# AMERICAN MADE. FAMILY OWNED. AND PROUD OF IT.

CAMBRIA® IS THE ONLY FAMILY-OWNED, AMERICAN-MADE PRODUCER OF NATURAL QUARTZ SURFACES. THIS IS JUST ONE OF THE MANY REASONS WHY CAMBRIA CONTINUES TO BE THE LEADER IN DESIGN AND INNOVATION. IT'S A HIGHER COMMITMENT TO EXCELLENCE THAT STEMS FROM A RICH HERITAGE ROOTED IN OUR SMALL TOWN IN SOUTHERN MINNESOTA.

# WHERE INSPIRATION BEGINS

OUR PAST DEFINES OUR FUTURE. SO WE DRAW INSPIRATION FROM OUR ANCESTRAL  
HOMELAND IN WALES WHERE THE RESTLESS SEA AND MAJESTIC COUNTRYSIDE  
PROVIDE ENDLESS BEAUTY TO STIR THE IMAGINATION.

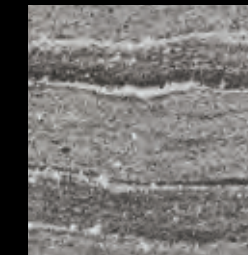

CARRICK™ Marble Collection™  
US Pat. Pending

## GO BIG AND BRING IT HOME

Cambria® jumbo slabs  
are a massive 65.5" x 132"  
(60 sq. ft.) to maximize  
kitchen surface areas with  
minimal seaming.

OAKMOOR™  
Oceanic Collection™

## FIND A PERFECT MATCH

Tie your whole decor together with the Cambria Paint Match tool. Simply select the Cambria design of your choice, then select one of its complementary Benjamin Moore colors to view them side by side.

  
**Benjamin Moore®**

Find the Cambria Paint Match tool, slab views, inspiration galleries, edge profiles, nearby dealers, and much more at [CambriaUSA.com](http://CambriaUSA.com) or [CambriaCanada.com](http://CambriaCanada.com).

## DISCOVER A WORLD OF INSPIRATION AT YOUR FINGERTIPS

With the Cambria app for iPhone or iPad, you can browse through all our designs by tone, texture, characteristics, color, or collection, and save your favorites. In addition, with the app for iPad you can also see any design installed in designer kitchen and bath settings and find a Cambria dealer near you.

# *the* RIGHT CHOICE *for all* RIGHT REASONS *the*

## THE LEADER IN DESIGN INNOVATION

Always bringing you the freshest designs with 133 beautiful selections for any style or decor.

## THE NATURAL CHOICE

Cambria® is 93% pure, natural quartz, one of the hardest minerals on Earth, for superior durability and performance.

## SUPERIOR PERFORMANCE

Cambria natural stone surfaces are scratch resistant and never need sealing or polishing – simply clean with warm water.

## A HEALTHY KITCHEN

Cambria is nonporous, so staining liquids and harmful bacteria are never absorbed.

## ENVIRONMENTALLY FRIENDLY

From responsible mining to recycling all the water used during processing, Cambria is dedicated to preserving our environment in every way possible.

## AMERICAN CRAFTSMANSHIP

Cambria is handcrafted from start to finish to ensure the highest quality down to the smallest details.

## SERIOUS ABOUT SERVICE

A carefully selected network of partners whose ideals match ours ensures premium service, the best experience, and your complete satisfaction.

## FAMILY OWNED, AMERICAN MADE

With a rich heritage in Minnesota, Cambria is the only family-owned, American-made company in the quartz surfaces industry.

## LIFETIME LIMITED WARRANTY

Exceptional products enable Cambria to confidently guarantee your peace of mind for life.

C A M B R I A®

Design samples are a small select cut from a slab; they do not fully exhibit all the design characteristics of the final installed product. Cambria is pure natural quartz. Variation in the natural quartz stone color, pattern, size, shape, and shade are unique and inherent characteristics of this product. **Cambria is not a seamless product; seams are visible. Where there are seams the product pattern and shade will change.** Color blotches are intended and created into many designs to enhance the natural beauty. Galloway™, Summerhill™, Seagrove™, Langdon™, Ellesmere™, Harlech™, Helmsley™, Princetown™, Ella™, Britannica™, Rowwell™, and Oakmoor™ have large visible surface movement not reflected in samples. Surface markings are more visible on monotone colors than multi-colored surfaces. Fairbourne™ and White Cliff™ are unique, light colored designs that will show markings during normal use. Galloway, Summerhill, Seagrove, Langdon, Ellesmere, Harlech, Helmsley, Princetown, Rosslyn™, Minera™, Parys™, and Menai™ have natural free-flowing quartz crystals, resulting in surface deviations to the touch and appearance. These variations do not affect performance and do not qualify for product replacement. Cambria is durable and more resistant to surface damage than other stone. However, all stone can be damaged by force and no stone is chip proof. Objects hitting edges, particularly at sinks or dishwashers, may cause chips. Though a minor knife slip will dull the knife and not harm Cambria, no stone surface is scratch proof. Natural stone surfaces can be damaged by sudden and/or rapid change of temperature, especially near the edges, as well as direct and/or sustained heating of the top. Cambria may not withstand the direct transfer of heat from pots and pans and other cooking units such as electric frying pans, griddles, slow cookers, roaster ovens, and heat lamps. Therefore, the use of a closed-weave hot pad or solid trivet like a bread board is always recommended to prevent heating the product. Cambria is not a structural support material and must be supported in every application. 2cm and 3cm thicknesses are for countertops; 1cm thicknesses are for horizontal and vertical surface finishes such as walls, tub and shower surrounds, fireplaces, and tub decks. Semi-polished finishes (1cm) will not shine, and will soil and appear to stain from soiling. Galloway, Summerhill, Seagrove, Langdon, Ellesmere, Harlech, Helmsley, Princetown, Rosslyn, Minera, Parys, Menai, Ella, Britannica, Rowwell, and Oakmoor designs are not available in 1cm thickness. Prior to purchase, view a larger representation of a design's movement at [CambriaUSA.com](http://CambriaUSA.com).
