

Thank you for booking your upcoming vacation to Sandals Resorts with me! I know you will have an incredible time at this luxury all-inclusive resort. The turquoise waters, white sand beaches, and first-class amenities make for a truly unforgettable tropical getaway.

I've attached your booking confirmation for your review. Please review it as soon as possible and let me know if everything looks correct.

Remember that passports are required for this trip and must be valid for at least six months after your scheduled return date. The first and last names listed on your confirmation must match those on your valid passport. Please note the deposit and final payment due dates listed, as missing these deadlines could result in cancellation or change fees.

If travel protection is not included with your booking, we will not be responsible for cancellation or change penalties. If it was included, you must understand the coverage details and exclusions.

Upon check-in at your resort, they will require a credit card for any incidental changes and place a temporary hold on your credit card account. If you have no additional charges at the resort, the hold will fall off your account approximately ten days after departure.

I only recommend using credit cards or cash for all international travel, and you may exchange some currency to the local currency before traveling for tips or other purchases. Most international airports have banks for currency exchange.

Upon arrival, your room may not be ready, so pack beach clothes in your carry-on to start using the pools, beaches, restaurants, and bars upon check-in until your rooms are available. You are traveling to a tropical destination, so pack plenty of sunscreens.

Do not hesitate to contact me if you have any other questions or need additional details about your reservation.

I am always happy to help, and I appreciate your business.
