ACCOMMODATIONS:

Nebraska Land Motel * Rushville, NE 308/327-2487

Best Western West Hills Inn * Chadron, NE 308/432-3305

Jefco Inn * Gordon, NE 308/282-2935

Super 8 * Chadron, NE 308/432-4471

Holiday Inn Express * Chadron, NE 308/747-2223 • Block Room Discount

TRANSPORTATION:

Commercial airlines serve Rapid City SD, Scottsbluff NE, Alliance and Chadron, NE. Rushville has a run way for small planes.

TERMS AND CONDITIONS:

Cattle sell under the standard terms and conditions as recommended by the Red Angus Associations of America. We reserve the right to retain one half semen interest in all bulls but will be selling FULL POSSESSION.

FOOD:

Breakfast, lunch, & dinner will be available sale day.

VETERNARIANS:

Dr. Jeff Erquiaga, DVM, Rushville NE

HEALTH:

All bulls are on a complete health program and will be accompanied by health papers for shipment anywhere in the United States. All bulls have been vaccinated with IBR, BVD type I & II, PI3, BRSV, Pasturella, 7-way, Haemophilus and poured. All animals in the sale are on a complete vaccination program. All females are brucellosis vaccinated.

FERTILITY TESTING:

All bulls will be fertility tested prior to the sale and guaranteed to be breeders. They will come with a semen evaluation and soundness sheet.

GUARANTEE:

All bulls are guaranteed by insurance only. Pieper Red Angus will pay 30% of the insurance premium on each bull purchased in the sale if the buyer chooses for the first year after purchase date. Jim Gies will be at the sale from the Liberty Mutual Insurance company.

FEEDING:

We have fed our bulls on the ranch for the last 46 years and this year was no exception. They are fed a high roughage ratio. The feedback from our customers has been that the bulls are holding up very well under most any conditions.

ACCIDENTS:

Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

LIABILITY:

All persons attending this sale do so at their own risk and sellers assume no liability, legal or otherwise, for any accidents occurring in, on, or about the premises. We are not responsible for any typographical errors.

FREE DELIVERY:

Free delivery within a 300-mile radius on bulls. All trucking on females are the buyers responsibility, but we will be glad to assist with trucking plans.

SALE BOOK:

JC Ranch Designs - Contact Jessamyn Voss @ (308) 430-2999
jcranchdesigns@gmail.com - Hay Springs, NE

SALE LOCATION:

Sale will be held at the Pieper Ranch 7 miles east of Hay Springs on Hwy. 20. Turn south at the PRA Bull Ranch sign and go 3 1/2 miles south. Or 4 miles west of Rushville on Hwy 20, then south 3 1/2 miles.

EPDs:

All EPD's are current as of March 3, 2023.

DISCOUNTS:

\$100 off each bull taken home sale day. 3% off for five or more bulls. Females not included.

ALL LOTS SELL IN CATALOG ORDER
ALL BULLS WILL SELL IN LIVE AUCTION
ALL FEMALES WILL SELL ON VIDEO

... Welcome ...

Welcome to our 33rd Annual Performance Leader Production Sale,

The future is looking bright for the cattle industry and the cow calf producer is going to be in the driver's seat! The inventory numbers are historically low. When the bad drought ends this spring and the winter stress is over, the numbers will need to be replaced. To fill this void we are offering a excellent set of bulls and replacement heifers (registered and commercial). The quality of your cattle can make a tremendous difference on your bottom line. We have invested in lots of new genetics in our program and it is evident in the quality of cattle we are offering.

As we travel the country-buying cattle sired by our genetics, we are proud to say they are topping the markets and are well accepted by everyone in the cattle business.

This set of bulls has breed leading genetics and have been through every challenge we can give them. We believe everything we do to them is for our benefit and yours.

Come and spend March 31st with us and enjoy trend setting genetics, good food, family, and friends.

Thank you and we look forward in seeing you sale day!

The Pieper Family

REGISTERED YEARLING BULLS

HAVE BEEN GGP TESTED

• This is the first year that we have genomically enhanced EPDs on almost every bull in the offering. Combined with total herd reporting, large contemporary groups, and ultra sound scan data, we feel that this makes the EPDs that you see in the catalog at the highest accuracy possible. It is just another piece of the puzzle to make your bull selection more accurate. All of the EPDs in the catalog have been ran though the bolt system and should be the same sale day as they are in the catalog. •

All bulls have passed a vet check and semen evaluation. Scrotal reports will be available sale day.

Your herd is covered.

GGP's markers have you covered and informed. Leverage GGP today by contacting your breed association or go to genomics.neogen.com/en/ggp-beef

What a way to start the sale. We feel this is one of the best and most complete bulls we have offered to date. He has come to the top of every category that he was tested in. Connealy Confidence Plus has dominated the Angus side and we have watched his sons excel to the top of the breed. His daughters have been raising the top selling bulls year after year. This bull's dam is one of the top young cows in our program and has a picture perfect udder. Her dam 636D is what we feel to be the best cow to come out of the C-Bar program. There is also a full sister to PIE 0105 that is a top donor at Hansine Ranch in South Dakota. She has a full brother that was a high seller in our 2021 sale, PIE Commander 0100, that is becoming one of our top phenotype and growth sires. Every cow in this bull's pedigree is an exceptional donor cow for generations. When it comes to phenotype, this bull has as much body and mass as any bull in the sale and is also one of the best footed bulls you can find. We believe he will make a huge impact on our program and on the breed. PIE Confidence 222 will likely be the bull that carries Confidence Plus into the Red Angus breed. Here is a great opportunity to own one of the best Red Angus bulls in the country and I would bet his semen sales will easily pay for him.

DAM - PIE RUBY 520

Here is a Complete son that is going to impress you with his power, mass and exceptional length. His full brother was the high seller in the 2022 fall sale to Loosli Red Angus of Idaho. His dam is also a top donor and is the dam of PIE Quarterback 789. The Complete 7000E progeny are impressing us more all the time and we calved out over seventy head of daughters this spring and they have impressed us with their udders, disposition, and mothering ability. There is soon going to be a repayment for Complete 7000E and this bull is sure in the running.

SIRE - KJL/CLZB COMPLETE 700E

Wow! This Complete 7000E son knocked it out of the park with every test we put him through starting from birth with a 68 lb weight and 92 ratio. Then he floored it to be number one weaning in his contemporary at 746 lb 113 ratio and number two yearling ratio at 1406 lbs. He still did not quit there, he also had a 112 IMF ratio and a 113 REA ratio. He also ranks to 25% of the breed or better in eleven different traits. He is dark red, moderate, easy moving, and as thick as you can make one. If you are looking for a bull with all the right EPDs, phenotype and loads of carcass, you better check this one out. He is one of the best! We would like to use this bull back in our program.

SIRE - PIE CAPTAIN 057

This is the first of the PIE Captain 057 progeny to sell and you are going to be impressed with this set of sons. They are some of the best put together cattle that you are going to find around the country this year. In the majority of the places he was used they are at front of the sales. Some of the replacement heifers are the very best we have had. This dark red Captain son is going to catch your eye in the pen with his extreme length and beautiful front end. He carries himself with the herd bull presence. He also moves with ease and is one of the top phenotype bulls in the entire offering. Check out his almost 18" REA - that is impressive! Do not overlook his top notch set of ratios. His dam also has one of the highest MPPAs in our herd.

Here is one of our favorite Confidence G1410 sons. He has checked all the boxes from phenotype to his unreal EPD profile; with 11 EPDs and Indexes in the top 10% of the breed or better. He is a truly massive bodied bull that is dark red with a great disposition. His dam is one of the best up and coming cows in our program and is at the top of the list for the best Tilly 399w daughter. This bull had to have a lot of luck on his side to turn out red with almost a total out cross pedigree. He will inject some of the very best Angus pedigrees into the Red Angus breed with Confidence Plus, Rito 616, Spur, and many others. If you are looking for a top outcross bull from one of the best cow lines in the breed and an impeccable EPD profile you better take a look here.

PIE JANET 382

If you are looking for one of the best phenotype bulls to sell all year, you need to look at this powerhouse Respect son. He is full of muscle, meat, big topped, and wide based but still moves out with ease. We were the runner up bidder on the \$130,000.00 dollar MRLA Respect and we thought he was was one of the top bulls to sell in the 2020 sale season anywhere. His dam is a powerful Just Right daughter that is out of our donor cow PIE Janet 382. She was also heifer calf champion in Denver and has raised multiple herd bulls going into top programs. As much as we like MRLA Respect, we will be moving forward with this son. If you are looking for unreal type and kind with a great cow behind him take a look.

YEARLING RED ANGUS BULLS

• Pictured •

LOT 7

Here is the first of the LSF Identity progeny to sell and they are impressing us more every day and have caught the attention of breeders across the country. The identity progeny are dark red, good footed, with lots of shape and body. He does not just have phenotype, he does it all on paper too with a massive EPD spread and he is one of the top bulls in the system for \$Profit and \$Ranch. This bull is hard to fault from the ground up he is thick of a calving ease bull as you will find with herd bull presence to him. Unfortunately we lost Identity this spring so get on the front edge of a breed leading sire.

LOT 8

You are going to be impressed with the MRLA Respect progeny and this is one of our favorites. He is one of the thickest bulls in the sale and moves with ease. His dam is a powerful One of A Kind 352 daughter that is the front pasture kind of cow. If you want to add muscle, shape, and power to your program while still keeping maternal, this is a bull that you need to take a look at.

YEARLING RED ANGUS BULLS

. Pictured .

LOT 9

This is a bull that has caught our attention all year and I'm sure he is going to catch yours on sale day. He is big hipped, moderate framed with tons of middle. His dam is one of our favorite Quarterback daughters to date and his grandam has been one of the top producing cows. Hard Drive has been one of the most sought after sires in the last few years. He is known for his exceptional females. Putting Quarterback and one of our best cow families in the pedigree is only going to take it to the next level.

LOT 12

Here is one of the longest and stoutest bulls in the offering. He is out of the magical cross of Quarterback x Franchise and did not let us down. In fact, we think he is one of the better ones we have had to date. His dam is a beautiful moderate made Franchise daughter with a great udder. Quarterback has been on of the most popular bulls in the breed the last couple years and for good reason. He keeps producing this kind time after time. His semen has been selling for up to \$1500 per unit.

YEARLING RED ANGUS BULLS

• *Pictured* •

LOT 13

Here is one of the most interesting lots in the sale and the first time we have had a black hided bull in the front pen. This Connealy Confidence son is sure going to impress you with his length, style and thickness. He reminds us a lot of Quarterback 789 and for good reason because he is a maternal brother to him. Take a look at his 109 IMF ratio and 109 REA ratio also his GGP enhanced EPDs read top 6% WW, 3% YW, 7% MARB, 1% REA, 3% CW, 6% Pros, and 3%GM. We lost Brown CRSB Confidence G1410 to early and we think this Confidence Plus son could keep Confidence Plus moving forward.

With PIE Ruby 520 on the bottom side its going to be hard to beat.

LOT 14

Check out this moderate, thick made Complete 7000E son. He jumped through all the hoops; from a 68 pound BW, 723 WW, and a 1336 YW. Then he was at the top of his contemporary with a 106 IMF and 114 REA ratio. He is also top 1% Pros, 7% HB and 3% GM. When you see him out in the pen, he is not going to disappoint. He is big topped, square hipped, and moves great. Not very often do you get a bull with the ratios, phenotype, and EPDs all put together. We think his sire Complete 7000E is one of the top high marbling bulls in the breed because he still adds muscle, and phenotype.

YEARLING RED ANGUS BULLS

. Pictured .

LOT 15

This is one of the biggest spreads from birth to growth that you can find in the entire breed. He also offers carcass and an outcross pedigree. The Confidence G1410 cattle have been some of the most talked about cattle in the breed in the last year for good reason Connealy Confidence Plus has already proven himself to be a breed leader and to inject that into the Red Angus side is really exciting. This son is no exception. He is loaded with muscle and has as much middle as any bull in the sale. He also has one of the top actual weaning and yearling weights in the entire sale.

Wow this long, gentle, stout made bull is one of our favorite Complete sons. He is going to add a little more frame and length. He is not just a phenotype bull, he also knocked it out of the park on his actual ratios and a set of EPDs that place him in the top of the breed. Top 1% GM, 6% WW, 3% YW, 7% MB, and 5% REA that is pretty impressive. He is also out of one of the best looking Just Right daughters that we have.

This is a really exciting Respect son that is out of a top producing Franchise daughter. She raised one of the best Quarterback sons that we have had but due to an injury we decided not to sell him. This bull is a dark cherry red powerhouse that has a great disposition. He also has great actual ratios that place him in the top of his contemporary group. If you want to add pounds and style to your program, we guarantee that this bull is going to do both at a high level. With his dam your replacements will be some of the best heifers you have seen.

Here is a full brother to lot 9 and boy is this one good. He is easy to pick out in the pens and will always catch your eye. This bull also has some of the best genomics of the entire sale and he looks the part too. He has thirteen traits in the top 13% of the breed, that is pretty hard to beat. His mother is one of our top Quarterback daughters that is out of a Mitty In Focus daughter that has been one of our top production cows.

Here is one of my favorite Commader bulls of the sale. He is one of the best phenotype bulls of the offering. His genomics also rank him in the top of the breed for growth and carcass. His dam is also a power house cow with a great udder.

This set of black bulls is the most impressive that we have offered to date and this first bull is a three quarter brother in blood to our lot one bull and you can see a lot of the same characteristics between the two. He checks all the boxes: great carcass, unreal phenotype, his genomics, he is in the top 1% GM, 1% WW, 1% YW, 1% ADG, 1% CW, 5% MARB, 2% REA. If you are looking for one of the top outcross bulls in the breed, do not overlook this bull. He is the real deal.

Lot 199 250 COMMERCIAL RED ANGUS HEIFERS

• Every year for the past thirty three years, we have sold a fancy set of replacement heifers we have purchased from our bull customers. They have been on a grower ration since weaning and are developed for maximum conception rates. They have also been on an extensive vaccination program, including breeding shots. Dr. Jeff Erquiaga will check them one week before the sale for reproductive soundness. This year we will be offering large groups of customers heifers that are as fancy as you can find. Including a group of first cross Red Angus Hereford heifers out of our Red Angus bulls and Hereford cows.

*They will be sorted to suit the buyer and will sell five or more in numerical order.
The heifers are weighing eight hundred and fifty pounds and are ready to breed!
As always, we will give a straw of semen from eligible bulls for each female
purchased in our sale from our bull battery. •*

.....
This is a great set of replacement heifers and we are starting it off with a heifer that is right out of the top of our ET program. She is also a full sister to the lot 9 bull. She is sure one of my top picks for phenotype, long, stout, and correct made from the ground up. This is one of the top pedigrees that we could dream up for a female to have. The Hard Drive and Quarterbacks are some of the most sought after in the breed and hard to find. When you combine the two, you get the best of both worlds. Do not miss out on this one.
