Prez Sez: By Robert Anderson

August was a non-eventful month in terms of classic car clubs. Yep, it's hot, humid, and usually raining this time of year. Not a very good time to get the classic ride out of the garage. ANYHOW ! ! ! We had a great cruise-in to Dunkin Doughnuts. Even Tyler was there with his Classic Dodge Dakota. It was all great fun early in the morning, but we left early because of the heat and humidity. This is usually a good cruise. I will be looking forward to attending later in the fall.

The Swap Meet committee has been trying to choose a T-Shirt design and layout. We should have some decisions for the club to make at the September meeting. Penny has signed up a new T-Shirt sponsor. AAR Fiberglass is officially our first sponsor. We received another Swap Meet pre-registration this week. We now have 2 pre-reg's. This is the earliest pre-reg's we have ever had Penny has been busy advertising for crafter vendors and her hard work is beginning to generate a lot of crafter interest for the Swap Meet.

It's September and the club needs to elect a new President, as my "tour of duty" will be over after the Swap Meet. I will be accepting nominations for president at the September meeting.

Keep the rubber side down.

President Bob

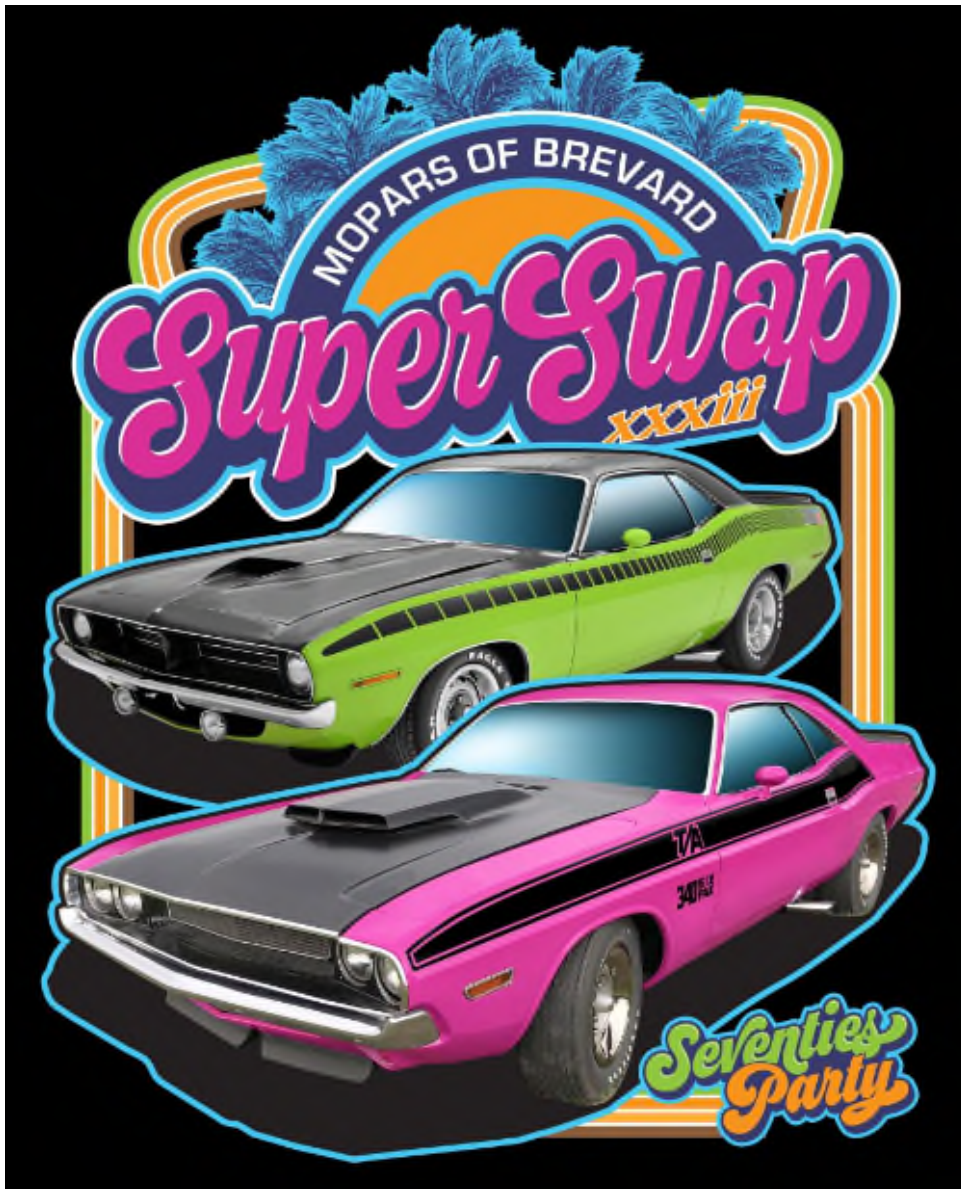

Swap Meet Event T-shirts

By Penny Anderson

It's time once again to order our Swap Meet Event T-shirts. To make certain the availability of the t-shirts desired, an early order is required.

For 2023, the shirt will be a Gildan Dry blend, 50% Cotton/50% Polyester either in Black or Sapphire, your choice. Pictured below is the black shirt (with design) for your review. (Picture of the Sapphire, available at the meeting.) The cost of the shirt will be \$20 (same as last year.)

A sign-up sheet will be available at our next (Sept. 14th) meeting. No monies required at this time. Please attend if you can to order yours. If you can't attend, you may call me at 321-727-1039 to make your order. (I can send via e-mail the shirt in Sapphire to make your choice.)

Rachel and **Ray Moyer** take important items from the MOB that are needed every year for the Salvation Army in order to support school children with school supplies and money.

The couple have supported the Salvation Army along with the Mopars of Brevard every year with their wonderful contributions.

Things aren't always what they seem on the big screen.

It's [not your typical car chase movie](#), but just about every car enthusiast has seen Joe Dirt. The title character's love of [classic Mopar muscle cars](#) is an entertaining side-plot that mirrors actor David Spade's real-life [love of cars](#).

Early on in the film, Joe Dirt is seen driving to his job in a clapped-out 1969 Dodge Charger Daytona. Just 503 Daytonas were built for 1969, which makes it an unusual on-screen choice. It's almost as unusual as Joe Dirt's decision to drive to the radio station where he works, despite the fact that we later find out that he actually lives there. Where did his go? We may never know.

What we do know, thanks to [Hot Cars](#), is the ultimate fate of that rusty Daytona. As it turns out, it's not actually all that rusty after all. Like most things in Hollywood, the Daytona is not what it seems. The mismatched, rusty body panels and trashed interior? That's just some clever paintwork. Think of it as automotive makeup. Underneath, it's nearly perfect!

Believe it or not, the Joe Dirt Daytona was sold by the studio, in screen-used condition, for a measly \$18,000 back in 2002. This was a few years before the muscle car boom pushes Daytona prices into the stratosphere.

At some point, the car was sold again, this time to a collector in the Netherlands. The car now resides in a private collection.

David Spade, as we mentioned before, is a big fan of Mopar muscle. Back in 2015, he paid nearly a million dollars for a perfectly restored, copper metallic '69 Daytona. This one's pretty special, too. It's one of just 70 Daytonas built with the legendary 426 Hemi.

Sometimes life imitates art. Joe Dirt finally got his Hemi after all.
