Unlike traditional sponges, Scrub Daddy® has been independently lab tested to rinse clean of debris and resist odors for up to two months. Scrub Daddy® is made from exclusive scratch-free FlexTexture™ that transforms consistency by simply adjusting your water temperature. F Fuzion™ Cleaner Disinfectant Thorough cleaner disinfectant is a powerful bleach product with efficacy against 36 microorganisms and a one-minute kill time for a broad range of bacteria, viruses and fungi. Kills Norovirus, MRSA, TB and VRE, with a two-minute kill time for C. difficile spores. The formula contains sodium hypochlorite and a neutralizer, which combine to form hypochlorous acid, a pH-neutral form of bleach. The neutralizer breaks down the bleach once the 2-minute contact time is reached, enabling broad surface compatibility, little to no residue, and no lingering bleach odor. Ergonomic bottle shape and advanced trigger technology makes the product easy to use throughout the facility.
