there could be
trouble ahead.

Water Consumption Meter Model ACC. WM 735

Multi-functional Water Consumption Meter works with all Nelson 700 Series Waterers. A sensor installs inside waterer. Meter is powered by two, long-life AA alkaline batteries and comes with a 25-foot extension cable. Display can be located up to 300-feet of waterer being monitored.

NEW Water Consumption Meter
Model ACC. WM 735

NEW WATER CONSUMPTION METER DISPLAYS

-  Gallons of water consumed by horse.
-  Elapsed time monitoring water consumption.
-  If waterer's heating system is not functioning when it should be operating.
-  If waterer's inline water filter needs to be cleaned.
-  If meter batteries need to be replaced.
-  If wire connecting Sensor to Display is disconnected or damaged.

Energy-Saving Thermal Caps For Waterers Not In Use 730 Model ACC. TC730 760 Model ACC. TC760

Stainless steel cap with urethane insulation underside saves energy, helps keep water clean and looks nice. Designed for 700 Series Waterers that are not being used.

Waterline Insulation, Model ACC. 1004

Ensures maximum protection against waterline freeze-up. Made by Nelson, the insulation consists of a 4' x 5.9" diameter section of urethane foam molded around a 3" diameter PVC pipe. If using insulation with wall mount model, cover insulation with 6" SCH. 40 PVC pipe (PVC pipe can be purchased locally). Insulation must cover entire vertical waterline.

Stainless Steel PVC Pipe Cover Model ACC. 1064

Beautifies the waterline leading into Nelson 700 Series wall mount models. Made from 20 gauge stainless steel and 4' feet in length. Designed to locate over 6" SCH. 40 pvc pipe (PVC pipe can be purchased locally).

Back-to-Back Plumbing Kit 730-10W Model ACC. 1073 760-10W Model ACC. 1076

Allows one waterline to service two waterers mounted back-to-back in adjacent stalls. Designed for models 730-10W and 760-10W.

Stainless Steel Bolts and Fasteners

1010J

Anchor "J" Bolts for models mounted on concrete pad, includes nuts and washers.

1010W

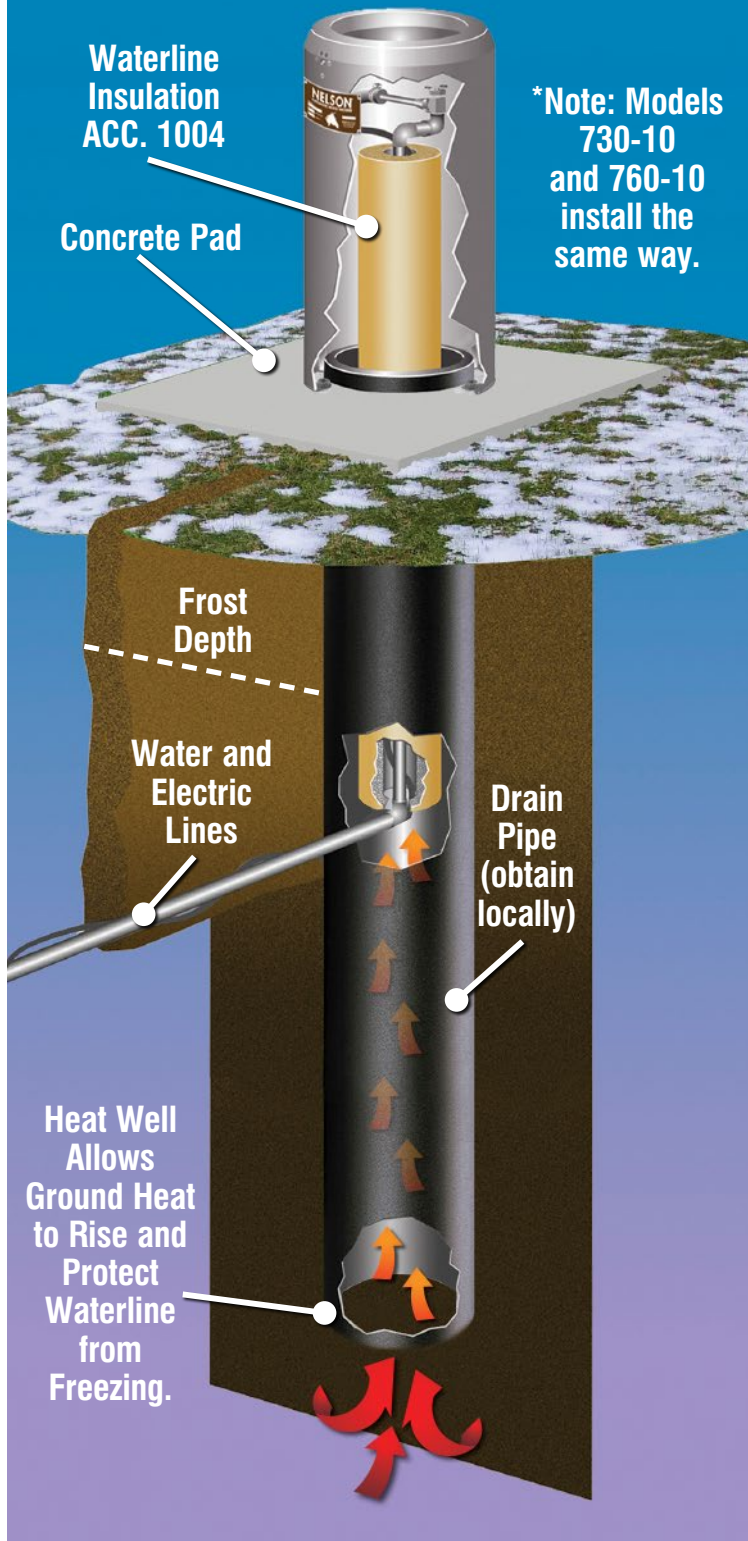

Carriage Bolts for 700 Series wall mounted models, includes nuts & washers.

1010BB

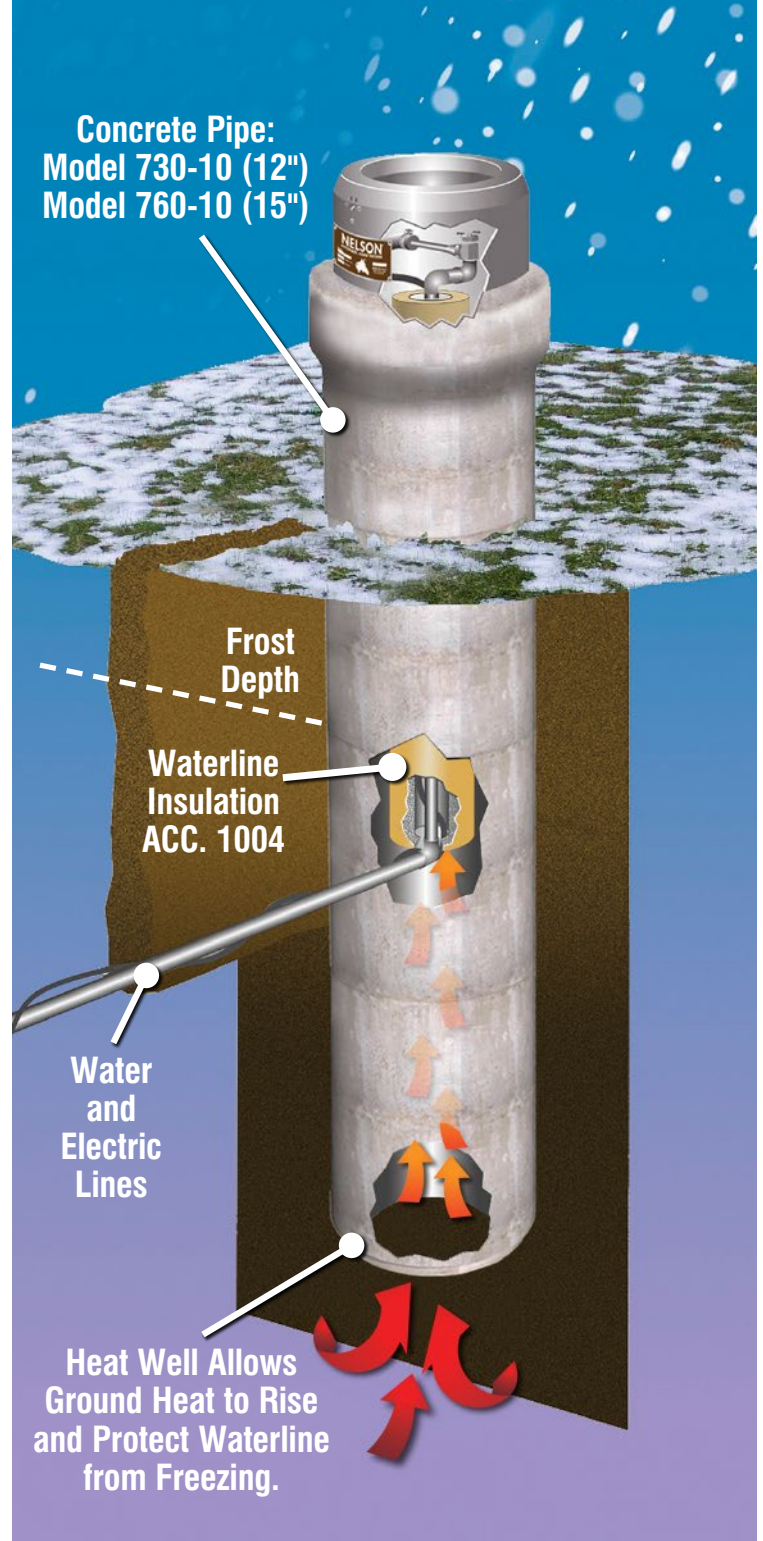

SS Hex Head Bolts for two 730-10Ws or 760-10Ws mounted back-to-back on wall, includes nuts and washers
