### NOTE FROM CHRIS MOB PRESIDENT

A NOTE FROM YOUR MOB  
TREASURER (In Chris's  
absence)

Our May meeting was not only entertaining but informative as well. Jay Bryant, former MOB member, was our guest speaker who told about his long standing restoration of his 1951 Dodge Warfarer business coop. I believe he said over the course of 25 years, this car was in its restoration mode. But now this car is road worthy and can be seen in many car cruise ins and shows. Thanks Jay! for coming out and telling us all about it.

Highlights of the meeting included a forthcoming date for a trip to Hanksters in Daytona Beach, Super Swap pillow/s made by Mobster Joan with orders taken and the raffle of our Mother's Day Raffle Basket. And the winner of the basket was Ray Moyer! Congratulations Ray!

Also, not to be forgotten was the presence of a long standing sponsor of the Super Swap, Alan Walls. Glad to have you with us Alan AND before the evening was over, Alan officially became a MOBSTER. Welcome aboard!!

Don't forget....we will be celebrating FATHER'S DAY

with a gift bucket to raffle at the upcoming meeting. Good luck to the men.

Mopar and all cars,  
Penny

**THE LOSS OF 2 MOB  
MEMBERS.....**

**By Penny Anderson**

**On April 17th,  
Mobster Leonard  
("Lenny") Donofrio passed  
away. He had been  
hospitalized earlier with  
pneumonia and**

**convalescing at home with  
the aid of his daughter,  
Jennifer. Not too long  
before his death, Bob and I  
visited Lenny bringing him  
a Super Swap t-shirt in  
which he requested. We  
could tell breathing was a  
struggle but he was his  
'ole self, welcoming us  
and enjoy hearing about  
the MOB's  
happenings. For a year or  
so, Lenny did not come to  
the meetings. Somewhere  
along the way I called  
Lenny. I could tell  
something was "off". He  
informed me that his wife  
(also a Mobster) Jean, had  
passed in December of  
2023. He was heartbroken.  
I told him that we were  
unaware of this news but  
invited him to come back  
to the club. Unfortunately,  
that never happened. Rest  
in Peace Lenny. May you  
find peace in seeing Jean  
once again.**

**On May 16, we lost  
another long time MOB  
member, Arlene  
Naulty. She and her "Joe"  
were members for quite  
some time. Joe passed in**

September 2023. Arlene was an active individual, into the antique/classic car/truck scene due to longtime interest that Joe had. From the years together, she and Joe had several Model A's and then later on Joe greatly "loved" his 1979 'Lil Red Express.

Oh, the stories Arlene told of their long, long relationship and the love they shared with their many automobiles. Also, Arlene was instrumental in the activities and awareness of the blind and deaf. Even within the last few months, she was working from home; helping the Lions Club. I can not express enough the loss I feel with losing Arlene. She and I became good friends over time. I always welcomed her thoughts and advice. If I asked for her help, she was willing with no hesitation. Rest in Peace Arlene. You and Joe can now ride away in any vehicle you wish with JOE DRIVING.

1971 Sublime Challenger, 426 Hemi. What a

spectacular car!!!! Eyes were on it for sure.

### **HAPPY FATHER'S DAY RAFFLE"**

**By Penny Anderson**

June 21st is Father's Day and like in May, honoring Mother's Day, we will be celebrating by having a Father's Day raffle item at our next meeting. So, Gents plan on coming. (Ladies you too!) This raffle item will not disappoint and will be worth \$50+. First ticket drawn will have the choice of the raffle item or monies. Good luck to all!

### **IT'S A SNAKE...A COPPERHEAD TO BE EXACT!!**

**By Penny Anderson  
(From Bill Deller - Car and Driver)**

No, this isn't about a snake, really. But you will be interested in knowing that it's about a New Dodge car coming out possibly by 2029. It's a Dodge Sports car (called Copperhead) that Dodge is introducing; revitalizing its' SRT Performance Line-up. The Copperhead name was first used on a 1997 concept car. Although the exact properties of the car is a little sketchy, it is thought to be like the existing Charger architecture, v8 engine, vents and ducts, slim LED headlights, a massive wing and a cool snake like logo. Cost??? Who knows....The speed??? If its anything like the description, better hang on to your hat.! Will keep you posted.
