PURCHASE AGREEMENT/HEALTH WARRANTY

Thank you for deciding to purchase one of our puppies. We want to make this a stress free enjoyable experience for you. Please feel free to email or call me with any questions or concerns that you might have along the way. We will keep you up to date with information about your puppy as it grows until it is time for your puppy to go to its new home. This contract is written for the protection of both the breeder and the buyer. However, it is primarily written to protect the health and general well-being of the puppy.

On this day the _____, the following agreement has been entered into between the following persons: Robin Norman, Must Love Doodles, hereafter referred to as seller and the following person, hereafter referred to as buyer.

Buyer Contact Info: _____ (Name)

_____ (Address)

_____ (Phone number)

_____ (Email)

The Seller hereby sells to the Buyer a male/female, F1b _____, whelped on _____, and referred to by the name(or collar color) of _____.

The consideration of this sale shall be the total sum of \$_____.00, plus terms and consideration hereinafter set forth. All applicable terms and conditions will apply.

The Seller accepts a **non-refundable** deposit via the form of cash, money order or check, of \$500.00 (along with signed deposit contract) toward the purchase of the identified puppy. The **CASH** balance of \$_____ will be due upon receipt of the puppy by the buyer. Puppy will need to be picked up by buyer at 10 weeks of age (within 5 business days from notification of pup's availability), or deposit will be forfeited unless prior arrangements have been made.

TERMS AND CONDITIONS: Warranty and 24 Month Health Guarantee

1. At the time of delivery, the Breeder guarantees your puppy is in good health, and has received age appropriate vaccinations as well as deworming. Purchaser will be provided with all health records of puppy while puppy was in the care of Breeder.

2. At the time of delivery, Purchaser must take the puppy to a licensed veterinarian for an initial health exam within 5 days (excluding Sunday). If puppy is purchased on a Sunday, the 5 day period will begin on the 1st Monday after purchase. At this initial visit, if puppy is found to have a serious health condition, the Seller must be notified and the puppy must be returned immediately at the Buyer's expense, if a full refund is requested provided the puppy has not been injured or neglected. This health guarantee becomes null and void if Purchaser has not taken the puppy into a licensed veterinarian within 5 days of purchasing puppy. This health guarantee becomes null and void if Buyer decides to keep puppy after it is found to have a serious health condition.

(_____ **Buyer has read and understands this statement**)

3. If the Purchaser's veterinarian identifies a chronic or serious health problem (a genetic condition that can be tested for in a DNA panel) with the puppy within 24 months of the date of purchase, proof of medical exam and diagnosis by the veterinarian must be presented to Breeder in order for a 50% refund of the purchase price to be given. Breeder reserves the right to have a second opinion by a veterinarian of Breeder's choice, at Breeder's expense. If puppy should die or be euthanized due to a suspected congenital defect, an autopsy/necropsy must be performed at the purchaser's expense. This health guarantee becomes null and void when the Purchaser accepts a 50% refund. Seller has 90 days from the date of confirmed diagnosis to distribute refund.

(_____ **Buyer has read and understands this statement**)

4. It is the Purchaser's responsibility to provide due care, and not expose unprotected puppy whose vaccines have not yet fully taken effect to contagious situations. The Seller is not responsible for any contagious diseases the puppy may contract once it has left our care. This guarantee will not cover, including but not limited to: Parasites (internal or external), Coccidia, Giardia, Leptospirosis, Parvovirus, Kennel Cough, Distemper, Rabies and Corona. Seller makes no guarantee regarding loss of the dog due to accidental death, theft, sickness, etc., or any other loss beyond the Seller's control.

(_____ **Buyer has read and understands this statement**)

5. All of our puppies are sold as **PETS ONLY (no breeding rights)** with a spay/neuter contract. **Male puppies** must be **neutered no sooner than 12 months and no later than 14 months** of age and **female puppies** must **wait to be spayed until after their first heat** but before their second heat. Documentation must be sent to us verifying the procedure. In purchasing a puppy

from us, you agree to enter a spay/neuter contract agreement. This means that you agree to spay/neuter the puppy and the puppy cannot be used for breeding.

(_____ **Buyer has read and understands this statement**)

6. The seller **cannot** guarantee against dysplasia or any other joint condition. Reasonable precautions have been taken to prevent this puppy from acquiring hereditary defects of the hips, eyes and heart. Environmental factors that the seller has no control over play the biggest role in which dogs develop hip dysplasia. To avoid such negative factors, the buyer should maintain the dog at an ideal weight; we suggest feeding TLC dog food (proper nutrition is key to preventing excessive growth), do not expose the puppy to negative environmental factors regularly (no steps before 12 weeks, then limited exposure to slick flooring, etc.) and only expose the puppy to age appropriate exercise.

(_____ **Buyer has read and understands this statement**)

7. Puppies can on occasion have allergic reactions to vaccinations. Health issues that are the result of vaccinations including: sarcomas, tumors, auto-immune disorders, thyroid disease, allergies & seizures that occur following an administered vaccine will not be covered under the genetic portion of this warranty. Leptospirosis vaccine has a known history of causing allergic reactions that can sometimes trigger auto-immune reactions in puppies. This contract becomes void if Leptospirosis vaccine is given before 1 year of age. Buyer also agrees to not have the rabies vaccine administered at the same time as any other vaccine, but to allow at minimum three weeks from the last vaccine date before having rabies vaccine administered to dog. With this said, the seller will not be liable in any manner for illness or injury that occurs or may be triggered by a vaccine of any nature. **We highly recommend that this be discussed with your veterinarian before giving any vaccines.**

(_____ **Buyer has read and understands this statement**)

Buyer also agrees:

1. The puppy will be given proper medical care including, but not limited to vaccinations and annual boosters, regular deworming, heartworm preventative, adequate and proper shade/housing in a fenced yard or kennel for very limited amounts of time, but will mainly reside inside the home, and puppy will not be "tied out".

(_____ **Buyer has read and understands this statement**)

2. This puppy will never be sold, surrendered to any humane society, animal rescue group or animal shelter. Buyer will contact seller to offer puppy back to seller, at no charge, should buyer become unable to properly care for said puppy.

(_____ **Buyer has read and understands this statement**)

Other Considerations:

It is impossible to accurately determine the exact adult size, coat color and /or type of coat or shedding of any puppy sold. Therefore we do not give any size, color or type of coat guarantee. Size, coat color, and type of your puppy/dogs coats is estimated based on bloodline, age, bone structure, size of the puppy, and our experience with how the puppies have matured in the past.

We do our very best to have healthy, happy, well socialized puppies. We hope you will continue this as you feed quality dog food, keep current with shots and deworming, place him/her on heartworm/flea preventative and most of all enjoy your puppy/dog and let him/her enjoy their time being with you. Should you the buyer have any questions about your puppy as he/she grows (ages), we will always be available to answer your questions.
