

The Proper Way to Repair a Ball Mark

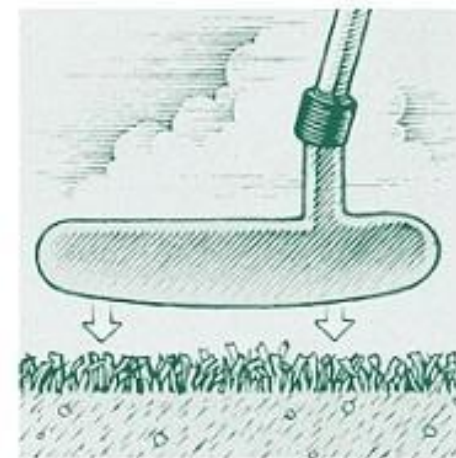

1 Use a prolonged ball mark repair tool (preferably), knife, key or tee.

2 Insert at the edges of the mark—not the middle of the depression.

3 Bring the edges together with a gentle twisting motion, but don't lift the center. Try not to tear the grass.

4 Smooth the surface with a club or foot. You're done when it's a surface that you would putt over.
