G Coreless Standard Roll Bath Tissue with Plant Fiber Coreless bathroom tissue contains 20% plant fiber, a non-tree fiber, making use of this advanced innovation. Soft, absorbent tissue is a reliable choice for any restroom. The plant fiber used meets the U.S. Green Building Council's (USGBC) definition of "rapidly renewable", meaning its shorter harvesting cycle allows for more efficient and sustainable use of land and resources. For Use With: 09021, 09604, 09605 , 09606.

ID	No.	No. of Tissues	W × L	Qty.	Unit	Price
12	KCC-43851 ✱	1000 per roll	3.94" × 4"	36	CT	

✱ *EcoLogo Certified; Exceeds EPA standards for minimum post-consumer waste content: bath tissue 20%; Contains 50% post-consumer recycled content, 65% total recycled content.*

Cascades

I **Like-Rags® Spunlace Towels** Heavy duty towels are the ideal replacement for rental shop towels and rags. High performance towels are a strong, absorbent choice. They will not break down, even in strong solvent or chemical solutions. Extremely strong towels are effective—whether used wet or dry. Low linting towels make an excellent choice for critical wiping applications. No chemical binders or resins. Designed for use in applications that require resistance to solvents and virtually lint free wiping—applying aircraft solvents, wiping down print presses or plates and solvents for furniture staining.

5	GPC-2007003CT	White	9¼" × 16⁹⁄₁₀"	90	900	CT	

(E) Brawny Industrial® Light Duty Paper Wipers Two-ply wipers offer strength and fast absorption. Great at cleaning glass, but tough enough for general maintenance work. Stands up to light solvents. Perfect for utility trucks, shops and retail food outlets. Convenient dispenser box.

ID	No.	Color	W × L	No. of Sheets	Qty.	Unit	Price
6	GPC-29221	White	8" × 12½"	148	2960	CT	

(F) Brawny Industrial® Lightweight Disposable Shop Towel These lightweight, strong shop towels are made from hydro entangled fibers (HEF), making them super soft, yet durable enough to resist tears. Compatible with most commonly used industrial solvents — they stand up well in many general manufacturing and maintenance applications, including vehicle maintenance. Reliable, low lint wipers that provide a cloth-like feel engineered to deliver consistent performance and fast and efficient wiping. A cost-effective replacement for more expensive cloth shop towels and rags.

DO MORE ACROSS THE BOARD

Wipers are used in every cleaning application from personal care to equipment maintenance. Not all wipers are created equal. Different wipers are designed to be especially effective for certain tasks. Each is engineered with nonwoven substrates, weights, binders and colors in order to balance the different attributes required for optimal cleaning and productivity—strength, absorbency, solvent resistance, lint, wipe dry and hand feel. Just like a tool, matching the right wiper with the right task will make the job easier and more cost-effective. Boardwalk wipers—the right tool for any task.

KIMTECH

H Wipers for the WETTASK* Refillable Wet Wiping System An ideal alternative to using a spray bottle or open bucket with rag. Wipers are specifically designed to be compatible with quat disinfectants and sanitizers. They maintain the target disinfectant concentration and provide a more uniform application than is possible with a cotton rag. Simply add a roll of wipers and your own chemical solution to the WETTASK* disposable bucket with secure lid. Wipers dispense one at a time, preventing cross-contamination of the cleaning solution while reducing exposure to chemical vapors and splashes. Buckets can be prepared ahead of time and are easily transported, allowing you to spot clean germ zones several times a day.
