### MOB NEWS

#### Monthly MOB Events

Memaw's BBQ – **2<sup>nd</sup> Wednesday of every month (July 14)** – meet and eat at 6pm, MOB meeting at 7pm. Sarno Restaurant and Pizzeria – **4<sup>th</sup> Thursday of every month** – meet in parking lot at 530, go inside to eat at 6pm

#### MOB POSITION OPEN

The position of MOB President is still open. If you are interested please contact any board member. All that is needed is a desire to continue to support "your" club.

#### Newsletter Contributions

If you have an article or event you would like to appear in the newsletter we request that you have it to us no later than the 23rd of the month. This gives us time to rearrange the newsletter so the people that receive it via snail mail (USPS) will get it before the first of the month.

*Thanks, Tony and Kim Orbeck*

### MOB Super Swap XXII

It's time once again to start preparing for our annual swap meet. Mopars of Brevard Super Swap XXII will be held Friday, February 25, 2022 (Swap Meet ONLY) and Saturday, February 26, 2022 (Swap Meet & Car Show). February 24 (Thursday) will be the early set-up date. Location - Wickham Park Equestrian Center within Wickham Park, Melbourne.

Introducing NEW THIS YEAR (2022) is an ALL MAKE Swap Meet. This gives the owners of various makes and models of other vehicles (other than Mopar) a chance to shop for parts they may need to repair, replace or need in restoring their vehicle. The All Make car corral will still be ongoing as other segments of the swap.

Watch for the New 2022 Swap Meet flyer on the MOB website in the near future.

As always, the Swap will ONLY be as successful as the number of club members that participate. So PLEASE volunteer to help and show your support in our annual event; Mopar Super Swap XXII.

### ***Phoebe Leiman honored at her 100<sup>th</sup> birthday!***

*Thanks to Bill Antonetz*

Dozens of car enthusiasts assembled to honor Phoebe Leiman's 100<sup>th</sup> birthday on June 6<sup>th</sup> this year.

Mob member's Ray and Rachel Moyer, and Kim and Tony Orbeck were present.

A long line of very interesting and beautiful cars and trucks assembled at 1500 Pine Street in Melbourne Beach to promenade past Phoebe's home where Mrs. Leiman's friends and family gathered on both sides of the suburban street.

Phoebe is a disabled widow of a WWII US Veteran, and she was a war time volunteer.

### ***Ford's Mustang is incorrectly titled the first "pony car"***

Plymouth actually beat the Mustang to market with the Barracuda by two weeks. The first Barracuda was introduced on April 1, 1964, the Mustang on April 17. Basically a Valiant with a sexy fastback body—as the original Mustang was [basically a rebodied Falcon](#)—the Barracuda sold well, but the Mustang was a sensation. The rest is history.

## 1954 Desoto Adventurer II

The 1954 De Soto Adventurer II concept models have looked something like these. All use the long S-19 Chassis. The Imperial Desoto coupe and 4 door versions appear below.

**These notable designs are based on the Chrysler Imperial's long chassis, which afforded the long sleek lines of the 1954 De Soto Adventurer II**

The Adventurer II, pictured in red, was built on the Desoto Imperial Series S-19 chassis and is powered by the Chrysler Firepower Hemi displacing 276 cu in. The Adventurer II is a *two door coupe*!

*The production Desoto, and the Adventurer II designs are built on the same chassis.*

In 1954 Ghia designed the Adventurer II as a prototype to showcase their own version of a Rocket Age Desoto. With an extended hood, long rear overhang and small cockpit, the Adventurer II had many Desoto proportions with European style.

Adventurer II came from Ghia's design by Giovanni Savonuzzi. It was reworked by Virgil Exner to accommodate the length of the Desoto chassis creating a much more dramatic design.

The first owner, King Mohammed V of Morocco enjoyed the Adventurer II. By 2005 the same Adventurer II only had 15,000 miles on the odometer. It sold for 1.4 million dollars.

A unique feature of this Moroccan Ghia special is the sliding sunroof which hides into the trunk area.

*An innovative feature was the sliding-into-the-trunk rear window, opening up the roof behind the seats!*
