Please note:

1. China Railway provides e-tickets, allowing foreign passengers to check in at manual gates using their passports and e-ticket numbers, eliminating the need for a paper ticket. [However, we highly recommend collecting paper tickets in advance at any train station's ticket counter due to recent system upgrades to avoid potential inconvenience.](#)
2. Errors in your name or passport number may prevent you from boarding the train. [Once the ticket is issued, the passport number or name cannot be modified.](#) If there is a mistake, we can only cancel the ticket for you. However, please be aware that cancellation fees may apply. To minimize any potential loss, please inform us immediately if you notice any errors.
3. For mainland trains, it is recommended to arrive at the station at least **1 hour** before departure. For trains departing from HK West Kowloon, please arrive at least **2.5 hours** prior to departure.
4. If you need to make changes or cancel your ticket, please inform us at least 5 hours before the scheduled departure time. Otherwise, you will have to make the changes or cancellation in person at the train station. For urgent changes or cancellations, please contact us directly via phone. Please read the [China Train Ticket Booking Policy](#) for further information.
