## DRESSAGE TRAINING WITH MATT McLAUGHLIN

Matt McLaughlin's training and instruction integrates classical principles of dressage and Natural Horsemanship techniques with a focus on controllability. His methods are suitable for all levels and disciplines, whether you are looking to finish a competitive Grand Prix dressage horse, train an exhibition horse, or just create a more harmonious relationship. Matt studied dressage and haute école primarily under USDF Hall of Fame member Chuck Grant and has honed his skills as a performer, trainer, and clinician in venues worldwide. A former Head Trainer for the International Touring Unit of Lipizzaner Stallions, recipient of the USDF bronze and silver medals and USDF L Program graduate with distinction, Matt is now a featured performer and clinician at horse exhibitions across the United States and competing on the Florida dressage circuit.
