Charlotte Diaz - STC Supervisor

Thank you Mr. Taleb for motivating, training and directing me after helping me diagnose the weaknesses I have when it comes to financial intelligence for business. Not only am I well-equipped now but I am confident. My mindset has just improved fully.

I had fears on using accounting skills to lift my supervisory abilities to enable me to have a focused control on the warehouse resources and money movements. In 4 weeks you have fully transformed me and my team.

Thank you and we meet again!

Where do I begin!

Thank you for everything you have done for me and everyone in the course. During the informative and eye opening sessions on Professional Email Writing etiquette, we have benefited from your generosity, leadership and expert knowledge. I learned a lot, and it instilled in me confidence and ambition to develop. It was an honor for me to be one of your students.

Thank you and see you soon!

I have developed, learned, led and finally have gained a level of knowledge I truly can be proud of. I now can lead my team, ensure I focus on communicating properly when faced with challenges and control my reaction. Your communications course has opened my eyes beyond my imagination.
