

## AUTUMN AT CHRIS' "BIG O FARM"

WITH CHRIS H. OLSEN

SATURDAY, OCTOBER 25 AT 10:00 AM  
LOCATION: BIG O FARM  
10101 PETERS ROAD, CABOT

**\$25** PER PERSON

As late summer transitions into fall, the garden transitions too—as many of the plants that bloomed in the summer begin to produce seeds or go dormant—but the late season garden still has so much left to admire.

Join Chris H. Olsen as he shares some of the many plants whose eye-catching flowers, attractive foliage, or interesting seed heads can extend your garden's season as the days shorten and the temperatures cool. During this lecture, enjoy a guided stroll through the gardens to see firsthand how he adds fall interest in the landscape as well as in his farm house.

**SPACE IS LIMITED  
SO SIGN UP NOW!!!**

theedgemonthouse.com / 501.920.9999

**WE'VE GOT PUMPKINS AND  
HAYBALES AND

## PORCHES THAT POP

*with Chris H. Olsen*

**THURSDAY, SEPTEMBER 11  
5:30 – 6:30 PM**

Chris H. Olsen LOVES the Fall. He is absolutely crazy about this time of year! If you have ever been to his house or seen photos, you know he decorates for FALL like no one else.

Join Chris, as he does what he does best! Porches and Pumpkins and Pops of Color... oh my! This is one seminar you won't want to miss.

## ROOTS TO REMEDIES

*with Andi Esters*

**THURSDAY, OCTOBER 9  
5:30 – 6:30 PM**

Plantopia's own, Andi Esters, with degrees in Botanical Medicine and Herbology, will share about HERBS, from their ancient uses to their place in contemporary wellness and gastronomy.

Herbs have been an integral part of human civilization for millennia, woven into the fabric of culture, health, and cuisine. This seminar, dedicated to herbs, is not merely an exploration of plants, but a profound journey through history, science, and the senses.
