

ULTRALIGHT

2024 ULTRALIGHT

Ultralight 7, or UL7, is the seventh generation of Ultralight golf clubs engineered by U.S. Kids Golf. The culmination of thousands of data points gathered using Trackman technology and intense market and product development research have led to our most advanced and highest performing set of Ultralight golf clubs to date. Players should expect higher ball speeds, increased distance, improved versatility, and higher quality throughout the entire set from Bags to Driver to Putters.

9 SIZES AVAILABLE

*Compared to adult club head weight

ULTRALIGHT DEVELOPED USING TRACKMAN TECHNOLOGY

TRACKMAN
GOLF

3040 Northwoods Parkway Norcross, Georgia 30071 | 888.387.5437 | uskidsgolf.com

DRIVER

- ✦ Re-engineered shape and aerodynamics allow for our fastest Ultralight driver
- ✦ Higher lofts and lighter heads engineered for slower swing speeds produce high launching distance, developing proper swing mechanics and speed

FAIRWAY WOOD/HYBRID

- ✦ Thin crowns, redesigned soles, and variable face thickness heads provide a powerful combination of speed and stability
- ✦ Individually optimized center of gravities unique to each club ensure the perfect combination of high launching trajectory and spin, perfect for beginning to intermediate players

WEDGES

- ✦ Trailing edge and heel relief provides the perfect combination of full swing performance and greenside shot-making ability

IRONS

- ✦ Lightweight heads with increased lofts and flexible shafts develop proper swing mechanics, while promoting increased hand and swing speed
- ✦ Re-positioned center of gravity places more mass behind the sweet-spot, leading to faster ball speeds and better trajectory control for maximum, high launching distance
- ✦ Wide sole design and softened leading edges resist digging into the turf, providing maximum forgiveness

SANDHILLS PUTTER

- ✦ Mallet, half-moon style plumber's neck offers a beefier look and ¼ toe hang, perfect for all stroke types
- ✦ 350g head weight for improved feel and distance control
- ✦ Satin finish and triple sightlines allows for no-glare distraction and assured target alignment
- ✦ 3° loft and deep milled face ensures clean contact and immediate roll

- ✦ New UL7 golf bags feature divider tops with ergonomic handles and more storage space than ever before
- ✦ IMPROVED Rain Hood utilizing thicker, more durable fabric with improved rain resistance
- ✦ A lift-assist handle is built into the lower ball pocket for easy handling
- ✦ Dual adjustable strap with padded back support
- ✦ Insulated water bottle pocket
- ✦ Sleeve to hold an umbrella when not in use
- ✦ Ball pocket available for personalization
