WHS Policy – JJB Liquid Waste Solutions

Our Commitment

At JJB Liquid Waste Solutions, the health, safety, and wellbeing of our employees, contractors, clients, and the public is our highest priority. We are committed to providing a safe and healthy workplace by eliminating or minimising risks associated with our operations.

We believe all incidents and injuries are preventable, and we will take every reasonable step to ensure our people go home safe each day.

Objectives

To achieve our WHS commitment, JJB Liquid Waste Solutions will:

- Comply with all relevant Work Health & Safety legislation, regulations, and codes of practice.
- Provide safe work systems, vehicles, plant, and equipment.
- Ensure all staff receive appropriate training and supervision to carry out their roles safely.
- Identify, assess, and control risks associated with our septic and liquid waste operations.
- Maintain emergency preparedness, including spill response and incident reporting systems.
- Encourage active participation and consultation with workers on WHS matters.
- Continually monitor and improve WHS practices.

Responsibilities

- Management will ensure policies, procedures, and resources are in place to maintain a safe workplace.
 - Supervisors/Drivers will follow safe work practices, report hazards, and use PPE provided.
 - All workers must take reasonable care for their own health and safety and that of others, and comply with company WHS procedures at all times.
-

Continuous Improvement

JJB Liquid Waste Solutions will review this policy annually and update it as required to reflect changes in legislation, operations, or identified risks.
