Enter scores in the **16-1** and **16-2** columns.

Match Name, Squad, and Post to the score sheet.

16-1 is the Box 1 score. **16-2** is the Box 2 score.

16-Tot is the total score and is calculated autoimatically.

If a shooter is **scratched**, you can simply delete that shooter's
Team name under the **Team** column. You can leave the rest of the
information in the row as is.

If a **scratch** results in an **incomplete squad** (fewer than 5
shooters), set the remaining shooters' **Team** (under the Team
column) to **ind** to indicate that the remaining shooters are now
shooting as individuals. You can also enter indiv or individual,
as long as the letters **ind** appear in that order. It is not case
sensitive and you don't need to use quotes around **ind**.
