Dear Ms. Webster,

We would like to take the opportunity to thank you for your volunteering in our Adopt-A-Highway program and taking care of Route 5 in Hopewell and Seneca. Not only does your hard work help preserve our state's natural beauty, but it also makes it a safer place to live for both people and wildlife.

The Adopt-A-Highway program was first started in 1990 with the goal of keeping our highways cleaner and giving New Yorkers a chance to show their community spirit. The program has been a resounding success, and it is because of organizations like yours. Thank you again for helping to make a difference over the years.

Very truly yours,

Ryan Fischer
