Habitat for Humanity of Wausau is excited and honored to share that we have been awarded the \$100,000 Impact100 Greater Wausau Grant! This transformational investment will fund a Mobile Critical Home Repair Unit, Construction Support Vehicle, and the tools and safety equipment needed to expand our growing Critical Home Repair Program across Marathon County. Today, more than 112 families are waiting for critical home repairs. Many are seniors, veterans, individuals with disabilities, and working families living on fixed or limited incomes who are struggling to safely maintain their homes. This grant will help Habitat: Increase volunteer capacity and efficiency. Reduce wait times for repairs. Improve safety on job sites. Expand accessibility improvements such as ramps and grab bars. Preserve safe, affordable housing across our community. Most importantly, this investment will help more families safely remain in the homes and neighborhoods they love. This incredible opportunity was made possible through the generosity and leadership of the amazing women of Impact100 Greater Wausau, whose collective giving continues to create lasting change throughout our community. We also want to thank the many volunteers, donors, municipal partners, and community supporters who helped us share this vision and advocate for the growing need for critical home repairs in Marathon County. This award belongs to all of you. Together, we are preserving homes, strengthening neighborhoods, and building hope for generations to come.

A big thank you to Steve Kunze, Rick & Chase Borchardt and Kyle & Suzie Borchardt for cleaning up my yard. Gerri Guillaume
