

Mastering the Art of *Tabletop Design*

Mastering the art of tabletop design can help you transform your table into a masterpiece of style and function. From table lighting and linens to dinnerware and glassware, each element should support the overall theme of your restaurant and echo the message you wish to convey to your patrons. Because the first impression is a lasting one, we want your tabletop to impress your guests and set the stage for a memorable dining experience.

Tealight and Votive Lamps

Small and compact tealight and votive lamps add subtle touches of ambiance where needed.

These lamps are ideal where lighting space is at a premium. Or, if desired, multiple lamps can be used to create impressive lighting patterns throughout the room.

These lamps typically use 8 hr Liquid Tealights™, 12 hr or 15 hr Liquid Votives™.

Midsize Lamps

Midsize lamps are larger than tealight and votive lamps, yet are still appropriate in many instances where space is a concern, providing a pleasing accent where needed.

Midsize lamps only require 1-2 fuel changes a week. These lamps typically use 17 hr or 26 hr fuel cells.

Full Size Lamps

When appropriate table space is available, larger lamps can provide the most drama to the tabletop while establishing points of intimacy throughout the dining room.

Larger lamps are very cost effective, often requiring a fuel change only once a week, or possibly less! These lamps typically use 36 hr or larger fuel cells.
