	1030	7	1030	In general the D.I.M. picture is as follows. One Bn around St Paul with one Btry 105. One Bn near Guillestre Remainder of Division is North attacking Modane. The D.I.M. troops in our area have no plans for attacking Larche at present. French seem to believe 90th Pz is to be reinforced with 5th Mt Division. Seem to think they intend to attack Camp des Fourches. Keep close watch on enemy activity that might indicate this. Walls platoon is being put into reserve at Jausiers to-night.
