

Redhawk Men's Golf Club

Conditions of Competition

Revised 9/11/2024

1. Guests will be allowed & encouraged in weekly tournaments. Guests without a current SCGA handicap may play recreationally. Guests with a handicap will be allowed to compete in optional skins competition. Guests will be limited to 4 tournaments in a given calendar year. Guests will not pay the prize fee.
2. The Club will conduct two Major Tournaments (President's Cup and Club Championship) each year. To be eligible to compete in these major tournaments the player must have been a member of Redhawk Golfers Club for at least 6 months preceding the tournament and the member must have competed at least 4 times on Tuesday within the previous 13 weeks and 10 times in the preceding 12 months. The Board of Directors may waive these conditions.
3. Skins competition is optional. Handicap is actual handicap except there will be maximum of 1 stroke per hole.
 - For the purpose of skins, a gross eagle will pay a skin over a net eagle. Gross eagles are very rare and should be rewarded. Two gross eagles on the same hole will cancel each other.
4. Unless otherwise determined by the Tournament Director, each player may choose which tees they would like to play from. Player's handicap will be adjusted based on their tee selection.
5. First place tie resolution. For our two Major Tournaments (President's Cup and Club Championship), if regular competition ends in a first-place tie, the winner will be determined via a playoff. Playoff holes will be determined by the Tournament Director. For all other golf games/tournament first place tie resolution, we will use a Cardoff procedure to determine the winner.
Cardoff Procedure: In the event of a tie for 1st place, the SCGA standard cardoff procedure will be used, 1st place only.
