federal law; income producing tangible personal property or mineral interest with a taxable value of less than \$500; certain property used for the control of air, water or land pollution; solar and wind powered energy devices; certain household goods, wares and merchandise in transit; certain farm products owned by the producer; certain property of charitable organizations, youth development organizations, religious organizations, and qualified schools; designated historical sites; and most individually owned automobiles.

Property owned by a disabled veteran or a veteran who died while on active duty has been granted an exemption up to \$3,000 of assessed value. Partially exempt to between \$5,000 and \$12,000 of assessed value, depending upon the disability rating of the veteran, is property owned by a disabled veteran or spouse or certain children. House Bill 3613, enacted by the 81st Texas Legislature during its Regular Session, added Section 11.131 to the Texas Tax Code. Section 1 of this law states that a disabled veteran who receives from the United States Department of Veterans Affairs or its successor 100% disability compensation due to a service-connected disability and a rating of 100% disabled or of individual unemployability is entitled to an exemption from taxation of the total appraised value of the veteran's residence homestead.

Also exempt, if approved by the Board or through a process of petition and referendum by the District's voters, are residential homesteads of person sixty-five (65) years or older, qualifying surviving spouses of persons sixty-five (65) years or older and of certain disabled persons to the extent of \$3,000 of appraised value or more. The District's tax assessor/collector is authorized by statute to disregard such exemptions for the elderly and disabled if granting the exemptions would impair the District's obligation to pay tax supported debt incurred prior to adoption of the exemptions by the District.

Residential Homestead Exemptions: The Property Tax Code authorizes the governing body of each political subdivision in the State of Texas to exempt up to twenty (20%) percent of the appraised value of residential homesteads from ad valorem taxation. Where ad valorem taxes have previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect taxes against the exempt value of the homesteads until the debt is discharged, if the cessation of the levy would impair the obligations of the contract by which the debt was created. In 1989 the District adopted a 10% general homestead exemption.

Tax Abatement: Galveston County may designate all or a part of the area within the District as a reinvestment zone. Thereafter, Galveston County and the District may enter into tax abatement agreements with owners of real property within such zone. The tax abatement agreements may exempt from ad valorem taxation by the applicable taxing jurisdiction for a period of up to ten years, all or any part of the increase in the assessed valuation of property covered by the agreement over its assessed valuation in the year in which the agreement is executed, on the condition that the property owner make specified improvement or repairs to the property in conformity with a comprehensive plan. To date, none of the area within the District has been designated as a reinvestment zone and the District has not executed any abatement agreements.

Freeport Goods and Goods-in-Transit Exemptions:

A "Freeport Exemption" applies to goods, wares, ores, and merchandise other than oil, gas, and petroleum products (defined as liquid and gaseous materials immediately derived from reefing petroleum or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas which are destined to be forwarded outside of Texas and which are detained in Texas for assembling, storing, such property in transit and negate such exemption, the District does not have such an option. A "Goods-in-Transit" Exemption is applicable to the same categories of tangible personal property which are covered by the Freeport Exemption, if, for tax year 2012 and prior applicable years, such property is acquired in or imported into Texas for assembling, storing, manufacturing, processing, or fabricating purposes and is subsequently forwarded to another location inside or outside of Texas not later than 175 days after acquisition or importation, and the location where said property is detained during that period is not directly or indirectly owned or under the control of the property owner. For tax year 2012 and subsequent years, such Goods-in-Transit Exemption is limited to tangible personal property acquired in or imported into Texas for public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property. A property owner who received the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units such as the District may, by official action and after public hearing, tax goods-in-transit personal property. A taxing unit must exercise its option to tax goods-in transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. The District has not taken any action which would allow taxation of all such goods-in-transit personal property for tax year 2012 and prior years.

Valuation of Property for Taxation

Generally, property in the District must be appraised by the GCAD at market value as of January 1 of each year. Once an appraisal roll is prepared and formally approved by the Appraisal Review Board, it is used by the District in establishing its tax rolls and tax rate. Assessments under the Property Tax Code are to be based on one hundred percent (100%) of market value, as such is defined in the Property Tax Code.

The Property Tax Code permits land designated for agricultural use, open space or timberland to be appraised at its value based on the land's capacity to produce agricultural or timber products rather than at its market value. The Property Tax Code permits, under certain circumstances, that residential real property inventory held by a person in the trade or business be valued at the price that such property would bring if sold as a unit to a purchaser who would continue the business. Landowners wishing to avail themselves of the agricultural use, open space or timberland designation or residential real property inventory designation must apply for the designation, and the appraiser is required by the Property Tax Code to act on each claimant's right to the designation individually. A claimant may waive the special valuation as to taxation by some political subdivisions while claiming it as to another. If a claimant receives the agricultural use designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use, including taxes for the previous three years for agricultural use and taxes for the previous five years for open space land and timberland.

The Property Tax Code requires the GCAD to implement a plan for periodic reappraisal of property. The plan must provide for appraisal of all real property in the GCAD at least once every three years. It is not known what frequency of reappraisal will be utilized by the GCAD or whether reappraisals will be conducted on a zone or county-wide basis. The District, however, at its expense has the right to obtain from the GCAD a current estimate of appraised values within the District or an estimate of any new property or improvements within the District. While such current estimate of appraised values may serve to indicate the rate and extent of growth of taxable values within the District, it cannot be used for establishing a tax rate within the District until such time as the GCAD chooses formally to include such values on its appraisal roll.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units (such as the District) may appeal the orders of the Appraisal Review Board by filing a timely petition of review in State district court. In such event, the value of the property in question will be determined by the court or by a jury if requested by any party. Additionally, taxing units may bring suit against the GCAD to compel compliance with the Property Tax Code.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the District and provides for taxpayer referenda, which could result in the repeal of certain tax increases. The Property Tax Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property value, appraisals which are higher than renditions, and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The District is responsible for the levy and collection of its taxes unless it elects to transfer the collection functions to another governmental entity. Each year the rate of taxation is set by the Board based upon (a) the valuation of property within the District as of the preceding January 1 and (b) the amount required to be raised for debt service, maintenance purposes, and authorized contractual obligations. Taxes are due or when billed and become delinquent after January 31 of the following year. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent. The delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. In addition, if the District engages an attorney for the collection of delinquent taxes, the Board may impose a further penalty not to exceed 20% on all taxes, penalty and interest unpaid on July 1. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes under certain circumstances. Additionally, the owner of a residential homestead property that is a person sixty-five (65) years of age or older is entitled by law to pay current taxes on a residential homestead in installments or to defer the payment of taxes without penalty during the time of ownership.

Rollback of Operation and Maintenance Tax Rate

Under current law, the qualified voters of the District have the right to petition for a rollback of the District's operation and maintenance tax rate only if the total tax bill on the average residence homestead increases by more than 8% over the previous year. If a rollback election is called and passes, the rollback tax rate is the current year's debt service and contract tax rates plus 1.08 times the previous year's operation and maintenance tax rate. Thus, debt service and contract tax rates cannot be changed by a rollback election.

During the 86th Regular Legislative Session, Senate Bill 2 ("SB 2") was passed and signed by the Governor, with an effective date of January 1, 2020, which effectively restricts increases in the District's operation and maintenance tax rates by requiring rollback elections to reduce the operation and maintenance tax component of the District's total tax rate (collectively, the debt service tax rate, maintenance and operations tax rate and contract tax rate are the "total tax rate"). See "SELECTED FINANCIAL INFORMATION" for a description of the District's current total tax rate. SB 2 requires a reduction in the operation and maintenance tax component of the District's total tax rate if the District's total tax rate surpasses the thresholds for specific classes of districts in SB 2. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

SB 2 classifies districts differently based on the current operation and maintenance tax rate or on the percentage of build-out that the District has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified as "Low Tax Rate Districts." Districts

that have financed, completed, and issued bonds to pay for all improvements and facilities necessary to serve at least 95% of the projected build-out of the district, are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed are classified herein as "Other Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate pursuant to SB 2 is described for each classification below.

Low Tax Rate Districts

Low Tax Rate Districts that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are required to hold a rollback election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Low Tax Rate District is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

Developed Districts

Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions for the preceding tax year, plus any unused increment rates, as calculated and described in Section 26.013 of the Tax Code, are required to hold a rollback election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus 1.035 times the previous year's operation and maintenance tax rate plus any unused increment rates. In addition, if any part of a Developed District lies within an area declared for disaster by the Governor of Texas or President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Low Tax Rate District and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Low Tax Rate Districts.

Other Districts

Districts that do not meet the classification of a Low Tax Rate District or a Developed District are classified as Other Districts. The qualified voters of these districts, upon the Other District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax rate imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If a rollback election is called and passes, the total tax rate for Other Districts is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

The District

A determination as to a district's status as a Low Tax Rate District, Developed District or Other District will be made on an annual basis, at the time a district sets its tax rate, beginning with the 2020 tax rate. The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new rollback election calculation.

District's Rights In The Event Of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property as of January 1 of the year for which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all state and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of the State of Texas and each local taxing unit, including the District, having power to tax the property. The District's tax lien is on a parity with tax liens of such other taxing units (see "FINANCIAL STATEMENT – Overlapping Taxes"). A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the District is determined by applicable federal law. Personal property under certain circumstances is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights or by bankruptcy proceeding which restrict the collection of taxpayer debts. See "INVESTMENT CONSIDERATIONS - General - Tax Collections and Foreclosure Remedies."

LEGAL MATTERS

Legal Opinions

The District will furnish to the Initial Purchaser a transcript of certain certified proceedings incident to the issuance and authorization of the Bonds, including a certified copy of the approving opinion of the Attorney General of Texas, as recorded in the Bond Register of the Comptroller of Public Accounts of the State of Texas, to the effect that the Attorney General has examined a transcript of proceedings authorizing the issuance of the Bonds, and that based upon such examination, the Bonds are valid and binding obligations of the District payable from the proceeds of an annual ad valorem tax, levied without limitation as to rate or amount, upon all taxable property within the District. The District will also furnish the approving legal opinion of Baker Williams Matthiesen LLP, Houston, Texas, and Reid Strickland & Gillette, LLP, Baytown, Texas, Bond Counsel, to the effect that, based upon an examination of such transcript, the Bonds are valid and binding obligations of the District under the Constitution and laws of the State of Texas, except to the extent that enforcement of the rights and remedies of the registered owners of the Bonds may be limited by laws relating to bankruptcy, reorganization, or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. The District will also deliver the legal opinion of Special Tax Counsel to the effect that interest on the Bonds is excludable from gross income for federal income tax purposes under the statutes, regulations, published rulings and court decisions existing on the date of such opinion, assuming compliance by the District with certain covenants relating to the use and investment of the proceeds of the Bonds. See "Tax Matters" below. The legal opinion of Bond Counsel will further state that the Bonds are payable, both as to principal and interest, from the levy of ad valorem taxes, without limitation as to rate or amount, upon all taxable property within the District. Errors or omissions in the printing of such legal opinion on the Bonds shall not affect the validity of the Bonds nor constitute cause for the failure or refusal by the Initial Purchaser to accept delivery of and pay for the Bonds.

The legal fees to be paid to Bond Counsel and Special Tax Counsel for services rendered in connection with the issuance of the Bonds are based upon a percentage of bonds actually issued, sold and delivered, and therefore such fees are contingent upon the sale and delivery of the Bonds.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

Legal Review

Bond Counsel has reviewed the information appearing in this Official Statement under the caption "THE DISTRICT - General," "THE BONDS (other than "Book-Entry Only)," "TAXING PROCEDURES," "LEGAL MATTERS," and "CONTINUING DISCLOSURE OF INFORMATION," (other than information regarding "Compliance with Prior Undertakings") and Special Tax Counsel has reviewed the information appearing under "TAX MATTERS", each solely to determine whether such information fairly summarizes matters of law and the provisions of the documents referred to therein. Bond Counsel has not, however, independently verified any of the factual information contained in this Official Statement nor has it conducted an investigation of the affairs of the District or the developers for the purpose of passing upon the accuracy or completeness of this Official Statement. No person is entitled to rely upon Bond Counsel's limited participation as an assumption of responsibility for or an expression of opinion of any kind with regard to the accuracy or completeness of any information contained herein.

No Material Adverse Change

The obligations of the Initial Purchaser to take and pay for the Bonds, and of the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the condition (financial or otherwise) of the District subsequent to the date of sale from that set forth or contemplated in the Preliminary Official Statement, as it may have been supplemented or amended through the date of sale.

No-Litigation Certificate

The District will furnish the Initial Purchaser a certificate, dated as of the date of delivery of the Bonds, executed by both the President or Vice President and Secretary or Assistant Secretary of the Board, to the effect that no litigation of any nature has been filed or is to their knowledge then pending or threatened, either in state or federal courts, contesting or attaching the Bonds; restraining or enjoining the issuance, execution or delivery of the Bonds; affecting the provisions made for the payment of or security for the Bonds; in any manner questioning the authority or proceedings for the issuance, execution or delivery of the Bonds; or affecting the validity of the Bonds.

TAX MATTERS

In the opinion of Orrick, Herrington & Sutcliffe, LLP, Special Tax Counsel ("Special Tax Counsel"), based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"). Special Tax Counsel is of the further opinion that interest on the Bonds is not a specific preference item for purposes of the federal minimum taxes. A complete copy of the proposed form of opinion of Special Tax Counsel is set forth in Appendix B hereto.

To the extent the issue price of any maturity of the Bonds is less than the amount to be paid at maturity of such Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Bonds), the difference constitutes "original issue discount," the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest on the Bonds which is excluded from gross income for federal income tax purposes. For this purpose, the issue price of a particular maturity of the Bonds is the first price at which a substantial amount of such maturity of the Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Bonds accrues daily over the term to maturity of such Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Bonds. Beneficial Owners of the Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of Beneficial Owners who do not purchase such Bonds in the original offering to the public at the first price at which a substantial amount of such Bonds is sold to the public.

Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Bonds") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of obligations, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a Beneficial Owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such Beneficial Owner. Beneficial Owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The District has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Bonds. The opinion of Special Tax Counsel assumes the accuracy of these representations and compliance with these covenants. Special Tax Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or

not occurring), or any other matters coming to Special Tax Counsel's attention after the date of issuance of the Bonds may adversely affect the value of, or the tax status of interest on, the Bonds. Accordingly, the opinion of Special Tax Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Special Tax Counsel is of the opinion that interest on the Bonds is excluded from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the Bonds may otherwise affect a Beneficial Owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner's other items of income or deduction. Special Tax Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. Prospective purchasers of the Bonds should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Special Tax Counsel is expected to express no opinion.

The opinion of Special Tax Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Special Tax Counsel's judgment as to the proper treatment of the Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service ("IRS") or the courts. Furthermore, Special Tax Counsel cannot give and has not given any opinion or assurance about the future activities of the District or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The District has covenanted, however, to comply with the requirements of the Code.

Special Tax Counsel's engagement with respect to the Bonds ends with the issuance of the Bonds, and, unless separately engaged, Special Tax Counsel is not obligated to defend the District or the Beneficial Owners regarding the tax-exempt status of the Bonds in the event of an audit examination by the IRS. Under current procedures, parties other than the District and its appointed counsel, including the Beneficial Owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the District legitimately disagrees, may not be practicable. Any action of the IRS, including but not limited to selection of the Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Bonds, and may cause the District or the Beneficial Owners to incur significant expense.

CONTINUING DISCLOSURE OF INFORMATION

In the Bond Order, the District has made the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds subject to amendment to or repeal of same as set forth below. Under the agreement, the District will be obligated to provide certain financial information and operating data annually, and timely notice of specified events, to the Municipal Securities Rulemaking Board ("MSRB"). At such time as the aggregate outstanding bonds of the District do not exceed \$10,000,000, including the outstanding amount of the Bonds, the District is then required to provide, and so agrees to provide only (i) financial information and operating data which is customarily prepared by the District and is publicly available and (ii) notice within 10 business days after the occurrence of one or more of the 16 listed events described below. See "CONTINUING DISCLOSURE OF INFORMATION—Listed Event Notices". The MSRB has established the Electronic Municipal Market Access ("EMMA") system for access to such information.

Annual Reports

The District will provide certain updated financial information and operating data, which is customarily prepared by the District and publicly available, annually to MSRB. The financial information and operating data which will be provided with respect to the District is found in APPENDIX A (the District's Audited Financial Statements). The District will update and provide this information to MSRB within six months after the end of each of its fiscal years ending in or after 2020. Any information concerning the District so provided shall be prepared in accordance with

generally accepted auditing standards or other such principles as the District may be required to employ from time to time pursuant to state law or regulation, and audited if the audit report is completed within the period during which it must be provided. If the audit report of the District is not complete within such period, then the District shall provide unaudited financial statements for the applicable entity and fiscal year to MSRB within such six-month period and audited financial statements when the audit report becomes available.

The District may provide such information in full text or may incorporate by reference certain other publicly available documents, as permitted by SEC Rule 15c2-12 (the "Rule"). The updated information will include audited financial statements, if the District commissions an audit and the audit is completed by the required time. If the audit of such financial statements is not complete within such period, then the District will provide unaudited financial information and operating data which is customarily prepared by the District by the required time and audited financial statements when and if such audited financial statements become available. Any such financial statements will be prepared in accordance with the accounting principles described in the Bond Order or such other accounting principles as the District may be required to employ from time to time pursuant to state law or regulation.

The District's current fiscal year end is June 30. Accordingly, it must provide updated information by December 31 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify MSRB of the change.

Listed Event Notices

The District will provide timely notices of certain events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701 TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds, or other events affecting the tax exempt status of the Bonds; (7) modifications to rights of beneficial owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person within the meaning of CFR § 240.15c2-12 (the "Rule"); (13) consummation of a merger, consolidation, or acquisition involving the District, or other obligated person within the meaning of the Rule or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of an definitive agreement relating to any such actions, other than pursuant to its terms, if material; and (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of financial obligation of the District, if material; (16) default, event of acceleration, termination event, modification of terms, or other similar events under terms of a financial obligation of the District, any of which reflect financial difficulties. In addition, the District will provide the MSRB, in a timely manner, notice of any failure by the District to provide the required annual financial information described above under "Annual Reports" and any notices of material events in accordance with this section. The term "material" when used in this paragraph shall have the meaning ascribed to it under federal securities laws. Neither the Bonds nor the Bond Order makes any provision for debt service reserves or liquidity enhancement. In addition, the District will provide timely notice of any failure by the District to provide information, data, or financial statements in accordance with its agreement described above under "Annual Reports."

For purposes of the event numbered (12) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the District in a proceeding under a U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement of liquidation by a court or governmental authority having supervision or jurisdiction over substantially all the assets or business of the District. A "financial obligation" as described in (15) and (16) above means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, and existing or planned obligation; or (iii) a guarantee of (i) or (ii). The term "financial obligation" does not include municipal securities as to which a final official statement has been provided to MSRB consistent with the Rule.

Availability of Information from MSRB

The District has agreed to provide the foregoing information only to the MSRB. The MSRB makes the information available to the public without charge through the EMMA internet portal at www.emma.msrb.org.

Compliance with Prior Undertakings

This is the District's eighth issuance of Bonds, including the Series 2012 Refunding Bonds. Although some prior compliance filings were not made timely due to administrative oversight, the District has now complied with all continuing disclosure agreements made by it pursuant to the Rule. In addition, the District has put certain administrative procedures in place to help ensure timely compliance with its annual obligations in the future.

OTHER INFORMATION

Registration and Qualification of Bonds for Sale

No registration statement relating to the Bonds has been filed with the Securities and Exchange Commission (the "SEC") under the Securities Act of 1933, as amended, in reliance upon the exemption provided thereunder by Section 3(a)(2). The Bonds have not been approved or disapproved by the SEC, nor has the SEC passed upon the accuracy or adequacy of this Official Statement. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein, nor have the Bonds been registered or qualified under the securities act of any other jurisdiction. The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be sold, assigned, pledged, hypothecated, or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions.

Authenticity of Financial Information

The financial data and other information contained herein have been obtained from the District's records, audited financial statements, and other sources that are believed to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will be realized. All of the summaries of the statutes, documents, and Orders contained in this Official Statement are made subject to all of the provisions of such statutes, documents, and Orders. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information. Reference is made to original documents in all respects.

Forward Looking Statements

The statements contained in this Official Statement, and in any other information provided by the District, that are not purely historical, are forward-looking statements, including statements regarding the District's expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available to the District on the date hereof, and the District assumes no obligation to update any such forward-looking statements. The District's actual results could differ materially from those discussed in such forward-looking statements.

The forward-looking statements included herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal, regulatory circumstances and conditions, and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial, and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions of future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the District. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement will prove to be accurate.

OFFICIAL STATEMENT

Preparation

The financial data and other information contained in this Official Statement has been obtained primarily from the District's records, the Engineer and information from certain other sources. All of these sources are believed to be reliable, but no guarantee is made by the District as to the accuracy or completeness of the information derived from such sources, and its inclusion herein is not be construed as a representation on the part of the District except as described below under "Certification of Official Statement". Furthermore, there is no guarantee that any of the assumptions or estimates contained herein will be realized. The summaries of the agreements, reports, statutes, resolutions, engineering and other related information set forth in this Official Statement are included herein subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information.

Financial Advisor

SAMCO Capital Markets, Inc. is employed as the Financial Advisor to the District to render certain professional services including advising the District on a plan of financing and preparing the Official Statement. In its capacity as Financial Advisor, SAMCO Capital Markets, Inc. has compiled and edited this Official Statement. The Financial Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information. The fees paid the Financial Advisor for services rendered in connection with the issuance and sale of the Bonds are based on a percentage of the Bonds actually issued, sold and delivered, and therefore such fees are contingent on the sale and delivery of the Bonds.

Consultants

In approving this Official Statement, the District has relied upon the following consultants:

Engineer: The information contained in this Official Statement relating to engineering matters and to the description of the System and in particular that information included in the sections entitled "THE DISTRICT" and "THE SYSTEM" has been provided by AEI Engineering LLC and has been included herein in reliance upon the authority of said firm as experts in the field of civil engineering.

Appraisal District: The information contained in the Official Statement relating to the certified assessed valuation of property in the District and, in particular such information contained in the sections captioned "FINANCIAL STATEMENT" and "TAX DATA" has been provided by the Galveston Central Appraisal District, in reliance upon the authority as experts in appraising and tax assessing.

Tax Assessor/Collector: The information contained in this Official Statement relating to principal taxpayers and tax collection rates has been provided by Ms. Cheryl Johnson Galveston County Tax Assessor/Collector in reliance upon her authority as an expert in the field of tax assessing and collecting.

Auditor: The District's financial statements for the year ending June 30, 2019, were audited by McCall Gibson Swedlund Barfoot PLLC, Certified Public Accountants. See "APPENDIX A" for a copy of the District's [June 30, 2019, financial statement](#).

Updating the Official Statement During Underwriting Period

If, subsequent to the date of the Official Statement to and including the date the Initial Purchaser is no longer required to provide an Official Statement to potential customers who request the same pursuant to the Rule (the earlier of (i) 90 days from the "end of the underwriting period" (as defined in the Rule) and (ii) the time when the Official Statement is available to any person from a nationally recognized repository but in no case less than 25 days after the "end of the underwriting period"), the District learns or is notified by the Initial Purchaser of any adverse event which causes any of the key representations in the Official Statement to be materially misleading, the District will promptly prepare and supply to the Initial Purchaser a supplement to the Official Statement which corrects such representation to the reasonable satisfaction of the Initial Purchaser, unless the Initial Purchaser elects to terminate its obligation to purchase the Bonds as described below. The obligation of the District to update or change the Official Statement will terminate when the District delivers the Bonds to the Initial Purchaser (the "end of the underwriting period" within the meaning of

the Rule), unless the Initial Purchaser provides written notice to the District that less than all the Bonds have been sold to ultimate customers on or before such date, in which case the obligation to update or change the Official Statement will extend for an additional period of time of 25 days after all of the Bonds have been sold to ultimate customers. In the event the Initial Purchaser provides written notice to the District that less than all of the Bonds have been sold to ultimate customers, the Initial Purchaser agrees to notify the District in writing following the occurrence of the "end of the underwriting period" as defined in the Rule.

Certification as to Official Statement

The District, acting by and through its Board of Directors in its official capacity, in reliance upon the experts listed above, hereby certifies, as of the date hereof, that to the best of its knowledge and belief, the information, statements and descriptions pertaining to the District and its affairs herein contain no untrue statements of a material fact and do not omit to state any material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading. The information, description and statements concerning entities other than the District, including particularly other governmental entities, have been obtained from sources believed to be reliable, but the District has made no independent investigation or verification of such matters and makes no representation as to the accuracy or completeness thereof.

Official Statement "Deemed Final"

For purposes of compliance with Rule 15c(2)-12 promulgated by the Securities and Exchange Commission, this document, as the same may be supplemented or corrected by the District from time-to-time, may be treated as an Official Statement with respect to the Bonds described herein "deemed final" by the District as of the date hereof (or of any such supplement or correction) except for the omission of certain information referred to in the succeeding paragraph.

The Official Statement, when further supplemented by adding information specifying the interest rates and certain other information relating to the Bonds, shall constitute a "FINAL OFFICIAL STATEMENT" of the District with respect to the Bonds, as that term is defined in Rule 15c(2)-12.

This Official Statement was approved by the Board of Directors of San Leon Municipal Utility District, as of the date shown on the first page hereof.

SAMCO Capital Markets, Inc.

MINUTES OF REGULAR MEETING OF
SAN LEON MUNICIPAL UTILITY DISTRICT

THE STATE OF TEXAS

§
§
§

COUNTY OF GALVESTON

The Board of Directors of the San Leon Municipal Utility District met in regular session, open to the public, on Wednesday, August 21, 2019, at 6:30 p.m. at the District's regular meeting place at the San Leon Volunteer Fire Department 337 12th Street, San Leon, Texas. Constituting a quorum, the following members of the Board were present, to-wit:

Joe Manchaca, President
Kelly Neason, Asst. Secretary

Kenneth Bishop, Treasurer
Keith Gossett, Secretary

Not Present: Tyson Kennedy, Vice President

Also present were Janice Hoffman, Office Manager, Ken Keller, Field Superintendent, Andrew Miller, District Manager, Hal Walker, District's Engineer Chris Lane, District's Financial Advisor and Perry Larvin, Security.

Not Present: Steve Don Carlos, District's Attorney

Call Meeting to Order:

Meeting called to order at 6:30 pm.

Comments from District Residents:

Dan Sumpter had comments and questions regarding the letter received about the rate increase for the San Leon Volunteer Fire Dept. There were no other comments from District residents.

Call Public Hearing concerning Adoption of the District Tax Rate and Authorize Publication of Notice of Public Hearing, take Record Vote on Proposed Tax Rate:

C. Lane discussed the proposed draft documents. C. Lane said they are in the process of issuing Bonds so you can include that Bond issue in this year tax rate; so the debt service to \$0.45 and the O & M down to \$0.18, a total of \$0.63. There were four (4) Board members for, none (0) against and one (1) not present and setting the 2019 tax rate at \$0.63. Ken Bishop made the motion to call a public hearing and authorize publication notice of a public hearing for the proposed tax rate, seconded by Kelly Neason. All in favor, motion carried unanimously.

Consider discussion from Boyd Thomure:

Boyd Thomure asked the Board to consider waiving the \$25 reconnect fee if the customer has been a good paying customer for the last six (6) years. Look into a reduced rate for the over 65 customers on a fixed income and the customer would have to apply for it. To have a separate fund to be established to assist in paying the monthly bill for the household due to illness or family hardship and they would need to apply for this also. Something to think about and look into.

Consider and Approve a Proposed Development at 24th and Ave N for John Arena:

Item tabled, J. Arena is not present.

Consider and Approve a Proposed Development at 11th and Ave K for R. Saldierna:

R. Saldierna discussed his proposal to build ten (10) small cottages and said that the property is big enough he can build ten (10) more on the back. Timeline on the initial ten (10) would be about a year. Tabled until next meeting.

Approve the Minutes of the Regular Meeting for July 17, 2019;

Minutes of the Regular Meeting for July 17, 2019.

Consider and Approve the Engineer's Report;

Hal Walker presented the Engineer's Report to the Board. Bond Report; had a conversation with Daniel Harrison with TCEQ, he assured that everything was running smoothly on the application and that it has moved out of administration and management reviews, but this afternoon we received a call from management and they had some questions regarding the water capacity. The state criteria is .6 gallons per minute, per single-family connection and the District does use that much every day. Work on the WWTP Generator looks good so far and Costello approves the payment to McDonald Electric for the amount of \$32,124.60.

Consider and Approve the Field Superintendent's Report;

Ken Keller presented the Field Superintendent's Report to the Board.

Consider and Approve the Office Manager's Report;

Janice Hoffman presented the Office Manager's Report to the Board.

Kelly Neason made the motion to approve of the Minutes to the Regular Meeting for July 17, 2019, the Engineer's Report, the Field Superintendent's report and the Office Manager's report, seconded by Keith Gossett. All in favor, motion carried unanimously.

Discuss and Approve of Pay Est. No. 3, from C. F. McDonald Electric Inc.;

Ken Bishop made the motion to approve of the Pay Est. No. 3 from C. F. McDonald Electric in the amount \$32,124.60, seconded by Kelly Neason. All in favor, motion carried unanimously.

Review and Discuss Sludge Haul Proposals;

A. Miller presented to the Board five (5) proposals for sludge haulers. Sludge haul proposals table until next meeting.

Review and Adopt Amended Rate Order;

A. Miller stated on page 2 regarding the PEX plumbing the District already approves PEX plumbing for interior, it should say that the District will approve PEX for exterior plumbing. A. Miller said that we wanted to confirm with the Board how we need to approach multi-commercial accounts; if there needed to be a base rate of \$20.00 plus the \$5.00 per occupied unit. J. Manchaca said that is correct. Keith Gossett made the motion changes to the rate order with the fire department rate changes, seconded by Ken Bishop. All in favor, motion carried unanimously.

District Manager's Report;

We will be getting the District emergency radios from Galveston County dispatch; they are finishing up the programming. Working with Ken on a solution for Topwater; they are at the end of the waterline, so when the District is flushing lines, they have low to no water pressure. Taps for this month; there were thirty-eight (38) taps requested, twenty-one (21) were available and seventeen (17) were unavailable and quoted for line improvements. Three (3) of the quotes were for r. v. parks. A. Miller said we are evaluating on a case by case bases when there is two-inch (2") water lines that are at the capacity and working with TCEQ about getting variances in certain situations. Working on a street light survey so we can do a night run to see which one needs repairs.

Discuss and Follow up on Outstanding Issues;

There were no outstanding issues.

Director's Report;

There were no Directors Reports.

Recess into Executive Session Pursuant to Section 551.071, 551.072 and 551.074 of the Texas Government Code:

Recess into Executive Session at 7:32 p. m.

Return to Regular Session and Act on Matters Discussed in Executive Session:

Returned to Regular Session at 7:39 pm and acted on matters discussed in Executive Session. There were discussions regarding one (1) employee's annual appraisal in Executive Session and the Board agreed on what was discussed. The Board discussed having all of the employee's annuals to be done once a year at the beginning of January. There was nothing approved, discussions only.

Adjourn Meeting:

Keith Gossett made the motion to adjourn the meeting at 7:39 pm, seconded by Ken Bishop. All in favor, motion carried unanimously.

Approved:

Attest:

Joe Manchaca
President, Board of Directors

Keith Gossett
Secretary, Board of Directors

SAN LEON MUNICIPAL UTILITY DISTRICT

ENGINEER'S REPORT FOR

SEPTEMBER 18, 2019

CI Project NO. 2018145-000-DS
Prepared on 09/12/2019

This report provides the District with current information regarding updates, progress, or documentation on the projects below as authorized by the District.

- 1) **WWTP EXPANSION DESIGN**
Structural and electrical drawings have resumed.
- 2) **WWTP EMERGENCY GENERATOR AND CONTROLS CONSTRUCTION**
Approximately 60% of the work is complete. The new MCC has been energized and is operation. The main item remaining is the arrival and installation of the generator. The contractor has received word that the manufacturer will ship it on September 25th and should arrive a week later to be installed. No Pay Estimate this month.
- 3) **BOND REPORT**
TCEQ approved the Bond Report/Application on September 3rd.
- 4) **UTILITY MASTER PLAN UPDATE**
No work performed since the previous meeting.

Prepared by:
Harry B. "Hal" Walker, P.E.
Senior Project Manager

District Manager Report

September 18, 2019

Regional Agencies

US Census Bureau: Met with a local worker for the census and assisted him with locating difficult to identify dwellings by confirming physical addresses in Tyler

Gulf Coast Water Authority (GCWA): Ken Keller attended the bimonthly operations meeting and verified that our emergency radios are properly calibrated to the GCWA emergency frequency

Galveston County: Meeting with our Commissioner's office to evaluate if funds are available to assist with funding an electronic community entrance sign that could feature messages from the District as well as emergency notices from the county. We also received training from the Galveston County 911 District on the operation of the emergency radios.

Texas Commission for Environmental Quality (TCEQ): No new interactions this month

Attorney General: We received a letter confirming that our initial estimate for charges regarding a public information request made earlier this year were in line with their assessments. A minor change was made regarding computer and server usage and an amended quote was sent to both the requestor and the attorney general.

Facilities and Distribution

Water treatment plant: The MCC has been operating from the EST for the past several months without error; some minor timing adjustments were performed to ensure the booster pumps were cycling properly, but everything else has been functioning well. The SCADA has been set up and programmed, so this project is now complete

Sewer treatment plant: The sludge haul companies who gave quotes were mostly proposing with a different method of haul off than has been previously done at the facility. Discussions with the engineer are ongoing to determine the feasibility of engaging the mobile belt press method as this would provide the District with the most cost savings.

iTrackers: The iTrackers have been relocated to a small section near 22nd and FM 517. Though rain has been scarce this past month, the data we've collected has given a good baseline for comparison once we do receive rain to properly gauge the amount of inflow and infiltration occurring in the area under observation

GIS Survey and Update: We are continuing to evaluate the infrastructure maps and update new or erroneous information based on the repairs, line extensions, and institutionalized knowledge of our staff. Once updated, a plan will be implemented to begin replacing the system's most dire infrastructure with a crew led by some of our existing staff, supplemented by a potential new hire or two. The chief goal is to handle a majority of the District's repairs with a systematic approach by an internal crew, including replacement of the aging collection system pipes as well as

improvements to the distribution system through upgrading the 2" water lines. A valve survey is currently being evaluated as a simple first step to ensuring the integrity of the system and our GIS data.

Community entrance sign: We are in communication with a local sign installation company and ironing out details for a preferred sign design to confirm how much it would cost and what the installation timeline would look like.

Consultants

Attorney: Clarification over the plumbing policies with regards to TCEQ requirements for separation of water and sewer in the District's infrastructure in comparison to TCEQ requirements on a customer's property

Engineer: Continued discussion regarding connection counts and consumption for TCEQ and bond documents

Financial Advisor: Continued discussion regarding bond documents

District Services: We renewed our TCEQ required backflow compliance software for the next 3 years. Payscale has been implemented and several training sessions have been conducted for onboarding. The website management proposals from Off Cinco and CivicPlus are being evaluated and fine print is being confirmed with our attorney. The trash service proposals discussed last month were fielded in anticipation of the existing contract's end date; no further action is needed at this time, the proposals will be updated closer to the existing contract's end date.

Community Engagement

Resident communications: Communication with several residents regarding the VFD increase. Discussion with 3 separate developments regarding taps and permit requirements. Discussion with Dale Brown regarding Cindy Palmer development. Certified letters sent to 2 customers regarding multiple unit connections.

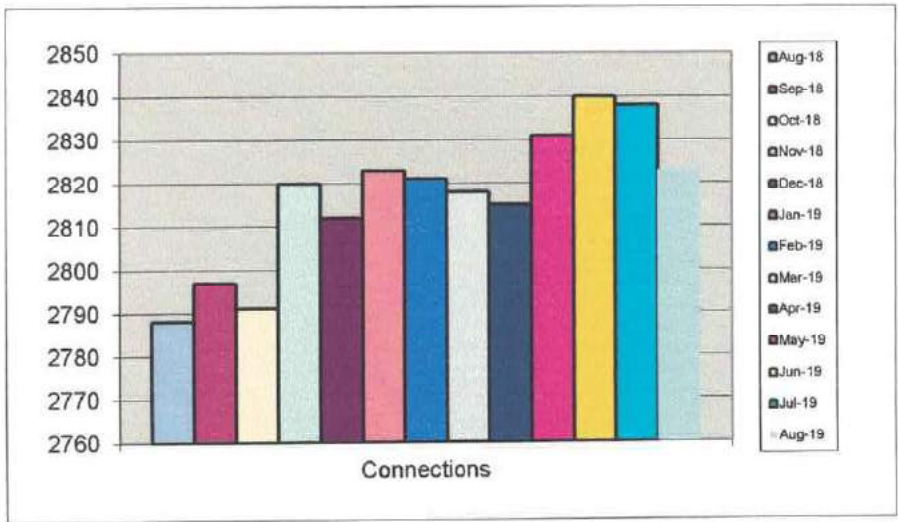

Public relations: articles in the Seabreeze and Eagle Point regarding how meters are read and how consumption is calculated

Tap requests: 5 taps requested, all of which were ok with existing infrastructure

Community Engagement

Upcoming projects: I'm continuing to take TEEX classes for my B licenses. I will be coordinating with nearby municipalities to schedule a manhole rehabilitation demonstration with a product that will be beneficial for the District's collection system improvement plan.
