CONSTRUCTION TRADES ENGLISH (CTE) - COURSE SCHEDULE - ESL FOR THE CONSTRUCTION INDUSTRY:

COURSE DESCRIPTIONS:

Course 001.1

Basic Communication Skills at the Construction Jobsite:

In this course students will learn basic communication skills in English at the construction jobsite and workplace.

Topics will include but are not limited to:

How to talk about and identify the various procedures & aspects of a project

How to talk about and describe one's own duties and skill set

How to talk about safe practices at the construction site

Depending on the experience and knowledge level of the participants the time spent on each of the 3-topics listed above may be extended or shortened.

A pdf of course materials will be emailed to all registered participants.

All content will be presented in English. A CEFR Level of B1 or greater is required to attend this class.

Course 001.2

Basic Communication Skills at the Construction Jobsite:

In this course students will learn basic communication skills in English at the construction jobsite and workplace.

A continuation and strengthening of the content from Level 1:

How to talk about and identify the various procedures & aspects of a project

How to talk about and describe one's own duties and skill set

How to talk about and identify safe practices at the construction site

Depending on the experience and knowledge level of the participants the time spent on each of the 3-topics listed above may be extended or shortened.

A pdf of course materials will be emailed to all registered participants.

All content will be presented in English. A CEFR Level of B1 or greater is required to attend this class.

Course 002.0**Preparation for the USCIS Interview and Civics Exam:**

In this course students will learn how to fill out Form N-400, prepare for, and practice for the USCIS Interview and the Civics Exam.

This course follows a prepared curriculum provided by the United States Citizenship and Immigration Services (USCIS). This course will include the opportunity for all attendees to practice with the teacher for the USCIS interview.

A pdf of course materials will be emailed to all participants.

All content will be presented in English. A CEFR Level of B1 or greater is required to attend this class.

Course 003.0**Reading and Comprehension of Plans and Specifications:**

In this course students will learn how to interpret and present the details in plans & other specifications.

Content includes reading plans and specifications of various details. The content can be specific or varied to the needs and interests of the attendees.

A pdf of course materials will be emailed to all participants.

All content will be presented in English. A CEFR Level of B1 or greater is required to attend this class.

REQUIREMENTS FOR ALL CLASSES:

All courses will be presented on Zoom. Minimal proficiency in Zoom is necessary to attend. There will be time allotted in the first class meeting to review and help students with the features of Zoom. To participate in all classes tablets and larger devices/computers are preferred; attendance via a mobile phone is acceptable.

CORPORATE CLIENTS: Please contact us at info@constructiontradesenglish.com for more information and the fee structure. For corporate clients we can provide industry and organizational specific content and classes. We provide an online assessment using the CEFR Assessment Tool in order to determine levels of proficiency.

INDIVIDUAL CLIENTS: All interested students should contact us directly to learn more about course requirements and fees. We provide an online assessment using the CEFR Assessment Tool in order to determine levels of proficiency.

Construction Trades English (CTE) provides online English classes and content for the construction and related industries and to all sizes of organizations. We provide content specific to your organization's and industry's needs!

With online classes we can service the Globe! 🌐

We offer online classes and content in two formats:

1: ENGLISH CLASSES FOR CORPORATIONS AND ORGANIZATIONS

We offer online English classes and content specific to the construction and related industries. We can provide your organization with company-wide classes and content that would be accessible to your Team. These classes and content include one-on-one tutoring.

All industries and services have their own unique vocabulary and terms. We know from experience that communication on the construction and building jobsite is more than basic conversation. Providing English Classes for Construction Workers and the Building Trades is essential for not only meeting a project's specifications but is also crucial for maintaining a safe and secure jobsite.

Classes specific to your organization can be scheduled for any time of the day, for as many weeks as needed, and can begin at any time of the year.

A Sample of Content Your Organization Can Offer Your Team:

- Basic Communication Skills in English at the Jobsite
- Preparation for the USCIS Interview and Exam (for U.S.-based students)
- Comprehension of Plans and Specifications
- Comprehension of OSHA Specifications
- Business English
- All Levels of English-Language Skills.
- Customer-

Service Skills

If your company has a need for specific content we can create and design content for ESP (English for Specific Purposes).

This employee benefit will help all who participate to communicate better at work and within their community!

2: ENGLISH CLASSES FOR INDIVIDUAL STUDENTS

Do you work in the construction industry?
Would you like to improve your English-language skills?

Scheduled Classes Beginning in March 2025:

- Basic Communication Skills In English At The Jobsite. Section 1
- Basic Communication Skills In English At The Jobsite. Section 2
- Preparation for the USCIS Interview and Exam

TO BE SCHEDULED:

- Comprehension of Drawings, Plans, and other Specifications
- Comprehension of OSHA Specifications
- Business English
- All Levels of English-Language Skills
- Customer-Service Skills

**The June and July 2025 Online Schedule will be posted by May 1, 2025
Sign up for our email updates.**

These individual classes are open to all and will include the same classes and content that are listed above to individuals working in the construction and related industries.

These classes are presently scheduled for Saturdays and for the Eastern Time Zone in North America. These classes will meet once a week and are scheduled from March to June.

For more information EMail us at info@constructiontradesenglish.com

Please contact us for more information regarding our course and content offerings.

For clients in the United States we also offer:

Preparation for the U.S. Naturalization Exam.
