

Located just 70 miles off the coast of Key West is a group of seven islands that provide visitors with some of the most pristine snorkeling opportunities in the Caribbean. Fort Jefferson is built on Garden Key with its construction starting in 1846. Though never fully completed, the fort served as a prison during the civil war and four of its prisoners were men convicted of complicity to assassinate President Abraham Lincoln. In 1935, President Franklin D. Roosevelt designated the fort a national monument and in 1970 it was listed on the national register of historic places.

Happiness is adjusting to your environment,  
not just coping with it.
