

WELCOME TO THE DIGITAL LEARNING CENTER!

DIGITAL EMPOWERMENT FOR PARENTS:

The Digital Learning Center provides access to a series of audio slide videos containing a condensed version of a Digital Empowerment for Parents presentation that is typically given live at venues throughout the country. The 90-minute video series is divided into eight sections that will allow users to quickly view (or review) a specific part of the presentation. The presentation material is copyrighted.

In order to access the Digital Learning Center, you will need a time-sensitive password that you may purchase or that would have been provided to you by the school, church or other organization that hosted a Digital Empowerment Project event. Please do not share the login credentials that you have been provided.

Parents, please be aware that the content contained in the Digital Learning Center is geared for adults and may not be appropriate for children.

PASSWORD: NWOOA

**COMPLIMENTARY 30-DAY ACCESS TO THE
DIGITAL LEARNING CENTER.**
