

KIRK TRIPLETT

I grew up in Pullman, WA and graduated from The University of Nevada Reno with a degree in Civil Engineering. I completely disappointed my Mom and turned professional that same year. I qualified for the PGA Tour in 1989 after playing the Asian, Australian, and Canadian Tours. On the PGA Tour I won three times and was an exempt player for 20 consecutive years. I am now an active member of the PGA Tour Champions and I recorded my eighth victory on the senior circuit in 2019. So far, my three biggest thrills in golf were being a part of the victorious 2000 Presidents Cup Team, making a hole in one on number 16 during the final round of the 2004 Masters, and my Mom conceding that I made the right decision after I won my first Champions Tour event...a mere 26 years into my career. As my competitive career winds down I look forward to sharing my experiences with others who aspire to succeed both on and off the course.

CAREER HIGHLIGHTS
