JETCAR & SUPERCAR SPECTACLE

On Nov. 2nd, Larsen Motorsports had an open house inviting those interested in the “High Octane World of jet-powered drag racing.” Among those who attended were Mobsters Roger & Sharon Bukowski.

Among the festivities was a look at the facility, the jet dragsters and demo’s showcasing the power and “roar” of the dragster. Explanations were given of the mechanics and technology that drive the sport.

Larsen Motorsports (LMS) has been in existence since 2006. It was created by a wife and husband, Chris and Elaine Larsen. Actually, Chris introduced Elaine to jet car racing and found herself “hooked” on the sport. LMS has become one of the most sought exhibition teams to exist.

LMS owns 6 elite racing teams; winning 2 World Championships with the IHRA Nitro Jam Series. Also, included is the two time World Championship Car driven by Elaine herself.

Elaine Larsen

Elaine explained that “In the world of racing, defeat is most common than victory; every loss is a lesson. There’s a million ways to lose and only one way to win and that’s to be perfect.”

LMS is always growing. On staff now is Josette Roach (driver for House of Kolor jet racing team and now V.P. of Race operations.

Josette Roach

Josette provided a live demo of a jet engine; shaking the ground and a fiery flame blast all to experience.

Another highlight of the Open House was the introduction to one of the youngest drivers of jet car racing; Victoria Beaner.

Victoria Beaner

At just 13 yrs of age, she already has a number of accomplishments to her credit.

In 2023, she was named “Sportsman Rookie of the Year” by the PDRA.
