### MOB Website - Member Gallery

It has been a while since any changes, additions/deletions have been made in the Member Gallery portion of the MOB's website. At this time, I am asking members for an update; additions/deletions to their vehicles. Also, for new members, please submit a photo of your vehicle/s for submission. Let's show off our vehicles! Your photos may be sent to [426hemiterp@gmail.com](mailto:426hemiterp@gmail.com). Also include year, make and model of the vehicle.

Thank You  
Your Webmaster

## **Prez Sez:** By Robert Anderson

July was a non-eventful month in terms of classic car clubs. Yep, it's hot, humid, and usually raining this time of year. Not a very good time to get the classic ride out of the garage.

The Swap Meet committee has been busy lining up food trucks and crafters for Super Swap XXIII. We received our first Swap Meet pre-registration last week. It is the earliest pre-reg we have ever received. Penny has been busy advertising for crafter vendors and her hard work is beginning to generate a lot of crafter interest for the Swap Meet.

It's still too hot for car shows. I have been searching for a place to hold our monthly dinner cruise. Last week I was down US-1 and passed by a place called RIB CITY in the town of Grant. This restaurant is built inside an old Train Depot. It has lots of atmosphere, and I have heard that the food is really good. I still haven't made it to the restaurant at the mall where we used to have our club meetings. I will check that place out sometime soon. I would really like to re-ignite our monthly dinner cruise, we had lots of fun with it when we were meeting at MARCO's Pizza.

We miss you Audrey.  
President Bob

-----

**The original Bengal Charger**, run from 1968, included just 50 cars and most of them have disappeared since then. As of 2022, only three are known to exist and at least one is in pristine condition. This car was auctioned off for \$80,000 in 2020, despite an initial estimate of more than \$280,000.

There are only 3 known to exist. ONLY 50 ever produced. In 2020 one went over the auction block at Mecum and sold for \$80,000. Worth 280,000.

# Audrey Caldwell

It is with great sadness that we have learned of the passing of Mobster Audrey Caldwell on July 20<sup>th</sup>. Audrey and her husband, Robin, were members of the MOB for many years. They were active in about every function the MOB participated in. Car shows, dances. Christmas parties, parades, nursing home visits and the MOB's very own Swap Meet. Audrey led the bake sale at the Swap Meet; making sure plenty of baked goods were on hand to sell and everything was in place for a successful bake sale.

Words cannot express our loss. Audrey was not only a great "Mobster" but also a great friend to many. Her infectious smile, laughter and kindness will always be remembered and missed. We Love You Audrey!

Hello Mobster/s,

The Salvation Army School Supply Drive is coming up! Supplies are needed for school age children 1st - 12th grades. Supplies such as pencils, erasers, rulers, backpacks, notebook paper, etc. would be very much appreciated. Mobster Rachel Moyer welcomes your donations and all will be collected at the next MOB meeting (August 10th) OR maybe brought to her residence. Also, if you would like to make a monetary donation, she will be more than happy to go shopping for you. She will then drop off the supplies to the Salvation Army location in Melbourne.

The Salvation Army is active in giving to so many needing help. Let's help them, help others.

Thank You!

Penny Anderson

## What is a Fratzog?

### What Is a Fratzog, and Why Is It Important Now?

*Dodge is doubling down on performance with electric muscle cars starting in 2024, and the famed fratzog logo shall be Dodge's new battle flag!*

This July, auto journalists and vloggers converged on the Stellantis Tech Center in Auburn Hills, Michigan for Dodge's Electrical Vehicle Summit. The hall darkened and the video screen awakened to show an ominous vehicle form obscured by CGI smoke. Vin Diesel's commanding voice erupted from hidden loudspeakers: "Hold on a minute. Did we hear that right? Dodge is making an electric car. We're talking hypothetical, right? Surely you jest. Dodge? You mean the people who devised the legendary 426 Hemi and sunk it inside a sublime missile? You mean the Dodge that created the Hellcat Redeye, and the most powerful muscle car in the world, makers of the 840hp wheel-standing Demon? Why on God's green earth would Dodge ever build an electric car? Anybody? Any thought out there? Hello?"

**Fratzog** was the name of the emblem used by [Chrysler Corporation's Dodge](#) Division from September 1962 through 1976. It was composed of three arrowhead shapes forming a 3-pointed star. When Dodge stylists designed it in the early 1960s, they had to have a name for it, and one of the designers came up with the meaningless name 'Fratzog', which ultimately stuck. As the Dodge Division's logo, Fratzog was incorporated in various badges and emblems on Dodge vehicles. It was also integrated into the design of such parts as steering wheel center hubs and road wheel covers.
