The art of creating impressions

Enhance your image with a sophisticated washroom experience

If you work hard to make the right impression on your guests, your washrooms should do the same. And in a busy working environment, the last thing you need is washroom hassle. Everything has to run smoothly, efficiently and with minimum maintenance. So we designed a complete line of dispensers to fit with your style and give your guests a great experience.

Trust Tork® Image Design™ to keep your washrooms running smoothly and your image sharp.

The art of image

Of course, you want your interior design to reflect the image and style of your business. Every part of the experience should contribute to a flawless impression. This means dispensers should complement your washroom design. But they should also be outstanding examples of form and function.

For this reason, each Tork Image Design dispenser has a gently brushed stainless steel body, fine lines and subtle curves. The design language is discrete yet bold. Performance is sophisticated yet simple. This way your guests experience nothing but your best.

Clean lines, smooth surfaces and anti-fingerprint protection help to maintain a first class impression.

The window on the side of the dispenser simplifies the task of keeping the washroom stocked and running smoothly.

Softer, thicker, quick-drying towels and other premium refills are all part of the experience.
