

# ADHD Support

ADHD challenges don't have to stand in the way of student success.

## Our Approach

We support schools in building sustainable strategies that empower staff and improve student outcomes

- **Accommodation Review:** Refine IEPs, 504s, and classroom supports.
- **Direct Support:** Observations and consultation with staff to ensure effective implementation.
- **Parent Coaching:** Training sessions to improve home strategies and consistency.
- **Staff Development:** Professional training on evidence-based ADHD strategies.

## Why Districts Choose Us

Our support supplements school teams with specialized expertise, giving educators and families the tools they need to help students succeed. This shared effort leads to stronger focus, self-regulation, and academic outcomes.
