

Thank you for booking your Sandals/Beaches vacation with me! I've attached your travel confirmation and some helpful trip details.

Here are a few travel tips to make your vacation smooth and enjoyable:

- Arrive at the airport at least 3 hours early for your international departure flights.
- Keep your valid passports, travel documents, medications, and other valuables in your carry-on bag—do not pack them in checked luggage. Your passport must be valid for six months after your return date, and your first and last names must match airline and resort confirmations.
- When you arrive at your destination, only meet with the Sandals/Beaches transfer agent to get to your resort. Do not go with any unaffiliated agents offering transfers.
- At check-in, the resort will temporarily authorize/hold an amount on your credit card for any incidental expenses you may incur on the property.
- The day before departure, visit the Guest Services Desk to reconfirm your return airport transfer time. Be ready with your luggage 30 minutes before your scheduled pickup.

Most importantly, relax and have an incredible, safe journey! Please let me know if you have any questions during your travels.
