December 2016 – Present

Building Commissioner / Zoning Officer / Director – Inspectional Services Department

Performs the administration and management of the Inspectional Services Department. Performs highly responsible supervisory and technical work functions associated with overseeing and coordinating review of plans and inspection of structures for compliance with all governing codes and bylaws; including supervising issuance of permits; assistance to the general public; and ensuring compliance with information required under the Zoning Board of Appeals rules and regulations. Has direct supervisory responsibility for 15 staff members, including Building, Plumbing, Wiring, Health, and Compliance Inspectors and Planning Staff. Participates in hiring of inspectional staff, oversight of daily work activities, and employee performance evaluations. Attends Zoning Board of Appeals and Planning Board meetings, advising on matters pertaining to zoning, special permits and related applications. Serves as the Flood Plain Manager for compliance with FEMA construction regulations. Works with the Mayor's office, City Council, and other city departments in the daily operations of a city comprising a population of 70k residents.

City of Lowell, Lowell, MA

April 2015 – December 2016
