VANESSA GRAY

When dreams become realities

celebrating three months of impact and support

As a child, I had some unique collections: miniature items (how I wish Checkers had their mini-collections 30-odd years ago!), lighters (for reasons I still can't explain), and quotes. Yes—quotes! One of my favourites was, "If you can dream it, you can achieve it." I'd love to give full credit, but Google claims it's either Zig Ziglar, Walt Disney, or a handful of others. So, whoever said it—thank you! So much of what I've pursued in life has been fuelled by those words.

With that in mind, I can hardly believe it's been only three months since we started UCA! It feels so much longer, especially with all we've accomplished. We grew from just 10 members to launching our first campaign, secured a partnership with an incredibly inspirational woman, and received amazing support through donations.

We're blessed beyond words, and I'm incredibly thankful to God for sending the right people at exactly the right time. Whether through connections, volunteering, or support, each person has added something special to this journey, and I couldn't be more grateful.

Knowing how much we've done in just a few months has me buzzing with excitement for what 2025 holds! And, on that note, I'm thrilled to announce our first in-person UCA gathering. The event will be open to the public, so save the date and bring along as many ladies as you can! We already have some fantastic speakers lined up and prizes up for grabs.

A massive thank you to every member, volunteer, and everyone else spreading the word about UCA. None of this would be possible without each and every one of you!

I'll leave you with another favourite quote of mine:

"Doubt sees the obstacles, faith sees the way. Doubt sees the darkest night, faith sees the day. Doubt dreads to take a step, faith soars on high. Doubt questions 'who believes?', faith answers 'I!'"

PS: again, various authors on this one - all of whom I thank! :)

With so much love and gratitude,

LANIE RISCHMULLER TO LADY RISCHMULLER

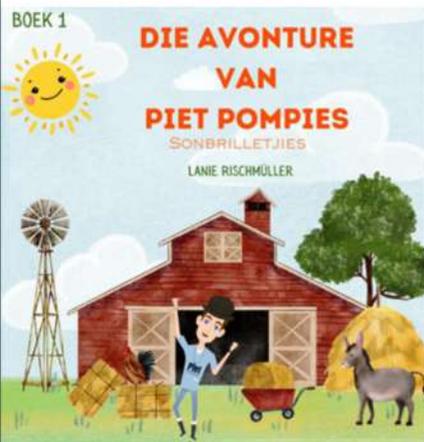

TAKING EVERY OPPORTUNITY
BY THE HORNS !

Lanie Rischmüller is a rising country singer from Pretoria, South Africa, whose journey has spanned continents. After working as a flight attendant, she ventured into beauty, graphic design, and art, launching her own online store, Lady Rischmüller Handmade. Her store reflects her love for creating unique, handcrafted pieces, including home décor, organic candles, soaps, leather handbags, and more. Each item is crafted with care and originality.

Beyond her artistry, Lanie is a children's author. Her debut book, *Die Avonture van Piet Pompies: Boek 1*, will be released in December 2024, kicking off an eight-book series filled with imaginative adventures to inspire young readers.

Lanie's love for country music led her to start her singing career in 2024 at age 39. Known initially for her cover songs, she quickly gained thousands of social media followers with her heartfelt performances. Inspired by her husband, country singer-songwriter Pieter Rischmüller, Lanie is now working on her first original album, set for release in 2025.

She's also lent her voice to Netflix productions and Broadway in New York. On 30 October '24 she won Newcomer of the Year at the South African Country Music Awards, Lanie's journey is just beginning.

Her story is one of pursuing dreams and embracing happiness, encouraging others—especially women—to do the same.

Visit her store at www.ladyrischmullerhandmade.co.za to explore her creations.

phoenix fitness

A look at the amazing woman behind the brand

rising from the ashes

by Truzaan Berowsky

Phoenix Fitness was born in 2020, founded by Truzaan Berowsky—a dedicated personal trainer, nutritionist, and award-winning fitness athlete passionate about empowering women to achieve their best. Truzaan’s journey into the fitness world began in 2015, but her commitment reached a new peak when she took 1st place in the IBFF Universe Competition in October 2024. This accomplishment is the latest milestone in a career defined by resilience and a belief that fitness is about much more than physical transformation; it’s about discovering inner strength and rising to meet life’s challenges head-on.

As a fitness model athlete for IBFFSA, Truzaan found that bodybuilding is not just a sport but a community—a family where competitors uplift and inspire one another. This sense of camaraderie inspired her to create Phoenix Fitness, an online training platform dedicated to growth, resilience, and empowerment.

Truzaan’s own path hasn’t been easy. She’s faced doubts and times when the future felt uncertain. Yet, every challenge has only strengthened her resolve. “There were moments I wasn’t sure of my next step,” Truzaan shares, “but each obstacle showed me that I could rise again. Keeping my head up through it all made me who I am today.”

Through Phoenix Fitness, Truzaan now channels her experience to inspire women to overcome their own barriers, to see their worth, and to recognize their strength. Her mission is to support women on their journeys, helping them find confidence, resilience, and self-worth. “Like the phoenix,” she says, “we all have the power to rise from the ashes, stronger and ready to soar.”

Phoenix Fitness isn’t just about physical wellness; it’s a movement toward self-empowerment. Truzaan’s message is clear: whatever the challenges, every woman has the strength to rebuild, redefine, and rise.
