

GOOD NEWS

FOR THOSE WHO MAKE A DIFFERENCE

Love Reigns

God created us out of love. He gave us life and calls us to show love and mercy to everyone we meet. Love and compassion are at the heart of the Pregnancy Care Center's mission. We are able to bring Christ's love to women and families in need, thanks to your support. Here is a recent letter we received from a woman who, thanks to you, celebrates her love for her 12-year-old daughter.

I first encountered the Pregnancy Care Center when I became pregnant with my first child, who is now twelve years old. When faced with an unplanned pregnancy, you feel ashamed and embarrassed. I thought I was not ready to be a parent. What will people say or think about me?

There was such a warm, comfortable, and private atmosphere at the PCC. It felt like a safe home for me. I cried many tears, watched many parenting videos, and prayed many prayers in those rooms during times of great uncertainty. I shared my difficult experiences with my peer counselor: my struggles, financial worries, and health concerns. The PCC offered more than just help. They are people who bring love without judgment to women who are going through rough times. It doesn't matter who you are, where you are from, or what you have been through. They are always there with open arms, offering love and support on this very hard journey.

For me, the ladies at the PCC were saints. I would look at them and think, "This woman is a saint." People wonder what saints look like. Well, I know what they look like. They are regular women, except with the heart of God, a heart to help people in need.

My peer counselor would offer to pray for me at every appointment. She would listen to my list and pray for each thing. During some really hard times she would call to see how I was doing and let me know she was thinking about and praying for me. It seems like a small thing, but her prayers moved mountains for me! We often prayed for God to find us a house, and we prayed hard when my husband was jobless. Today, we are blessed to have our own house for God's glory and honor.

I don't know where I would have ended up if God had not put these ladies in my path. I look at my 12-year-old daughter, a beautiful honor student at the top of her class with a heart of gold. She loves babies and children and hopes to become a pediatrician. What would I have done without the support of the PCC? Just look at everything I could have lost! How do you repay a debt like this? I pray for the saints at the PCC every day. I want you to know how much your work means to the women you are helping on this journey.

Sincerely,

A Grateful Mom

It is because of you that lives are saved, families are created and hearts are led to Jesus.
Thank you for your support of this ministry!

Meet Our New Arrivals

New Ultrasound Team Members

God has been so faithful to the Pregnancy Care Center! He continues to bring amazingly gifted people to our mission. We are excited to introduce Michael Mastromatteo, MD and his wife Lisa Mastromatteo, RDMS.

Dr. Mastromatteo is a practicing Radiologist with over 25 years of experience. He will have his first medical office at our new Haverhill location and plans to do the same to support our Lawrence and Lowell locations. His wife Lisa is a Registered Diagnostic Medical Sonographer (RDMS) and is the Medical Office Manager for Dr. Mastromatteo's office. Lisa is a staff member at the Pregnancy Care Center and has been assigned to manage the medical offices for Dr. Mastromatteo. She will also perform ultrasounds and provide medical counseling for clients that our Centers refer to Dr. Mastromatteo's offices.

The Mastromatteos have been married for nearly 11 years. They both put tremendous priority on the concept of family, and have been blessed with a beautiful daughter, Ella Ruth, who is 9 years old.

A few years ago, Dr. Mastromatteo learned about the work of the Pregnancy Care Center from PCC Board member, Dr. Kerry Pound. She told him about the ministry and invited him for a tour. "This is when we started to see God's hand at work on this project. We had been discussing adding ultrasound to our services but lacked the medical oversight and then God brought us together," said Dr. Pound.

When asked why they are interested in helping the PCC, they shared, "We have always been pro-life, long before we met, knowing that life begins at conception. We feel that God has brought us to the PCC so that we can apply our skills and knowledge to fill the needs of the center and the patients who come. Providing professional ultrasound services to the center is a wonderful addition and hopefully will serve to deter women from seeking abortion."

We welcome the Mastromatteos and we thank you, our partners, for your continued support of this ministry!

Serving the Community in Our New Location

Pregnancy Care Center
107 Merrimack Street
Haverhill, MA 01830
978 373 5700

Our new Haverhill Center is open! We are in a busy downtown location, surrounded by restaurants, shops, and businesses. We have met several walk-in clients, off-street visitors and are networking with our neighbors! The bright space is easily accessible and, most importantly, provides clients with a welcoming and peaceful environment. Come for a tour!
