Kind Attention Mr. Ahuja

The Commissioner MCG

Sub: **Repair & Maintenance of Footpaths & Bus Stands**
AND Road Cleaning / Lifting of Malba

Sir,

We had hoped that the issues raised by Jafra would be addressed and prompt action taken by MCG, after our detailed discussions on - 4 June 22 and subsequent letters of 6 June 22 & others.

I had even pointed out **specific problems** with photos vide my letter

Dated 06 July 2022

It is a **matter of casualness and indifference that No (NO) action** has been taken by the Department which should have been done by your staff on their own in routine. It appears that they are blissfully sitting in their offices and unaware of ground realities & problems and doing no inspection.

The entire stretch of the Dhanwapur Road from Prakashpuri Chowk to Dhanwapur Railway Phatak **is in most pathetic state.**

- a. The footpaths are broken.
- b. Garbage & Malba has piled up all over the road.
- c. The so-called daily sweeping **is a complete Eyewash.**
- d. The corner of road touching CCA School towards HUDA Club is filthy & shabby.
- e. Electricity Sub Station near Krishna Mandir of Sector 4 has malba which has never been lifted.

The above is just an example of one such road **of not even 1 km stretch out of many.**

Please treat this as beginning of my reminders after 4 months of meeting & subsequent letters.

I shall be sending regular emails to follow up till firm action is taken.

If MCG fails to respond or take action the level would be raised and **would not be pleasant.**

Thanking You.

Col. Kr Pratap Singh
Chairman JAFRA
