Optional Accessories

Feeder Mounting Hardware
(Accessory 1010W). Mounting hardware includes four 2" carriage bolts, nuts and washers.

560se Corner Wall Mount

Heavy-duty cast aluminum cover locks securely and is easily removable. Feed retention lip helps minimize feed waste.

Large, easily removed stainless steel feed bowl can be cleaned and sterilized in seconds.

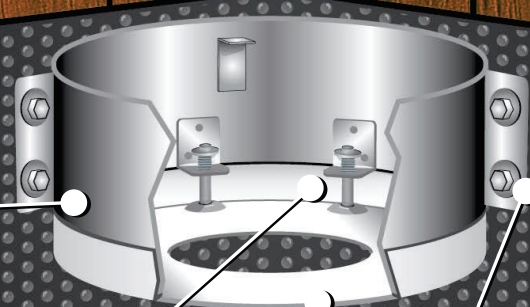

The 13-quart feed bowl is designed to allow horses of all sizes to eat comfortably.

No-rust, stainless steel housing protects feed bowl from kicks and other abuse.

A spring-based suspension system keeps bowl firm against top casting, reducing noise and preventing feed from falling between feed bowl and housing.

Rugged cast aluminum bottom helps locate and protect feeding bowl.

Four bolt holes for easy mounting.

Shipped preassembled. No complicated assembly instructions. Simply bolt on wall.
