

Thank you for booking your vacation to Mexico with me!

I wanted to provide a few helpful reminders as you prepare for your trip:

- Passports must be valid for at least six months beyond your scheduled return date, even though the requirement is only for the duration of your stay. This helps avoid any issues or denied boarding at check-in.
- Please double-check that the names(first and last) on your passport match your airline tickets and resort confirmation to ensure easy check-in.
- U.S. citizens visiting Quintana Roo (Cancun and surrounding towns) must pay a Visitax tourism tax of MXN 259 (about USD 15) per person before arrival(subject to change). You can quickly pay this online at <https://www.visitax.gob.mx/sitio/index.php> the week before departure.

Your detailed confirmation is attached. Please review all the trip details and contact me with any other questions. We want to ensure your vacation is seamless and enjoyable.

I will send your travel documents with during travel important information about three weeks before the trip.

Thank you again for choosing Nationwide Cruises and Vacations.
