

HAWAIIAN POSTAGE
KAHULUI RAILROAD
1902 REGISTERED PARCEL TAG

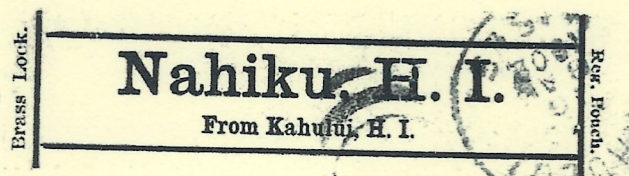

Featured here is a tag used to identify a registered parcel delivered over the Kahului Railroad.

This tag was produced for parcels traveling between the cities of Kahului and Nahiku. Each city is printed in the center, with the to and from locations reversed on each side. "Reg. Pouch." and "Brass Lock." are printed on the sides.

The example here is postmarked on both sides, implying that the tag was used for deliveries in both directions. The "Kahului" side is marked with a Nahiku CDS. The "Nahiku" side is marked with Kahului CDS and barred oval duplex handstamp.
