Greenville Industrial-Eppes High Alumni Association

Greetings Eppes Friends and Family,

The history and legacy of Greenville Industrial – Eppes High has continued through the efforts, hard work, of students, families, and the surrounding community. The National Alumni Association has partnered with the City of Greenville, NC to maintain the beautiful campus grounds and the Eppes Recreational Center as a museum for our precious school artifacts. Over time your donations have helped the organization award scholarships, other educational opportunities, and financial support to community organizations.

Among our important goals is giving back and preservation of the school's legacy. These goals have always been supported by our member sponsors. We are extending you an opportunity to engrave your name or your family name onto the foundation of your historical campus by taking advantage of the **Commemorative Brick Paver Program.** Bricks may be purchased with a personal engraving and placed in a special location on the campus. The process is simple, just complete the form, including a check, money order, or website with a credit card.

On behalf of our President James Harper, Jr., and Eppes Alumni Board Members we appreciate you and your support for we could not continue without you. **Your legacy is our legacy "Live long and never die dear old Eppes High!"**

In Appreciation,

James Harper, Jr.
