

FAURECIA PHARMACY BENEFIT GUIDE

Preferred Drug List

Effective January 1, 2022, Faurecia's prescription drug plan will cover drugs on the Preferred Drug List. To view the Preferred Drug List, go to www.bcbsm.com/preferreddruglist.

This drug list does not allow for coverage of brand name products that have generic equivalents unless otherwise stated on the drug list.

Additionally, Faurecia has elected to exclude coverage of infertility and erectile dysfunction drugs.

Prior authorization and step therapy

To find this information online, do the following:

1. Go to bcbsm.com/pharmacy
2. Click on drug lists, then group plans more than 50 employees, then 2022 drug lists for group members
3. Go to the Preferred drug lists section and click on the "[Preferred Drug List Prior Authorization and Step Therapy Guidelines](#)"

If a Faurecia member's prescription requires a prior authorization, the doctor can request prior authorization by fax or electronic prior authorization.

Exclusions

Drugs that are excluded aren't covered by Faurecia's prescription drug plan. In most cases, if a member fills a prescription for an excluded drug, they'll pay the full retail price.

To find a list of drugs we don't cover and their preferred alternatives, do the following:

1. Go to bcbsm.com/pharmacy
2. Click on drug lists, then group plans more than 50 employees, then 2022 Drug lists for group members

3. Go to Preferred Drug Lists section and click on "[Preferred Alternatives for Nonpreferred and Nonformulary Drugs- Preferred Drug List](#)" for the alternatives or use www.bcbsm.com/preferreddruglist for navigating the formulary to see if your drug is covered.

Saver90 Program

If a Faurecia member tries to fill a 3-month supply for a maintenance medication (as defined by the list located below), they must use a CVS pharmacy or OptumRx home delivery after 2 fills.

There are three ways to transition to a three-month supply and avoid paying more:

1. Log in to your secure member account at bcbsm.com or on our mobile app. Then click *My coverage*, select *Prescription*, then *Mail order*.
2. Call OptumRx home delivery pharmacy at 1-855-811-2223. They'll contact the doctor to get your prescription:
3. Easily transfer the prescription to CVS in person or by phone.

To find participating CVS pharmacies in your area, log in to bcbsm.com, click on *My coverage*, select *Prescription*, then *Find a pharmacy*.

For a list of drugs targeted by this program:

1. Go to bcbsm.com/pharmacy
2. Click on drug lists, then group plans more than 50 employees, then 2022 Drug lists for group members
3. Scroll down to "Other helpful resources" section and click on the "[Mail Service Saver and Saver90 Drug List](#)" link.

CareCentrix

Blue Cross is working with CareCentrix to provide our members who receive home or infusion therapy a network of providers who

FAURECIA PHARMACY BENEFIT GUIDE

are trained to safely provide and manage home infusions for complex disease states.

Medical Prior Authorization

Blue Cross balances providing safe, effective medication use with cost through our medical prior authorization programs which include a site of care program, biosimilar program, and waste management strategies. These are managed through prior authorization with specific criteria required for approval.

For a list of drugs targeted by this program:

1. Go to bcbsm.com/pharmacy
2. Click on “Why do I need prior authorization for a prescription drug?” under the Get approval for your medications section.
3. Click on Medical Coverage Drugs under How Do I find out if my medication needs a prior authorization?
4. There are two links to access here:
 - a. [Prior Authorization Medical Coverage Drug List](#) which shows drugs that require authorization
 - b. [Quantity Limits for Medical Coverage Drugs](#) which has any quantity limits that would apply

Specialty drugs and pharmacies

AllianceRx Walgreens Prime is Faurecia’s exclusive provider of specialty pharmacy.

Specialty drugs are listed on the [“Specialty Drug Program Member Guide”](#) or by the Specialty indicator on the [Preferred Drug List](#).

If a member has questions, they can call the AllianceRx Walgreens Prime team of pharmacists and patient care coordinators at 1-866-515-1355, 24 hours a day, seven days a week. Doctors can send a new prescription by:

- Fax: **1-866-515-1356**

- Electronically: E-prescribing name is AllianceRx WALGREENS PRIME-SPEC-MI
- Phone: **1-866-515-1355**

If the doctor doesn’t use an approved Walgreens retail pharmacy or an AllianceRx Walgreens Prime home delivery pharmacy for their specialty medications, the member could be responsible for the full cost.

To identify where best to fill the specialty medication, especially if limited distribution, please use:

1. Go to bcbsm.com/pharmacy
2. Click on drug lists, then group plans more than 50 employees, then 2022 Drug lists for group members
3. Scroll to Other helpful resources section and click on the [“Specialty Drug Program Member Guide”](#). To identify if your drug has a 15 day limit, see the [“15-Day Specialty Drug Limitation Program List.”](#)

High-Cost Drug Discount Optimization Program, powered by PillarRx (PPO plans only)

Faurecia has elected the High-Cost Drug Discount Optimization Program, *powered by PillarRx*, to help members save money on certain expensive medications.

If a member is taking a medication included in this program, the member will receive a letter from PillarRx. In addition, a representative from PillarRx will call them to help them enroll and explain how the program works. Typically, the copay will be lower, or the member may pay nothing at all. Members should ensure their main phone number is current with Faurecia.

If a member has any questions, they should call PillarRx copay assistance team at 636-614-3126.

FAURECIA PHARMACY BENEFIT GUIDE

Drug Adherence Discount Program, powered by Sempre Health

Blue Cross works with Sempre Health to help lower costs of select maintenance medications for Faurecia's members. This program targets 11 medications that treat COPD, Diabetes, and heart conditions.

After the member has their first fill, Sempre Health will send a letter to the member notifying them that they qualify for the program and can lower their cost if they enroll. If the member enrolls, Sempre Health will provide a coupon code to share with the pharmacy to lower the cost for the member. As the member continues to fill the medication on time, the coupon will continue to lower the cost for the member.

Direct member reimbursement

In most cases, the pharmacy will bill Blue Cross directly. However, if a member pays out-of-pocket for their prescription, they can request reimbursement by completing the prescription drug reimbursement claim form. The completed form should be submitted to OptumRx for review.

The link to the form can be found [here](#).
