Dear Agents/Publishers

I am writing to introduce my memoir, "Waking Up", a deeply personal account of survival, transformation, and resilience. This work explores the pivotal moments of my life, including a near-fatal car accident that resulted in a spinal injury, and the long road to recovery that followed. Each chapter delves into the profound impact this event had on my perspective, relationships, and approach to life, while also reflecting on the successes and setbacks of my entrepreneurial journey.

In "Waking Up", I candidly share the lessons I've learned from founding and growing SilencerCo, leading Vista Outdoor's Tactical Business Unit, and, most recently, my role as Senior Director of Revenue at Angled Spade Technologies as well as a new endeavor in real estate investing. My hope is that readers will not only find inspiration in my story of physical and emotional recovery but also take away valuable insights about perseverance, leadership, and personal growth.

Apollo publisher's reputation for publishing meaningful narratives aligns well with the tone and themes of "Waking Up." With its reflective and sincere approach, my memoir seeks to resonate with a broad audience—from those grappling with personal challenges to aspiring entrepreneurs seeking guidance in the business world.

At approximately 100,000 words, "Waking Up" is available for your review. I would be honored to work with Apollo Publishers to share my journey with your readership. Please let me know if you are interested in receiving a manuscript.

Thank you for considering my submission. I look forward to the possibility of collaborating with your esteemed publishing house.

Warm regards,

Joshua Waldron
