MOB NEWS

Monthly MOB Events

Memaw's BBQ – **2nd Wednesday of every month (September 8th)** – meet and eat at 6pm, MOB meeting at 7pm.

Sarno Restaurant and Pizzeria – **4th Thursday of every month** – meet in parking lot at 530, go inside to eat at 6pm

MOB POSITION OPEN

The position of MOB President is still open. If you are interested please contact any board member. All that is needed is a desire to continue to support "your" club.

Newsletter Contributions

If you have an article or event you would like to appear in the newsletter we request that you have it to us no later than the 23rd of the month. This gives us time to rearrange the newsletter so the people that receive it via snail mail (USPS) will get it before the first of the month.
Thanks, Tony and Kim Orbeck

MOB Super Swap XXII

It's time once again to start preparing for our annual swap meet. Mopars of Brevard Super Swap XXII will be held **Friday, February 25, 2022** (Swap Meet ONLY) and Saturday, **February 26, 2022** (Swap Meet & Car Show). **February 24** (Thursday) will be the early set-up date. Location - Wickham Park Equestrian Center within Wickham Park, Melbourne.

Introducing NEW THIS YEAR (2022) is an ALL MAKE Swap Meet. This gives the owners of various makes and models of other vehicles (other than Mopar) a chance to shop for parts they may need to repair, replace or need in restoring their vehicle. The All Make car corral will still be ongoing as other segments of the swap.

The New 2022 Swap Meet flyer is on the MOB website.

As always, the Swap will ONLY be as successful as the number of club members that participate. So PLEASE volunteer to help and show your support in our annual event; Mopar Super Swap XXII.

Contact Penny Anderson or Pete Stasio to volunteer.

The Original Mobsters!

This a story of the "Christine" Hellephant that was built by Graveyard Carz and shown at the Sema show in 2019.

At 2018 SEMA ceremonies Mark Worman of Graveyard Cars was presented with the very first Hellephant crate Hemi, a 1,000 horsepower, 950 lb-ft torque, third generation crate engine. On the drive back from SEMA 2018, he was already dreaming of the car where the beast would find a place of unrest. With his love of muscle cars, the choice was clear: a 1958 Plymouth Fury 2-door hardtop. The results were unveiled at SEMA 2019. If you thought this car was scary in the movie, imagine what it would be like driving this Hellephant crate Hemi with OEM stock frame, brakes, and suspension, plus narrow wide whitewall tires.

It's shocking to say this, but the all-powerful [Dodge](#) Demon looks weak now that Mopar has unleashed the Hellephant. This crate motor makes 1,000 horsepower and 950 pound-feet of torque, and its name is a combination of the nickname for the old 426-cubic-inch Hemi V8 and, obviously, the Hellcat. This monster is a 426-cubic-inch version of the current third-generation Hemi V8 topped by a supercharger similar to what the Hellcat line packs.

Everything is cranked up to — or perhaps, past — 11. The engine block is made of aluminum and weighs 100 pounds less than the equivalent iron block. All of the internals are forged. The stroke and bore have been increased. The supercharger produces 15 pounds of boost and displaces 3 liters; more than the 2.7-liter blower on the Demon and the 2.4-liter blower on the Hellcat. And as big and powerful as it is, it will still rev to 7,000 rpm.

It's a thoroughly monstrous motor, but shockingly, it won't be that difficult to live with. For one thing, Mopar will offer a complete kit to get the engine up and running, including an engine computer, wiring harness and drive-by-wire throttle. It also runs on 93-octane pump gas. That's especially amazing considering the Demon engine "only" makes [840](#) horsepower, and that's on race gas with 100+ octane fuel. It also has us wondering what the Hellephant could make on racing fuel. The Mopar folks did say that there's room to add more power.

Pricing wasn't announced for the Hellephant engine. The Hellcat crate engine retails at \$19,350 directly from Mopar, so it's safe to assume that the Hellephant will go for more. The installation kit with the computer and harness will be an extra charge of likely over \$2,000, based on the Hellcat kit. The engine and the kit will be available in the first quarter of 2019.

Bill and Dianne Hall's Chrysler New Yorker shown on Mike Kelly's *Cruise News*

Bill and Dianne Hall's 1949 Chrysler New Yorker, was featured in the Satellite Beach Lions Club Car Show on February 28th, 2021. At 9:00 am the National Anthem was patriotically sung, and over 250 vehicles were ready for display.

The Hall's New Yorker has a 134 horse power flat head 8 cylinder V8 engine coupled to a fluid drive semi-automatic transmission.

The car presents a beautiful chrome front grille with massive chrome bumpers along with wide chrome wheel covers and classic wide white wall tires. A blue interior and an original working radio and dash clock, and other instruments in a wide strip of chrome, all in working order, detail the New Yorker's cabin.

Bill and Dianne are members of our Mopars of Brevard car club.

FMA 34th Annual Sunshine State Mopar Show & Swap Meet

The 34th Annual Sunshine State Mopar Show and Swap Meet featuring Mopars with Herb McCandless (aka Mr.4-Speed) hosted by the Florida Mopar Association will be held on November 12, 13 & 14, 2021 at the Florida Agriculture Center and Horse Park.

There will be a Mopar welcome party on Friday night.

All years of Mopar cars and trucks are welcome, and bring your fire extinguisher for extra score. Over 150 awards will be presented based on participants' choice on Saturday and a judging process on Sunday.

This is a great annual traditional Mopar event, with lots of gorgeous cars, music, food and lots of fun.

Full information will be in a future newsletter.
