CUSTOM LOGO BOTTLE PROGRAM

Custom Program Information:

CamelBak Custom offers custom digital printing and laser etching on select products.

Customization is included in the tiered pricing shown below. The more you buy, the more you save!

Minimum Order Quantity Requirements:

BPA-Free Plastic Products

- The minimum quantity per order/ship window is 36 units per plastic bottle type/size or as indicated on the Order Form
- Mixing bottle colors is allowed as long as the bottles are ordered in multiples as indicated on the order form.

Stainless Steel Products:

- The minimum quantity per order/ship window is 24 units per VSS bottle type/size or as indicated on the Order Form
- Mixing bottle colors is allowed as long as the bottles are ordered in multiples as indicated on the order form.

Artwork proof must be approved before bottle production will begin and leadtime is based on date of approval.

Please include your artwork with your order to avoid additional delays.

Please note that CamelBak Art Services may require an additional 2-4 business days, dependent upon art work.

Custom Program Details and Fine Print

Color Match: CamelBak Printing production does not allow for exact Color Match. Your printed product will be calibrated as closely as possible, but we cannot guarantee PMS matches. If exact PMS is required, please reach out to a Custom Print Representative (custom@camelbak.com) to discuss your specific need.

Print Dimensions: Contact a Custom Print Representative (custom@camelbak.com) for an artwork template if needed.

Email Proof: Customers should receive an artwork proof 4-5 business days after artwork and complete order have been submitted.

Artwork submitted that is not within the Art Requirements parameters may extend artwork proof processing time.

Artwork proof must be approved before bottle production will begin. **If a pre-production bottle sample is required, please use our Design Studio found at <https://www.camelbak.com/en/custom/bottles> to order your production quality bottle.**

Art Requirements: DIGITAL FILE FORMATS: Vector art is needed for all custom print files. We work with **EPS, PDF or AI files** and all text needs to be converted to outlines/curves to avoid font issues.

If you don't have artwork available in one of these formats there will be an additional fee to redraw your artwork into a usable format.

Standard Delivery: Lead times vary - please contact your Custom Print Representative for more information.

Shipping and Freight: Customer will be responsible for all shipping charges.

Speed Service: Rush services are not available.

Payment: Standard payment terms apply. For prepaid customers, payment must be received for production to begin.

Contact the Custom team for more information at custom@camelbak.com
